

How to use these Score Sheets

These sheets have been setup in a standard format to be used at all official and non-official vaulting events. Please be aware of the following when using these sheets:

1. These sheets are primarily for use at smaller events where it is practicable to hand write vaulter names etc. If you are arranging a larger competition then refer to the electronic 'mail merge' version of the scoresheets which allow for automatic creation of sheets for your event.
2. Each page is a score sheet for a different class. Class numbers are noted on the top left of each sheet
3. You will notice that there are differences in percentages and some boxes which have been crossed out. These differences are based on the Australian Vaulting rules for the particular class.
4. No changes should be made to any of the templates. The first sheet is unformatted to allow for use in non-official/novelty events if required.
5. Please ensure that your event uses the standard class names and numbers as defined on each sheet as summarised in the table below:

30S	Individual Barrel (Senior)
30J	Individual Barrel (Junior)
30C	Individual Barrel (Combined)
30D	Individual Barrel (AWD)
