Purpose: To confirm that the horse, having achieved the thrust required in CNC* Level, now accepts more weight on the hindquarters (collection); moves with an uphill tendency, especially in the medium paces; and is reliably on the bit. A greater degree of straightness, bending, suppleness, throughness, balance and self-carriage is required than at CNC* Level

Introduces: Travers, turn on hindquarters

Instructions: To be ridden in a snaffle or double bridle. All trot sitting unless otherwise stated.
