PREAMBLE

These Eventing Rules are effective as of 1 January 2019.

The Eventing Rules will be substantively reviewed every four (4) years unless urgent clarifications or modifications are required for risk management purposes.

As of this date, all other texts of the Eventing Rules or amendments to them dated prior to this date are superseded.

Although these Eventing Rules set out the detailed rules of the FEI for international Eventing Competitions, they must be read in conjunction with any other FEI Rules and Regulations, including but not limited to:

- FEI Statutes
- FEI General Regulations
- FEI Dressage Rules
- FEI Jumping Rules
- FEI Veterinary Regulations
- FEI Eventing Memorandum
- FEI Eventing Cross Country Guidelines
- ECDMCR
- ADRHA
- Eventing Guidelines for Use of Tack, Equipment and Dress (FAQ)

- EA Medication Control Program
- EA Hot Weather Policy
- EA National Disciplinary Procedures
- If any complaint is made that any person at any event to which these rules apply has committed or may have committed a breach of these rules or has been guilty of any conduct which has or may have been derogatory to the character or prejudicial to the interests of the EA, such written and signed complaint must be lodged with the Technical Delegate officiating at the event during which the cause of the complaint arose or is alleged to have arisen.
- The Technical Delegate must forward a report to the appropriate EA Branch, Sport Committee and National safety Officer no later than 10 days after the event.
- Any complaint after the event must be lodged with the Secretary General of EA or an EA Branch Manager no more than fourteen (14) days after the incident.

The FEI Jumping and Dressage Rules apply for the Eventing Jumping and Dressage Tests except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping and Dressage Rules during the year will be evaluated for application in Eventing from 1st January the following year.

Every Eventuality cannot be provided for in these Eventing Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Eventing Rules and of the General Regulations. Should there remain any omissions in the Eventing Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Eventing Rules, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the Eventing Rules, in the General Regulations, in the Statutes or in other Rules of the FEI.

Exemptions: No exemptions will be given for any matter pertaining to rules contained in this rule book with the exception of qualification exemptions as outlined in 520.2 and EA 536.5 Practice Restrictions.

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of his Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.

CHAPTER 1 - GENERAL

500 Introduction

500.1 Definition

An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

500.2. Responsibility

500.2.1. Athletes

An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

500.2.2. National Federations

National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

CHAPTER 5 - TECHNICAL REQUIREMENTS FOR PARTICIPATION

516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition. National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI. The Technical Delegate, or his nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

- a) Dressage Test: not more than 45 penalty points (or 55%).
- b) Cross Country Test:
 - a clear round at obstacles (See Art. 520 for exception).
 - not more than 75 seconds exceeding the optimum time in the Cross Country Test for one, two and three star level Competitions and 100 seconds in the case of four star level Competitions.
- c) Jumping Test: not more than 16 penalties at obstacles.

Note 1: All MERs obtained in previous years will be counted according to the rules in place at that time.

518 Minimum Eligibility Requirement Validity period

518.1 Championships

The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

518.2 CIs & CIOs:

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

- a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long format Competition (CCIs-L).
- b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short format Competition (CCIs-S).

519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (National, D, C, B, A) according to their performance in a rolling eight years period as defined in the following table.

WEG and OG to count as 5star level MER towards Athlete categorisation.

D	Fifteen (15) MER at FEI CCI short or long (CCIs) format Competitions of two star level or above; or five (5) MERs at FEI CCI short (CICs) or long format competitions at a higher level
C	Fifteen (15) MER at FEI CCI short or long format Competitions of three star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at a higher level
B	Fifteen (15) MER at FEI CCI short or long format Competitions of four star level or above; or five (5) MERs at FEI long format (CCIs) competitions at five star level.
A	Fifteen (15) MER at FEI CCI short or long format Competitions of four star level or above of which five are at five star level

The Athlete category will be updated according to the performances on 1st July and at the end of each calendar year taking into account the relevant rolling eight years.

EA 519.1 CCN Athletes Categories (previously Establishment)

1*/2*/3*/4* Rider National Establishment

If a rider has 15 MER's at a level, or higher level, over a rolling 8 year period (~~one being a long format~~) and none with XC penalties then this deems the rider established/categorised at that level.

A Rider who has met the FEI requirements, as per FEI categorisation, and is Nationally established/categorised, at a level, is exempted from meeting the AUS NF requirements for the level.

520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions. NFs are required to set national participation requirements as per Art 516 to apply for all categorisations.

Exceptions for MERs:

- a) The 1st activation of a frangible/deformable device (11 penalties) will allow a MER.
- b) When multiple Minimum Eligibility Requirements are required (for CIs and CIOs), one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test (See below for Minimum Eligibility Requirements for Championships & Games)

520.1 Athletes not yet categorised at the level of the Competition

NOTE: NF's have the option to apply to use CNs (National competitions) for qualification purposes only to replace events cancelled due to weather conditions and/or exceptional circumstances.

Targeted CNs are those for which the FEI have received and approved a request from the relevant NF for this specific purpose. MERs obtained at the specific targeted national events will only count for upgrade in the same year and not for Athletes categorisation.

The application must be sent a minimum of 4 weeks before the Event. An FEI 3&4 star Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

522 Reverse Qualification

522.1 Reverse Qualification – Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered

- by two (2) consecutive Cross Country eliminations

or

- a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in an international Competitions.

For this purpose the relevant reasons of elimination on Cross Country would be:

- a) Three (3) refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding

Reverse qualifications remain unless cleared by a MER.

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format). If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition

522.2 Reverse Qualification - Athlete

In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) months rolling period of time his category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.

EA 522.3 CCN Reverse Qualification

- Reverse qualification applies to National levels EvA95, CCN1*-L&S, CCN2*-L&S, CCN3*-L&S, CCN4*-L&S, CCN5*-L&S
- Any MER that is required at the lower level before being allowed to compete again must be obtained as the combination that triggered the reverse qualification. Proof of MERs gained at EvA105 and below in order to cancel a reverse qualification are required to be sent to the state branch/representative by the rider.
- If reverse qualification is triggered by eliminations at CCI2*-L or CCI2*-S the combination will be required to obtain a MER at CCN1*-L or CCN1*-S. Written results and/or report to be forwarded to the FEI Eventing Department

CHAPTER 6 - ATHLETES AND HORSES WELFARE

523 Athletes Welfare

523.1 Medical Information

To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

- a) Providing a valid contact information is mandatory for all Athletes.

The telephone number of an accompanying person/next-of-kin must be provided to the Event secretariat upon arrival (OC and medical officer to ensure all information has been received before the Cross Country)

- b) Declaration of medical condition

Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who choose to wear an armband should download and fill in the form available for this purpose on the FEI's website.

**Medical data carrier (also called 'medical identification tag'): small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wear has an important medical condition.*

Conditions that are relevant include recent head injury, serious past injuries/surgeries, chronic health problems such as diabetes, long-term medications and allergies. If in doubt, the Athlete should discuss this with his own treating physician.

EA National Medical Services

Refer to Annex D-1

523.2 Medical Fitness

If there is any doubt with regard to fitness to compete of an Athlete the Ground Jury, in consultation with the Official Medical Officer, may, at its own discretion, eliminate the Athlete and decide also about his ineligibility to take part in any other Competition at that Event.

Any such elimination must be reported to the FEI through the Technical Delegate report.

523.3 Examination After a Fall

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

523.4 Concussion

When an Athlete has an accident that results in concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

524 Horses Welfare

The FEI Code of Conduct for the Welfare of the Horse should be respected at all times including and not limited to during training, preparation, travel competition, recovery and otherwise.

524.1 Veterinary Examination on Arrival

This takes place on the arrival of Horses at the Event. It is performed by the Veterinary Delegate or their deputy, who must be a qualified veterinarian. The object is to establish: first each Horse's identity, vaccination history, other passport details and second, each Horse's state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform the Chefs d'Equipe and/or the Athletes in advance.

Doubtful cases must be reported to the Ground Jury or Appeal Committee as appropriate, as soon as

practicable and, normally, before the first Horse Inspection.

524.2 Horse Inspections

The Horse Inspections shall be open to viewing by the public.

524.2.1 First Horse Inspection

This takes place before the Dressage Test, not more than 24 hours prior to the beginning of the Dressage test. It is conducted by the Ground Jury and the Veterinary Delegate acting together as an Inspection Panel with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

The Inspection Panel has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In the case that the fitness to compete is questionable the Ground Jury may refer the Horse to the Holding box for examination by the Holding Box Veterinarian.

Should the Athlete decide to present the Horse for Re-inspection, the Holding Box Veterinarian will report any findings to the Inspection Panel prior to the Horse being re-inspected by the committee.

Horses in the Holding Box will be under the supervision and control of a Steward and the Holding Box Veterinarian.

In the Event of equality of votes within the Inspection Panel, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

524.2.2 Second Horse Inspection

This takes place before the Jumping Test. It is conducted by the same Inspection Panel and under the same conditions as the first Horse Inspection.

524.2.3 Option for Horse Inspection at Short Competitions (CIC)

At a short Competition the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse's fitness to compete including a brief trot within the Examination on Arrival pursuant to 523.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

In a short format competition the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

524.3 Horse Welfare During the Competition

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in his opinion, is lame or is unfit to continue.

524.3.1 Cross Country - Warm Up

There will be a veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

524.3.2 Cross Country - Finishing Area

A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

- a) Is fit to return immediately on foot to its own stable.
- b) Should remain for further treatment before returning to its stable.
- c) Should be transported by vehicle either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case of abuse of horse to the Ground Jury and to the Veterinary Delegate.

CHAPTER 6 – ATHLETES AND HORSES WELFARE

An Athlete who has retired, has been eliminated or stopped during the Cross Country Test is responsible to make sure his Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

524.4 Appeal

At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the president must give a reason for the decision.

524.5 Equine Anti-Doping and Controlled Medication Testing

Refer to Veterinary Regulations and EADCMRs.

525 Dangerous Riding

525.1 Definition

Any Athlete who, at any time during the Competition deliberately or unintentionally by incompetence is exposing himself, his Horse or any third party to a higher risk than what is strictly inherent to the nature of the Competition will be considered to have acted dangerously and will be penalised accordingly to the severity of the infringement.

Such acts may include without limitation any of the following:

- a) Riding out of control (Horse clearly not responding to the Athletes restraining or driving aids).
- b) Riding fences too fast or too slow.
- c) Repeatedly standing off fences too far (pushing the Horse to the foot of the fence, firing the Horse to the fence).
- d) Repeatedly being ahead or behind the Horse movement when jumping.
- e) Series of dangerous jumps.
- f) Severe lack of responsiveness from the Horse or the Athlete.
- g) Continuing after three clear refusals, a fall, or any form of elimination in 2* and above will entail a Yellow Warning Card.

g.1) Continuing after four clear refusals or 3 refusals at the same jump, or a fall in CCN1* and below.

- h) Endangering the public in any way (e.g. jumping out of the roped track).
- i) Jumping obstacles not part of the course.
- j) Wilful obstruction of an overtaking Athlete and/or not following the instructions of the Officials causing danger to another Athlete.

Any individual member of the Ground Jury and the Technical Delegate have the right and the duty to monitor possible cases of dangerous riding and, if appropriate and practical, to stop and eliminate an Athlete on the cross country course for dangerous riding.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or/and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

At CNN Events all incidents must be reported to the Technical Delegate.

525.2 Warnings and Penalties

Different cases of dangerous riding will be dealt with one of the following provisions:

- a) Recorded Warning.
- b) Yellow Warning Card.
- c) 25 penalties.
- d) 25 penalties + Yellow Warning Card.
- e) Elimination.
- f) Elimination + Yellow Warning Card.

25 penalties will count as Cross Country obstacles penalties in the results.

Any of the above sanctions applied must always be reported by the Technical Delegate to the FEI and added on the Athlete sanction list.

525.3 Elimination Before Cross Country

As a preventive risk management measure, the Ground Jury, at any time throughout the Competition, has the right and the duty to eliminate an Athlete to prevent him from starting the Cross Country Test, if there is a serious concern regarding his ability to control the Horse in that test.

Any such elimination must be associated with a Recorded Warning or Yellow Warning Card.

526 Abuse of Horse

Where possible the report should be supported by a statement from one or more witnesses.

The Ground Jury must decide if there is a case to be answered.

The Technical Delegate at a CCN must decide if there is a case to be answered

526.2 Warnings and Penalties

Any act or series of actions that in the opinion of the Ground Jury can be defined as abuse of Horse will be dealt with one or more of the following provisions:

- a) Recorded Warning
- b) Yellow Warning Card.
- c) Elimination.
- d) Fine.
- e) Disqualification.

526.3 Use of the Whip

Excessive and/or misuse of the whip maybe considered abuse of Horse and will be reviewed case by case by the Ground Jury according to, but not limited to the following principles:

- b) The whip is not to be used after elimination.
- c) The whip is not to be used after a Horse has jumped the last fence on a course.
- d) The whip is not to be used overhand, (i.e. a whip in the right hand being used on the left flank).
- e) The whip is not to be used on a Horse head.

CHAPTER 6 – ATHLETES AND HORSES WELFARE

- f) The whip is not to be used more than ~~three~~ two times for any one incident.
- g) Multiple excessive uses of a whip between fences
- h) If a Horse skin is broken or has visible marks the use of whip will always be deemed to be excessive.

526.4 Blood on Horses

Blood on Horses must be reviewed case by case by the Ground Jury. Not all cases of blood will lead to elimination.

Dressage Test: If the Ground Jury suspects bleeding on the Horse during the test, he will stop the Horse to check. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test (refer to article 430 of the FEI Dressage Rules).

Cross Country Test: For the Cross Country Test, all blood on the horse, if induced by athlete (spurs, bit, and whip), must be reviewed case by case by the Ground Jury. Non-minor cases of blood will result in Elimination. In minor cases of blood in the mouth, such as where a Horse appears to have bitten its tongue or lip, or fresh bleeding, after investigation in consultation with the Veterinarian, the Ground Jury may authorise the Athlete to continue.

Jumping Test: Horses with blood on the flank(s) and/or bleeding in the mouth will be eliminated. In minor cases of blood, such as where a Horse appears to have bitten its tongue or lip, Officials may authorize the rinsing or wiping of the mouth and allow the Athlete to continue; any further evidence of blood in the mouth will result in Elimination (refer article 241).

For all minor cases (*) of blood induced by the Athlete in the mouth or related to spurs a Recorded Warning will be issued by the Ground Jury after providing the Athlete the opportunity to have a hearing.

(*)The cases indicating Abuse of Horse will be dealt with according to the provision of Art. 526.2

527 Yellow Warning Cards and Recorded Warning

The following actions will automatically result in the following sanction for the Athlete:

- All cases of minor Blood on Horse caused by the Athlete either in the mouth or on flanks from spurs shall be sanctioned by a Recorded Warning as a minimum or by stronger sanction(s) (as provided for under Art. 525.2).
- All cases of excessive use of whip, as defined above, shall automatically be sanctioned with a Yellow Warning Card or by stronger sanction(s) (as provided for under Art. 525.2).
- A Yellow Warning Card will be systematically awarded if the Athlete continues after **clear** 3 refusals, **a fall, or any form of elimination**.
- Should the same Athlete receive more than one Recorded Warning for a case of Athlete induced Blood on a Horse within three years, he will automatically be issued a Yellow Warning Card.”
- Two Recorded Warnings, within a 12 months period, for the same offence, will result in a Yellow Warning Card.

Before issuing a Yellow Warning card or a “Recorded Warning”, the Ground Jury has the duty to hear the Athlete, if available. At any time, the Athlete has the right to seek out the Ground Jury for any explanation related to the Yellow Warning Card.

If after reasonable efforts the Athlete cannot be notified during the Period of the Event that s/he has received a Yellow Warning Card, the Athlete must be notified in writing within fourteen (14) days of the Event.

In the case of a Yellow Warning Card being issued, after the decision of the Ground Jury, a notice stating the name of the Athlete and the reason of the warning **must** be posted on the Official notice board.

Notwithstanding anything to the contrary in the General Regulations, should the same Person Responsible receive one more Yellow Warning Card at the same or any other international Event within one year of the delivery of the first Yellow Warning Card **for the same offence**, the Person Responsible shall automatically be suspended for a period of **four** months after official notification from FEI Secretary General.

EA 527.1 CCN Yellow Warning Cards

A Yellow Warning Card or Recorded Warning may be issued by an EA Official (Technical Delegate, a member of the Ground Jury or Chief Steward) for offences of a less serious nature at EA Events.

While it is clearly not possible for an EA Official to witness all that occurs at an event, he or she should satisfy themselves that such an offence has, in all likelihood, occurred in the fashion reported to him or her.

In the case of a Yellow Warning Card, or Recorded Warning being awarded by an EA Official, he or she should ideally deliver it personally to the Rider, together with an explanation as to why it is being issued and the possible consequences of any further offences being committed.

Warnings will ideally be delivered personally to the rider with an explanation as to why it is being issued and the possible consequences of any further offences being committed.

In the case of riders under the age of 18 years, a Parent/Guardian must be present when personally delivering the Yellow Warning Card or Recorded Warning.

All Yellow Warning Cards and Recorded Warnings must be posted on the Official notice board even if personally delivered. If it is not possible to deliver the Yellow Warning Card or Official Warning personally it must still be posted on the official notice board.

The EA Official will advise their State Branch and or State Eventing Committee of the issue of ALL Yellow Warning Cards, or Recorded Warnings and the reasons for the issue within 48 hours of the event.

The State Branch of the EA and or the State Eventing Committee, shall as soon as possible advise the National Office, who will arrange for the Yellow Warning Card issue or Recorded Warning to be entered into a National Database and will place the notice on the EA National Website.

The name of the official giving the Warning or the Yellow Card and their jurisdiction at the event (eg TD, Chief Steward) should be listed on the National Database, alongside the reason for the decision.

A rider receiving Two Yellow Warning Cards within a 12-month period for the same offence, will incur an automatic disqualification from competition for four months, from the date of the second offence. There will be no right of appeal. Yellow Warning Cards received at both International and National events will be taken into account.

529 Declaration of Starters

The declaration of starters will take place at a time to be announced by the Organising Committee. It will be after Athletes have inspected the Cross Country and after the first Horse Inspection.

If there is only an individual classification, the Organising Committee may announce that presentation at the first Horse Inspection will be assumed to be a declaration to start.

If there is a team classification, the Chefs d'Equipe must declare, in writing, the composition of the team, the starting order of the Athletes within the team and, in the case of a team with three members, which starting

position shall remain vacant.

If an Athlete has presented at the first Horse Inspection more Horses than he is allowed to ride, he, or his Chef d'Equipe where applicable, must declare in writing the names of the Horse or Horses definitely starting.

If for the same level there are two or more sections the Athletes with more than one Horse have the right to have their Horses split between sections. The procedure by which Athletes are divided between sections must be specified in the Schedule.

531.2 CIs

If there is only an Individual Competition, the draw will be conducted by the Organising Committee and will decide the starting order published in the programme.

531.3 CIOs and Championships

If there is a Team and an Individual Classification the draw will take place to determine the order of countries for the first and second Horse Inspection. This order is also the team running order for the Dressage and Cross Country Tests.

This draw will take place prior to the first Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d'Equipe. All countries participating in the Competition, whether by teams or individuals, will be included in this draw.

532 Allocation of Starting Positions (CIOs and Championships)

If there is a Team and an Individual Classification the allocation of the starting positions for all Athletes in the Competition will be made after the first Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d'Equipe, according to the following method.

The Chef d'Equipe of a team with only three members must declare which starting position shall remain vacant.

532.2 Individuals Positions

The individuals positions will then be determined as follows:

- a) Athletes with one Horse in the Team Competition, second Horses will be placed by the Chefs d'Equipe in any of the remaining unallocated starting places of Block G, free choice in sequence according to the draw of countries (art. 530.3).
- b) Athletes with two Horses in the Individual Competition will be placed by Chefs d'Equipe in any of the remaining unallocated starting places of Block B and G, free choice in sequence according to the draw of countries (art. 530.3). - b) May be run in reverse order of classification for the best 25 percent of competitors. The same draw starting order of the Dressage and Jumping Tests will be followed for the remaining competitors.

If two Horses ridden by the same Athlete are classified too close to each other, the starting order of the lower placed one must be adjusted.

533.2.3 Athletes with multiple rides

CHAPTER 8 - DRESSAGE TEST**542 FEI Dressage Rules**

The FEI Dressage Rules apply for the Eventing Dressage Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Dressage Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

543 Administration**543.1 Type and level of Test**

The type and level of the test will be determined by the type and level of the Competition and will, therefore, be related to the quality and the standard of preparation of the Athletes and Horses.

543.1.1 CIs and CIOs

Organising Committees are free to select the specific test to be used within the one shown in Dressage Annex table Dressage Tests according to the level of the Competitions.

543.1.2 Championships and Games

For all Championships and Games the "B" test will be used unless specified differently by the FEI.

543.2 Number of Tests to be judged by day

The Organising Committee may include a maximum of fifty (50) Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum ten (10) percent, if agreed by the Technical Delegate and the President of the Ground Jury.

EA 543.2 Number of tests to be Judged CCN

The Organising Committee, as a general guide, may include a maximum of 40 horses per day. Organising Committees are advised to inform Judges, prior to the competition, if it is likely that more than 30 horses will be in a class.

543.3 Judges Positions

Two of the three Judges must be placed along the short side, on the outside of and five metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two point fifty metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five to ten metres from the arena. The three positions shall be either C,H,B or C,M,E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than fifty (50) centimetres above the ground, in order to give the Judges a good view of the arena.

544 Scoring**544.1 Marking****544.1.1 Good Marks**

Judges will award good marks from zero to ten (10) including half marks for each numbered movement and for each of the collective marks.

544.1.2

For 4* Championships and higher level Events, if the score only of the flying changes varies by 3 points or more from the average of the scores of the other judges for the same movement, the Ground Jury must review the official video after the Dressage test on the same day. Corrections must only be made to the flying change, based on the average of the other two scores.

544.2 Calculation of Scores 544.2.1 Good Marks & Errors

The good marks from zero to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the collective marks are added together deducting any error of course or test.

544.2.2 Judges Percentages

For each Judge the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks and errors of the Judge by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge. Rounding the result to two decimals includes any score of "x.xx5" and above is round up and any score less than "x.xx5" is rounded down.

544.2.3 Athletes Percentage

Athlete's percentage is calculated on the average good marks and errors obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

544.2.4 Penalty Points

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal includes any score of "x.x5" and above is round up and any score less than "x.x5" is rounded down.

Note: The Eventing Rules will not line up with the Dressage modifications, and maintains the 2015 ruling on error penalties for the Eventing Dressage Test.

1st time	Two (2) points
2nd time	Four (4) points
3rd time	Elimination
Other errors:	Two (2) points per error to be deducted

Other errors: see Annex A Dressage

544.2.1 Overall Impression of Athlete and Horse Mark

In all Eventing Dressage Tests, one overall mark will be awarded for the Overall Impression of Athlete and Horse with a double coefficient.

CHAPTER 9 - CROSS COUNTRY TEST

545 Rules Governing the Cross Country Test

545.1 Starting

545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time he is due to start, but it is the Athlete's responsibility to ensure that he is ready to start at the correct time.

545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately five meters per five meters will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as he pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

545.2 Optimum Time and Timing

545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with art. 547.2 up to the time limit.

The time limit is twice the optimum time.

545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment he crosses the starting line which ever happens first to the moment he crosses the finishing line.

If an Athlete is stopped by an Official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which he is prevented from continuing until he is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in art. 549.4

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in art. 549.4 and 549.2

545.4 Pace and Dismounting

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace.

Athletes may voluntarily dismount without incurring elimination according to art. 549.5.1 to check on Horse, adjust saddlery or equipment, or when held on course.

545.5 Overtaking

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way.

Any Athlete overtaking another Athlete must do so only at a safe and suitable place.

When the leading Athlete is before an obstacle and about to be overtaken, he must follow the directions of the Officials.

When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

545.6 Athlete in Difficulty

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated.

The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

545.7 Stopping Athletes

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted.

In such a case, an Official should be posted in the path of the oncoming Athlete. He shall wave a red flag, which indicates that the Athlete must stop.

Failure to stop is penalised by elimination at the discretion of the Ground Jury.

The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at his own obstacle.

Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

545.7.1 Timing

The time during which the Athlete was stopped, from the moment he passed the timing point until he passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course.

It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after he halts nor after a start from the halt.

545.8 Leaving the Course After Elimination

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk his Horse off the course, either mounted or dismounted.

Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art. 524 (Dangerous Riding).

546 Courses

546.1 Marking

546.1.1 Red or White Boundary Flags

Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on his right and a white flag on his left.

546.1.2 Numbers and Letters

Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 546.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

546.1.3 Start and Finish Signs

In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

EA 546.1.4 CCN/CNC Colour Indicator Codes

- For the convenience of athletes when they are inspecting the course, colour indicators are used to mark the obstacles for the different classes.

Indicators are:

PALE BLUE	-	CCN4*-S
GREEN	-	CCN3*-S
YELLOW	-	CCN2*-S
PINK	-	CCN1*-S (Black numbers recommended on Pink)
RED or GREY	-	CCN EvA95 (White numbers on Red recommended if using Red)
• WHITE	-	CCN EvA80

546.2 Distances and Speeds

The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex B table Distances must be approved by the Eventing Committee, except as provided for in Art. 536.2.

NOTE: The changes to the required distances are recommended for 2013 and will be compulsory from 1st January 2014.

546.3 Finishing Lines

The last obstacle of Cross Country shall be not less than 20 metres and no more than 50 metres from the finishing line.

546.4 Course Plans

Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

- The position of the start and finish
- The numbered obstacles and compulsory passages
- The distance
- The optimum time and time limit

547 Obstacles**547.1 Definition**

An obstacle is considered as such if and only if its extremities are marked with a red and white flag or flags and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

547.2 Type of Obstacles**547.2.1 General**

The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

547.2.2 Construction

The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

547.2.3 Brush

Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

547.2.4 Frangible/Deformable Obstacles

Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable cross country fences. A list of approved technologies is published on the FEI website.

EA 547.2.4. Frangible/Deformable Obstacles

In 2*/3*/4*/5* courses whether for national or FEI competition in Australia, all fences that can be fitted with frangible devices **MUST** be fitted with frangible devices. These include all open corners, open oxers, verticals or near verticals with open rails, top rail on triple bars and gates where the rail dimensions and weight fit the acceptable parameters of an approved frangible device.

547.2.5 Water Crossings

In all water crossings the bottom should be firm and consistent.

547.3 Dimensions

The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

Obstacles must comply with the permitted fence dimensions as per Annex B at the time of the approval by the Ground Jury (in case of change of ground conditions).

547.3.1 Fixed Part

The fixed and solid part of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

547.3.2 Brush

The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

547.3.3 Water

At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

547.3.4 Obstacles with Spread Only

At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

547.3.5 Drops

At 1 star level, no drops over 160 centimetres are permitted. At 2, 3 & 4 star level drops with a flat landing exceeding 160 centimetres are limited to two.

547.4 Measurement**547.4.1 Height**

The height of an obstacle is measured from the point where the average Horse would take off.

547.4.2 Spread

The spread of an open obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle on the line where the average Horse is expected to jump. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point on the line where the average Horse is expected to jump.

547.4.3 Drop

The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

547.4.4 Natural Obstacles

When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

547.5 Obstacles with Elements and/or Options**547.5.1 Obstacles Composed of Several Elements**

If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

547.5.2 Obstacles with Alternatives

Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

547.5.3 Black Flagged Alternatives

Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case, both sets of flags must be marked with a black line.

547.6 Number of Jumping Efforts

The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances.

The efforts to be counted are the efforts on the route expected to be taken by the average Horse.

548 Scoring**548.1 Faults at Obstacles**

Fault	Penalty
First refusal, run-out or circle	20 penalties
Second refusal, run-out or circle at the same obstacle	40 penalties
Third refusal, run-out or circle on XC Course (4*, 3*, 2*)	elimination
Third refusal, run out or circle at the same obstacle (all classes)	elimination
Fourth refusal, run-out or circle on XC Course for (CCN1*, 95, 80)	elimination
Fall of Athlete or Horse on Cross Country Course	elimination
Breaking a frangible obstacle/device	11 penalties ^{1*}
Dangerous Riding	25 penalties
Missing a flag as per art. 549.2	15 penalties

In line with the GRs (Art 159), there will be no Appeal against a decision of the Ground Jury arising from the field of play, where the Decision is based on factual observation of the performance during a competition.

In this case a detailed report explaining the reasons for removing the penalty must be produced by the Course Designer/Technical Delegate and signed by the President of the Ground Jury must be returned to the FEI.

Evidence: Only official video recording can be used as evidence. Officials will clarify before start of Cross Country and inform Chefs d'Equipe/riders at meeting/briefing which video recording will represent the official view, to avoid any misunderstanding.

548.2 Time Faults

Fault	Penalty
Exceeding optimum time	zero point four (0.4) penalty per commenced second
Exceeding time limit	elimination

EA 548.2 Time Faults

Completing cross-country course more than 20 seconds <u>under</u> optimum time for CCN3*, CCN2*, CCN1*, EvA95, EvA80	zero point four (0.4) penalty per commenced second
--	--

548.3 Additional Reasons for Elimination

548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

- a) Competing with improper saddlery (art. 539).
- b) Error of course not rectified (art. 545.3).
- c) Omission of obstacle or compulsory passage (art. 545.3).
- d) Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (art. 545.3).
- e) Jumping an obstacle in the wrong direction (art. 545.3).
- f) Retaking an obstacle already jumped (art. 545.3).
- g) Athlete in difficulty (art. 545.6).

548.3.2 Ground Jury Discretion

Elimination is left to the discretion of the Ground Jury in the following cases:

- h) Dangerous riding (art.525).
- i) Abuse of Horse (art. 526).
- j) Deliberately starting before being given the signal to start (art.545.1.1).
- k) Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (art. 538.1.1).
- l) Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (art. 525).
- m) Causing danger to another Athlete while overtaking that Athlete (art. 525)
- n) Failure to stop when signalled (art. 545.7).
- o) Unauthorised assistance (art.540).

549 Definition of Faults

The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

In the case of black flag alternatives only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty from one black flagged line to another (e.g jumping 6a left hand route than 6b right hand route) provided he has not presented his Horse at the next element of the original line.

In the case of black flags alternatives the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

549.1 Refusal

549.1.1 Obstacles With Height

At obstacles or elements with height (i.e. exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

549.1.2 Obstacles Without Height

At all other obstacles (i.e. 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

549.1.3 Multiple Refusals

After a refusal, if an Athlete redoubles or changes his efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

549.2 Run out – missing a flag

- a) Run-Out: Horse is considered to have run out (20 penalties) if, having been presented at an element or obstacle on the course, it avoids it in such a way that the body of the Horse (head, neck, shoulders and pelvis – legs are not included) fail to pass between the extremities of the element or obstacle as originally flagged. Continuing on course without representing will incur elimination.
- b) Missing a flag: A Horse is considered to have missed a flag (15 penalties) if the Horse jumps the dimension of the obstacle and the majority of the Horse's body (as defined above) passes through the flags. This means that some part of the body is not inside the flags (e.g. one shoulder, or one shoulder and part of one hip).
- c) The Horse will have successfully negotiated the fence, if the body of the Horse (as defined above) has passed the fence as originally flagged (i.e. the body but not all the legs are inside the flag is considered clear).

549.2.1 Change of Intention

An Athlete is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, he will be considered to have run out.

549.2.2 Judging of Bounce Obstacles

At any obstacle where the distance between elements is 5 meters or less (i.e. a "bounce"), when a Horse has negotiated the first element without penalty, he will be deemed to have been presented at the second element and similarly if the "bounce" is for example the second and third elements of a combination. Thus if an Athlete "changes his mind" while negotiating the first element of a "bounce" and, for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

549.3 Circle

549.3.1 Separately Numbered Obstacles

At separately numbered obstacles, an Athlete may circle or cross his tracks between or around them without penalty provided he has not presented his Horse at the second or subsequent obstacles.

549.3.2 Obstacles Composed of Several Elements

At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised once it has jumped the first element and before it has jumped the last element if:

- a) It passes around the back of any element of the lettered combination that it subsequently jumps.
- b) It crosses its tracks between the elements.

549.4 Representing After a Disobedience

After being penalised for a refusal, run-out or circle, an Athlete, in order to make another attempt, is permitted to circle one or more times without penalty, until he again presents his Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, he is permitted to retake any elements already jumped, although he is liable to be penalised for any fault even if he has previously jumped an element successfully.

If after a refusal, run-out or circle, he wishes to pass through flags in the wrong direction in order to retake an element, he may do so without penalty.

549.5 Fall

549.5.1 Athlete

An Athlete is considered to have fallen when he is separated from his Horse in such a way as to necessitate remounting.

549.5.2 Horse

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

CHAPTER 10 - JUMPING TEST**550 FEI Jumping Rules**

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

551 Object

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that, the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

552 Course and Obstacles

Within the limits shown in Jumping Annex C, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex C. At least two thirds shall be of maximum height for the level offered.

A tolerance of five centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

552.1 Type of Obstacles

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

553 Scoring**553.1 Faults at Obstacles**

Fault	Penalty
Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties
Second run-out, refusal or unauthorised circle in the whole test (CCI/CCN 5*,4*,3*, 2* & CCI1*)	elimination
Fall of Athlete or Horse (All classes)	elimination

EA 553.1.1 Faults at Obstacles CCN1*, 95, 80

Second run-out, refusal or unauthorised circle in the whole test (CCN1*, 95, 80)	8 penalties
Third run-out, refusal or unauthorised circle in the whole test (CCN1*, 95, 80)	elimination
First fall of Athlete or Horse (EvA105, 95, 80)	elimination

553.2 Time Faults

The length of the course and the speed demanded determine the time allowed.

Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is. Athletes are penalized with 0.4 penalty per commenced second. Exceeding the time limit involves elimination.

Annex A Dressage – Annexes

Note: For Eventing, the bits permitted for the Dressage test have been reformulated to take into account the wide use of snaffles in Eventing (different to the Dressage Rules) as well as defining the action.

Any approved mouthpiece may be combined with any approved cheek piece.

1 Permitted Bits for the Dressage Test

1.1 Action of Bits

- a) Snaffle bits work on the corners, tongue and bars of the mouth depending on their shape and the rein effect produced by the Athlete
- b) Single jointed bits may also work on the roof of the mouth if not fitted and used correctly.
- c) Straight bar snaffles cause more tongue pressure
- d) Double jointed snaffles conform to the shape of the mouth and tongue creating more even pressure
- e) Rounded or moving centrepieces encourage movement of the tongue and salivation
- f) Curved mouthpieces with joints and Mullen mouth bits conform to the shape of the tongue and mouth.
- g) Cheek Pieces
- h) Full cheek, egg butt and D ring snaffles are more stable and also work on the sides of the mouth
- i) Loose ring snaffles have a more moveable mouthpiece to encourage mouthing of the bit and salivation
- j) Hanging cheek snaffles have a slight leverage action and work more on the corners of the mouth and poll

1.2 Material:

- a) Durable enough to be safe
- b) Must keep smooth and solid surface, not to be altered by the chewing of the horse in order to prevent horse from injuries
- c) Not health-damaging
- d) Snaffles: can be made of metal, flexible rubber or synthetic, or plastic or leather material, and may be covered with rubber/latex.
- e) Bridoon and curb: must be made of metal and/or rigid plastic and may be covered with rubber/latex.

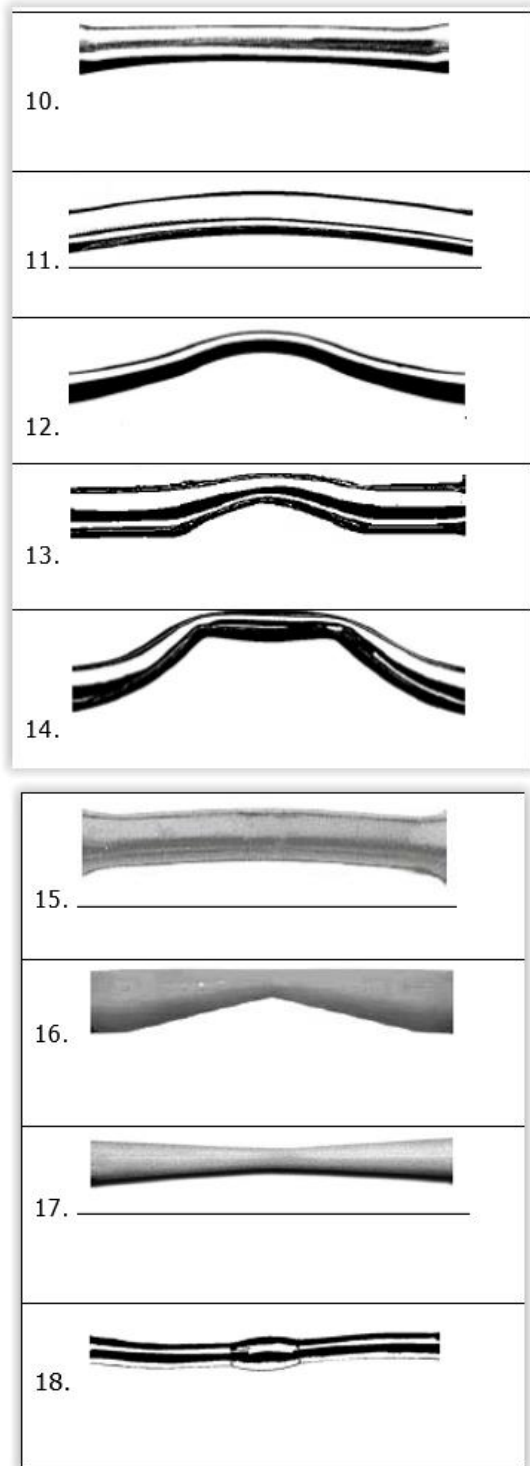

1.3 Permitted Snaffles (see diagrams)

- a) May have one or two joints
- b) May be double-jointed with rounded or rotating mouthpiece allowing for better fit and comfort.
- c) May have a slightly curved port, allowing more room for the tongue. The maximum height is 30mm from the lower part of the side of the tongue to the highest point of the deviation.
- d) A coupling is permitted as the centre link and must be solid with no moveable parts other than a roller.
- e) The centre link must be smooth and rounded
- f) The diameter of the mouthpiece must be a minimum of 14mm for Horses and 10mm for Ponies at the rings or cheeks.

1.4 Illegal Bits

- a) Snaffles with a control plate (i.e Dr Bristol: if put incorrectly the edge of the plate causes excess pressure on tongue).
- b) Any single or double jointed cable bits (may cause pinching of the tongue or cheeks)
- c) Bits which place mechanical restraint on tongue (large immovable centre link causes excessive pressure on tongue)

1.5 Permitted Mouthpieces

1.6 Permitted Cheek pieces:

<p>1. Loose Ring </p>	<p>7. D-Ring </p>
<p>2. </p>	<p>8. D-Ring </p>

Permitted Nosebands for the Dressage Test

All Nosebands must be correctly fitted, and cannot be so tight to cause unnecessary discomfort to the Horse, ref. Code of Conduct

1) Cavesson

2) Crossed noseband

3) Dropped noseband

4) Flash noseband

5) Micklem Bridle

6) Stotztem (combined noseband – no throat lash)

EA Dressage Judges CCN

- At **CCN-L** competitions a formal Ground Jury will be appointed with similar to FEI duties
- At **CCN-S** competitions there will be **no** formal Ground Jury.
- Judges will be appointed to mark the Dressage Test
- A Technical Delegate (TD) is always present and is available to Judges at all times during the Event to assist with rule clarification. Judges should make sure they know who the TD is on the day and have radio contact with the TD.
- At **CCN-S** the Judges are only responsible for the Dressage phase in conjunction with the Technical Delegate.
- The Judge must report to the Technical Delegate any case of abuse of horse or lameness.
- Judges are to be aware of the FEI Eventing Dressage Rules
- In exceptional circumstances the Technical Delegate may authorise the use of only one judge.
- Overseas National Judges, certified by their National Federation to be of a particular level of qualification, may also be used.

Number of Tests to be judged per day for CCN-S

The Organising Committee, as a general guide, may include a maximum of 40 horses per day. Organising Committees are advised to inform Judges, prior to the competition, if it is likely that more than 30 horses will be in a class.

Arenas

Dressage tests should be conducted in a 20 m x 60 m arena. When there are a large number of entries and/or limited areas available, organisers may conduct tests in a 20 m x 40 m arena, up to and including CNC* level.

Construction of Arenas: Arenas must be as safe as possible. Examples of arena construction include plastic chain (with intermittent breaks), plastic pipes, ground markings, and painted 10cm x 2.5cm wooden boards placed on the ground at corners and markers.

Rope and steel pegs are not acceptable.

When there is one judge only, they will be positioned at C.

EA 538.2.1 CCN1* & below Eventing Dressage Rules

Gloves are optional at CCN1* and levels below.

CCN1* and below. Only a snaffle bridle is allowed

- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A will incur elimination if the arena is fully enclosed to the recommended minimum height of 30cms and the gate at A has been closed.
- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A will be awarded an error of course for the movement if the surrounds are not at least 30cms in height or if the arena has intermittent boards or line marking.
- If the arena is 30cms or over, a horse leaving the arena anywhere, other than through an open gate will be eliminated.
- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A, through the gate at A will be awarded an error of course for the movement if the gate has not been closed.

When a horse makes such an "error of course" by leaving the arena with all four feet between the time of entry at A and the time of exit at A, the judge at C warns him, by sounding the bell. The President then directs him to re-enter the arena at the nearest practical place, then shows him, if necessary.

- Half marks will be used in all Eventing Dressage
- Carrying Whips around arena -2
- Carrying whip in the arena -2 (judge must ring the bell and ask rider to drop whip as soon as soon as noticed)
- Incorrect dress or saddlery -2 (see below)
- Ear Hoods – permitted for all Events and may also provide noise reduction. However, ear hoods must not cover the Horse's eyes and ear plugs are not permitted
- Falls in dressage arena (elimination)
- Lameness (Ask TD to organise a vet to check the horse before jumping phases rather than eliminate unless obviously uncomfortable and MARKEDLY lame)
- Blood on horses see rule 526.4
- Spurs are optional for all tests and levels

Error of course and Other penalties

When an Athlete makes an "error of course" (takes the wrong turn, omits a movement, etc.) the Judge at C warns him, by sounding the bell. The Judge at C shows him, if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by himself. However, in some cases when, although the Athlete makes an "error of course", the sounding of the bell would unnecessarily impede the fluency of the performance for instance if the Athlete makes a transition from medium trot to collected walk at V instead of at K, or, cantering up the centre line from A, makes a pirouette at D instead of at L -it is up to the Judge at C to decide whether to sound the bell or not. However, if the bell is not sounded at an error of course and the test requires the same movement to be repeated and the Athlete again makes the same error, the Athlete is only penalised once.

The decision as to whether or not an error of course has been made will be at the sole discretion of the Judge at C. The other Judges' scores will be adapted accordingly

Error of test/execution.

When an Athlete makes an "error of the execution of the test" (trots rising instead of sitting, at the salute does not take the reins in one hand, etc.) he must be penalised as for an "error of course". In principle an Athlete is not allowed to repeat a movement of the test unless the Judge at C decides on an error of course (sounds the bell). If, however, the Athlete has started the execution of a movement and attempts to do the same movement again, the Judges must consider the first movement shown only and at the same time, penalise for an error of course.

Unnoticed error.

If the Ground Jury has not noted an error, the Athlete has the benefit of the doubt and will therefore not be penalised for the error.

Penalties. "Error of Course".

Every "error of course", whether the bell is sounded or not, must be penalised, except as noted above.

First error Two (2) points from the total score.

Second error Four (4) points.

Third error Elimination.

Other Errors Penalties

All of the following are considered errors faults, and two (2) points will be deducted per errors fault,, but they are not cumulative and will not result in Elimination (including for Freestyle tests):

Entering the space around the arena with whip or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves) and/or;

-Entering the Dressage arena with whip or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves) If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if needed and possible, an assistant may enter the arena to remove the item(s). The Athlete then continues the test, either starting from the beginning (from the inside of the fence) or from the movement where he was stopped. The marks given before he was stopped are not changed;

-Entering the arena before the sound of the bell;

-Not entering the arena within forty five (45) seconds after the bell, but within ninety (90) seconds;

- Athletes not taking the reins in one (1) hand at the salute

In arenas less than 2300 square metres the maximum speed for any level shall be 325/min.

The plan of the course, which must be posted before the jumping commences, must show:

- position of starting and finishing lines;
- relative position of obstacles;
- type of obstacles (oxer, vertical, triple bar) and numbers;
- the track to be followed marked by a series of arrows showing the direction in which each obstacle must be jumped;
- alternative obstacles;
- length of the course;
- speed;
- Time allowed and time limit;
- any decisions made by the Technical Delegate with regard to the course.

Before the commencement of each class, a break of 10 minutes minimum should be allowed for athletes to walk the course.

Starting and Finishing Lines

The starting and finishing lines may not be more than 15m or less than 6 m from the first and last obstacle. These two lines must each be marked with an entirely red flag on the right and an entirely white flag on the left.

Time of the Round

The time of the round is the time taken by an athlete to complete the round, plus time corrections. After the bell has been rung to signal permission to start, the athlete should cross the starting line within a 45 seconds countdown, after which his time will start. The athlete must not start before the signal has been given. It extends to the moment that the mounted athlete crosses the finishing line having jumped the last obstacle. Both these lines must be crossed in the direction indicated on the plan.

Time Faults

- The length of the course and the speed demanded determine the time allowed.
- Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalised by 0.4 ~~one penalty~~ for each second or part of a second in excess of the time allowed up to the time limit which is twice the time allowed.
- Exceeding the time limit results in elimination.

Time Corrections**Knock-down with Disobedience**

1.1 If as a result of a disobedience, an athlete displaces or knocks down an obstacle, the bell is rung. The clock is stopped until the obstacle has been rebuilt. The athlete will be penalised for a refusal and 6 seconds will be added to the time taken by the athlete to complete his test.

1.2 If an athlete displaces or knocks down one of the elements of a combination and refuses or runs out at one of the subsequent elements, the bell is rung. The clock will be stopped as for an obstacle knocked down following a disobedience. The penalties for the disobedience and the addition of 6 seconds must be applied.

Knock- down & Fall - Falls at all levels incurs elimination.

Reasons for Elimination - Jumping**Statutory elimination by the Showjumping Judge:**

- jumping or attempting to jump an obstacle in the arena before the start of the test;
- starting before the signal is given and jumping the first obstacle of the course;
- a horse resisting for 45 consecutive seconds during the test

Resistance includes:

- taking more than 45 seconds to jump a single obstacle or the first part of a combination and resistance continuously for 45 seconds during the test).
- omitting to cross the starting line and/or finishing line between the flags;
- jumping an obstacle that does not form part of the course during the test;
- omitting to jump an obstacle of the course;
- jumping an obstacle in the wrong order;
- jumping an obstacle in the wrong direction;
- jumping or attempting to jump an obstacle after an interruption without waiting for the bell;
- not jumping all the fences in a combination again after a disobedience;
- not crossing the finishing line mounted before leaving the arena;
- a loose horse leaving the arena before the end of the Test, including before starting, provided the arena is correctly closed in accordance with the rules;
- accepting, while mounted, any object whatsoever during the test, except headgear and/or spectacles;
- error of course not rectified;
- competing with improper saddlery, or with a whip exceeding 75 cm;
- exceeding the time limit;
- second runout or refusal (**/**/* events);
- third runout or refusal (EvA105 and below events);
- failure to re-attempt an obstacle after a run-out or refusal;
- first fall of rider
- first fall of horse

Discretionary elimination by the Showjumping Judge:

- not entering the arena when the athlete's number is called;
- entering the arena unmounted or leaving the arena unmounted;
- all unauthorised assistance;
- not stopping when the bell is rung during the test;
- jumping or attempting to jump an obstacle without headgear or with an unfastened retention harness.

2. Neither end of cross pole supported by standard cup or fitting
3. Top end of sloping pole higher than horizontal pole.
4. Pole on ground forming false ground line.
5. Front element higher than rear element.
6. Neither end of sloping poles supported by standard cup or fitting
7. Top end of sloping poles higher than horizontal pole and not supported by standard cup or fitting.

Annex D Medical Services

Recommendations for Medical Services at FEI Competitions

1 Medical Attendance at Event

The on-site provision of medical care must be available during the hours of the Competition and must include the training areas, stables and on-site accommodation.

First aid must also be provided for spectators during the hours of Competition.

A qualified physician with Advanced Trauma Life Support certification ("ATLS"), a paramedic with Pre-Hospital Trauma Life Support (PHTLS) or International Trauma Life Support ("ITLS") certification, or a nurse with Trauma Nurse Core Curriculum ("TNCC") or the equivalent of any of the above in the country in which the Event takes place (hereinafter a "Pre-Hospital Trauma Care Specialist") must have credentials allowing access to the entire facility at all times including the stable area and finish area during Competition.

2 Chief Medical Officer

A Chief Medical Officer, suitably experienced and with local knowledge must be appointed well in advance, to act in liaison with the Organising Committee and the emergency services for the adequate provision of medical resources.

A meeting of medical officers or delegates should be held at the Cross Country venue to familiarise them with the Event plan and services available by the host physicians or the Pre-Hospital Trauma Care Specialist in case of emergency.

A list of phone numbers of medical officers for each team should be obtained at every Competition.

For teams with no physician, the physiotherapist, or trainer, or lay person designated as a contact in the Event of a medical emergency should give a contact phone number to the host physicians or the Pre-Hospital Trauma Care Specialist.

3 Cross Country and Jumping Test

During the Cross Country and Jumping Test, a fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site and must have the capability of rapid deployment to any part of the arena or course in adverse conditions.

Radio communication must be made available to alert the emergency services and a telephone line or cell phone must be reserved for immediate communication with the designated accident and emergency hospital.

The Cross Country Test will require Pre-Hospital Trauma Care Specialist. The required number will depend on the layout of the courses and the accessibility of the site. However, there must be at least one Pre-Hospital Trauma Care Specialist present throughout all the tests.

A Medical Centre or ambulance should be established on site during Competition hours for the treatment of minor ailments and for the observation and initial treatment of serious injuries or illness.

Rapid routes for access and departure must be prepared and safeguarded for the expeditious transfer of the seriously injured to the hospital.

Depending on the access to the site and the distance to hospital, helicopter evacuation may be required. A suitable landing area should be provided for the helicopter ambulance.

If an Athlete falls at a Competition, he will not be allowed to continue without a medical assessment, even if the Athlete has no obvious injury. Frustrated Athletes who fall and then refuse medical attention create an issue for the host medical service providers.

Athletes have the right to refuse treatment, but not the right to compete with injuries that may be undetected.

EA Annex D.1 EA CNC/CCN Medical and Veterinary Services**1. MEDICAL**

- A first aid service must be present at all times.
- Emergency vehicles must be able to access all parts of the venue.

Cross Country Test

- An ambulance (or paramedic equivalent) **MUST** be present during the cross-country test.
- A Doctor **SHOULD** be present during the cross-country tests.
- If the ambulance (or paramedic equivalent) is not on the ground, then the event must be halted.

Jumping Test

- A Doctor (with an appropriately equipped first aid service) and/or a fully equipped emergency ambulance (or paramedic equivalent) should be present during the jumping test.
The EA Branch or its representative (i.e. the Technical Delegate) may vary these requirements in exceptional circumstances.

2. VETERINARY

- A Veterinary Surgeon must be present during the jumping and cross-country tests.
- A Veterinary Surgeon must be available on call for the duration of the event.
- The EA Branch or its representative (e.g. the Technical Delegate) may vary these requirements in exceptional circumstances.
- Should there be no Veterinary Surgeon present, all athletes should be informed before they compete.
- *Destruction of Severely Injured Horses*
If a horse is so severely injured that on humanitarian grounds it ought to be destroyed, the following procedure will apply:
 - If the owner or his authorised representative is present, his agreement will first be obtained by the official Veterinary Surgeon.
 - If the owner or his representative is not available, the Technical Delegate, acting on the advice of the official Veterinary Surgeon, may order the destruction of the horse.

Communication

Organisers must arrange adequate communication involving all emergency services and key officials.

Athlete Fitness & Medical card

To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

- providing a valid contact information is mandatory for all Athletes – the telephone number of an accompanying person/next-of-kin must be provided to the Event Secretariat upon arrival (OC and medical officer to ensure all information has been received before the Cross-Country)
- Declaration of medical condition – Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who choose to wear an armband should download and fill in the form available for this purpose on EA's website.

* *Medical data carrier (also called medical identification tag): small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wearer has an important medical condition.*

Conditions that are relevant include recent head injury, serious past injuries/surgeries, chronic health problems such as diabetes, long term medications and allergies. If in doubt, the Athlete should discuss this with their own treating physician.

Examination after a fall - Medical Fitness

If there is any doubt in regard to fitness to compete the Ground Jury or Technical Delegate may eliminate the athlete at its discretion.

A veterinarian and/or an Official Medical Officer as appropriate should examine all horses and athletes that have a fall during training or competition before they either take part in another test, event or leave the competition site.

Control of Medication of Horses and Athletes

The Control of Medication of Horses must be conducted in accordance with the FEI General Regulations and FEI Veterinary Regulations, and the Equestrian Australia National Medication Control Policy and EADMC Rules.

The Control of Medication of Athletes must be conducted in accordance with the FEI General Regulations Article 145, the Australian Sports Doping Agency (ASDA) and the World Anti Doping Agency (WADA).

Athletes are responsible for knowing what constitutes an anti-doping violation and the substances and methods which have been included on the prohibited list.

Athletes may be required to complete and submit a Therapeutic Use Exemption (TUE) application before participating in events. Some substances included in the list of prohibited substances are used to treat medical conditions frequently encountered. For these substances no TUE is required, instead a Declaration of Use (DoU) must be submitted by the athlete.

EA Annex D.2 Guidelines for Medical Coverage at Events

Purpose: The intention of these guidelines is to assist organising committees and technical officials as to the provision of medical care at eventing competitions consistent with the rules for eventing.

Where a conflict exists between the rules and the guidelines the provisions of the rules shall prevail.

1) Concussion Protocol

In the event of a fall where impact to the head is suspected the rider should be assessed for concussion using the SCAT 5 <https://bjsm.bmj.com/content/51/11/851> tool-in the event that concussion is suspected then a mandatory suspension from competition for 21 days will apply. If there is any doubt then, on request, the competitor can be re-examined after 2 hours and if concussed the mandatory suspension will be imposed – it is the competitor's responsibility to comply with this suspension.

- Doctors/Paramedics must advise officials at the event of any concussions.
- Officials will advise rider (or guardian) of the suspension applying and will issue a concussion card to the person monitoring the rider.
- Riders can have mandatory suspensions reduced or removed by providing written confirmation from a Medical Practitioner that they are completely symptom free.
- Officials will advise Roger Kane (NSO@equestrian.org.au) of the concussion occurring and a record of the concussion will be kept centrally.

2) Provision of Medical Services during XC and Jumping Tests

From the rules:

During the Cross Country and Jumping Test, a fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site and must have the capability of rapid deployment to any part of the arena or course in adverse conditions.

a) Rapid deployment to any part of the arena or course ...

The Cross Country course may not operate unless the on- course medical support vehicles (ambulance or other first response vehicle) and services are able to provide rapid response to an incident. This effectively means that (after an incident) the ambulance must have returned to its planned position on the course unless substitute resources are available.

- Event organisers should be aware that this is a planning issue – in some cases transfer of a patient to a road ambulance may take a while and if there is only one response vehicle this will cause an extended delay to cross country
- Provision of a room or perhaps small marquee or similar for "first aid" scenarios, and where anyone needing to be observed after a fall whilst awaiting transfer can be monitored without occupying the first response vehicles can be useful
- Officials should be aware that whilst they will naturally want to allow the event to continue as quickly as possible this must not compromise the level of care for the patient.

b) Fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site...

Events with less than 150 competitors that have show jumping and cross country located on the same site and in close proximity can operate with the provision of a single service meeting the specifications below:-

- 1) The medical service provider must provide a qualified ALS Paramedic or equivalent, who is approved for use of pharmacology by the State Health Department, an ambulance, medical equipment and first aid supplies as meets the minimum standard identified in Attachment A&B.
- 2) The medical service provider must include **at least one person** who holds a Diploma of Paramedic Studies Ambulance (equivalent or higher qualification) that includes advanced life support skills and capability.
- 3) The medical service provider must be licensed /authorised by the State Department of Health or relevant statutory health authority to administer pharmacology listed
- 4) The medical service provider must be appropriately insured to provide first aid, and must hold both professional indemnity and public liability insurance and provide proof of such insurance to the organising body.
- 5) For clarity there must be a minimum of two people in the team providing the service and the vehicle used must have the capability of accessing all parts of the venue.

The service should carry, and be capable of using, the equipment and medications as specified in **Attachment A**. Larger events should scale appropriately.

c) As part of the medical plan local emergency services must be advised of the location and time of the event and the co-ordinates of a suitable landing place should air evacuation be required. The "Emergency Plus App" is an easy way to establish this when on the venue.

3) Paperwork

Every rider having a fall anywhere on the grounds must be checked before riding another horse or leaving the venue- it is important that we have a simple form for ensuring that is followed up on.

This form must contain the following minimum information:

- Event name and date
- Rider name
- Rider number
- Class
- Description of Fall
- History
- Observations/Examination
- Assessment
- Plan
- Decision re – fit to continue to ride in competition – yes/no
- Concussion suspected – yes/no

4) Fence judges role in first response

Fence judges play a key role in first response and in particular in determining the speed of medical response-it is critical that they are correctly selected and briefed.

Eventing NSW put together a video which outlines the key parts of the fence judge's role in this respect <https://www.youtube.com/watch?v=rvlzQixc4f0&t=6s>

Water fences represent a special set of circumstances and OCs should make every effort to place only the most capable people on these fences.

Fence judges at these fences should be briefed separately by the medical service at the event as to what to do in the event of a rider face down and immobile in water.

1/2/3 events fence judges should be over 16 years of age*

Annex E Organising Requirements for Eventing 5 star Level Events

Five star level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential OCs to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

Application Process:

- a) Before being awarded an Event of five star level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least Four star level, and demonstrated the ability to stage an Event of the highest level.
- b) Application from the host National Federation to the FEI to stage a Four star level Event must to be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.

Annex F Consultation with Athletes

1 Appointment of Athlete Representative

Prior to the Athletes' first opportunity to inspect the Cross Country course every Organising Committee of an international Event must appoint an Athlete Representative from among the Athletes taking part in the Competition having first obtained that Athlete's consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.

2 Chairman of Arbitration and Investigation Panel

The Organising Committee will appoint prior to the start of the Competition the Chairman of an Arbitration and Investigation Panel (see point 9 below).

3 First meeting of Athletes called by the Athlete Representative - 1st Horse Inspection

At the end of the day on which the First Horse Inspection is held there will be a meeting of all Athletes should they so wish to be called by the Athlete Representative. The Technical Delegate and representative of the Organising Committee should attend although not the Ground Jury unless specifically requested by the Technical Delegate, Organising Committee or the Athlete Representative.

4 Second meeting of Athletes called by the Athlete Representative - after 1st day of Dressage Test

If the Event is a Long format Competition (CCI) with two days of Dressage the Athlete Representative has the right, if there are any concerns amongst the Athletes, to ask for an Athletes' meeting to take place at the end of the first day of Dressage to discuss major issues concerning the obstacles on the course and/or the distances of the course.

This meeting must be attended by the Ground Jury, Technical Delegate, Course Designer, and a senior representative from the Organising Committee (If there are no issues the Athlete Representative may advise the Technical Delegate who will contact the Organising Committee and the Ground Jury and cancel the meeting).

5 Meeting Minutes

At this meeting any such issues must be recorded in writing (the Technical Delegate & Athlete Representative have this responsibility) and the response of the Ground Jury also recorded in writing and signed by the President of the Ground Jury and the Athlete Representative.

6 Additional Athlete Representative

At this stage the Athletes may appoint two additional people (to join the already appointed Athlete Representative) as Athlete Representative's to continue the discussions with the Officials and the Organising Committee. These additional two people can be anyone that the Athletes choose and do not necessarily have to be competing at the Competition.

7 Final Athletes Meeting of the Athletes before the Cross Country

A further and final Athletes' meeting, attended, as before, by all the Officials and a representative from the Organising Committee, is now required.

Ahead of this meeting the written response by the Ground Jury to any written concerns of the Athletes raised the previous evening shall be given to the Athlete Representative's. At this meeting any final briefing of the Athletes will take place.

If the Athletes are still dissatisfied with the decisions of the Ground Jury a vote will be taken. This should be a secret vote and the Organising Committee should assist the Athletes in conduct of the meeting. The issue to be voted on is "Do you accept the responses of the Event Officials, or should they be referred to the Arbitration and Investigation Panel for final decision?"•

If a majority of the Athletes actually taking part in the Competition (50 percent plus one) so agree the

outstanding issue(s) will be referred immediately to the Arbitration and Investigation Panel for a final decision against which there will be no appeal.

At this meeting any such issues must be recorded in writing (Technical Delegate & Athlete Representative responsibility) and the response of the Arbitration and Investigation Panel also recorded in writing and signed by the Chairman of the Arbitration and Investigation Panel and the Athlete Representative.

8 Athletes Briefing

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground, etc must still take place on the evening before the Cross Country Test. In case of dispute on such issues, the procedure with the Arbitration and Investigation Panel is available for use.

9 Arbitration and Investigation Panel

The Arbitration and Investigation Panel will consist of three people appointed on the first day of the Event by the Organising Committee in conjunction with the Athlete Representative.

The Arbitration and Investigation Panel shall include: (a) a non-competing current or recent Athlete experienced at the level of the Event, (b) an FEI qualified Official, and an independent person experienced in the sport who is not involved in any way with the Event, e.g. an Organiser.

If such people are not available at the Event, after reasonable efforts to engage them, the Organising Committee, in consultation with the Technical Delegate and the President of the Ground Jury, must appoint an Arbitration and Investigation Panel of similarly experienced people likely to have the confidence of both the Athletes and Officials alike.

Any one of these three people can be appointed as President of the Arbitration and Investigation Panel. The President or a member of the Appeal Committee may be appointed to this Arbitration and Investigation Panel if suitably qualified.

10 Events with only 1 day of Dressage

At a Competition with only one day of Dressage it will be necessary to modify the above procedure. In these circumstances the above timetable may be compressed and/or certain steps omitted but the most important principles must be retained, i.e.:

- a) Concerns and responses recorded in writing.
- b) The opportunity for Athletes to vote if dissatisfied.
- c) Final decision by the Arbitration and Investigation Panel, provided a majority of starters so request.

The above procedure for consultation with Athletes will not apply for Championships, Team Events, Young Riders or Juniors Events (Athlete Representative replaced by Chef d'Equipe)

Annex G FEI Badges for Honour

Badges of Honour will be awarded to Athletes who complete Olympic Games and World Championships to the following scale:

- a) A Gold Badge for three completions.
