1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(k) Impact of Adoption of Australian Equivalents to International Financial Reporting Standards

The directors of the company are preparing and managing the transition to Australian equivalents to International Financial Reporting Standards (AIFRS) effective for financial reporting periods commencing from 1 January 2005. The adoption of AIFRS will be reflected in the company's financial statements for the year ending 30 June 2006. On first time adoption of AIFRS, comparatives for the financial year ended 30 June 2005 are required to be restated. AIFRS transitional adjustments, if any, will be made retrospectively against retained earnings at July 1 2004.

The directors have assessed the significance of the expected changes and are preparing for their implementation. The directors are of the opinion that there are no key material differences in the company's accounting policies on conversion to AIFRS. Users of the financial statements should, however, note that this assessment could change if there are any amendments to the current AIFRS by standard-setters, or interpretation of the AIFRS requirements changes due to the continuing transition work of the directors.
