

## EA HIGH PERFORMANCE SQUAD CRITERIA 2018

Equestrian Australia's High Performance Squads include athletes that are identified in conjunction with the AIS and their high performance investment strategy, designed toward achieving Olympic medal outcomes.

### **GOLD (AIS ATHLETE CATEGORY - PODIUM)**

Athletes that have achieved medal performances at the most recent World Equestrian Games and/or Olympic Games and are also considered capable of a medal performance at the upcoming World Equestrian Games, or Olympic Games.

### **GREEN (AIS ATHLETE CATEGORY - PODIUM READY AND PODIUM POTENTIAL)**

Athletes that have achieved current results in the last 6 months (ie. CCI3\*, CSI4\*, CDI4\* and above) demonstrating a capability of medal performances at the upcoming World Equestrian Games and/or Olympic Games.

### **GENERATION NEXT (AIS ATHLETE CATEGORY - DEVELOPING AND EMERGING)**

Athletes that have not recently represented Australia at World Equestrian Games and/or Olympic Games, including individuals that are proven emerging talent with proven performances and results (ie. CCI2\*, CSI3\* and CDI3\* and above). These athletes must be indicating potential and capability of medal performances at the World Equestrian Games and/or Olympic Games level.

Athletes included in the Equestrian Australia High Performance (HP) Squads are required to meet the following criteria.

- Athletes must have demonstrated fitness, rider experience, and ability to develop and maintain a consistent training program. They must have demonstrated that they are ready for a rigorous training program/preparation as required for successful international standard competition.
- Athletes must demonstrate a willingness to work within the High Performance Program structure, including: facilitating effective communication between the athlete's support staff (coach, vet, farrier etc.) and the program/team support staff, submitting training and competition plans to the relevant High Performance staff as requested, responding to communication from HP staff in a timely manner and attending training camps and other HP program activities as required.
- The primary focus will be on athletes that have shown the ability or potential to represent Australia at International level at a high standard.
- All athletes must sign the Athletes Agreement before inclusion in any HP Squad. Agreements must be signed and returned to the EA National Office.
- In all instances, the standard of competition, the number of competitors, the number and level/experience of the judges and the overall quality of the competition will be taken into consideration. Whilst performances at FEI / EA events will be used as a guide, competing at major events will be necessary to ensure consideration.
- Athlete's horses must be sound and fit to compete to the satisfaction of the EA-appointed vet. Athletes and owners must be prepared to submit their horses for fitness assessments by an EA-appointed vet as requested.
- Athletes must be fit and able to compete to the satisfaction of the relevant High Performance Staff.
- The Next squad is primarily a Talent ID and Development program, therefore an athlete whose horse becomes unavailable through injury or other circumstances may, at the discretion of the selectors, remain on the squad for a period of time during which they are actively taking steps to address their lack of horsepower and continue to demonstrate commitment to the HP program. If at the end of this period, after consultation with the rider, coaches and HP management it is deemed the athlete is still lacking suitable horsepower, they will be removed from the squad. Athletes that have been in the program for a prolonged period and not made the progression to the next level (Green) may also be removed with due warning.

Whilst the squads will typically be reviewed every six months, Selectors reserve their rights to add additional athlete and/or athlete and horse combinations at any time.
