6 Nomination Criteria

Threshold Criteria

The National Federation will only consider for nomination Combinations who have achieved within the FEI Qualification Period the following.

FEI Qualification Criteria for Tokyo 2020

- 6.1 The Combinations must achieve the Minimum Eligibility Requirements (MER) at selected Events which take place from 1 January 2019 until (and including) 1 June 2020 that being the date (5) weeks before the Sport Entries Deadline (the "MER Deadline").
- 6.2 The MER requires that a minimum 66% must be attributed twice to the Combination by both a 5* judge and as an average from all judges in the competition, and the score must be achieved in a Grand Prix test at two different CDI3*/CDI4*/CDI5*/CDI-W/CDIO events. The two 5* judges must be of a nationality other than that of the Athlete. Scores achieved in Preliminary or Consolation Grand Prix classes judged by three judges do not count towards the MER.

Competition Criteria for Tokyo 2020

- 6.3 To be eligible for consideration for nomination, Combinations are to have achieved the following competition criteria:
- (a) Combinations must have achieved an overall percentage of 69% or higher in at least two Grand Prix tests at a CDI3* or above or CDI-W event between 1 January 2019 and 14 June 2020; and
 - (b) if competing in a CDI3*, there must be at least one 5* judge on the Ground Jury. At least one of these scores of 69% or higher must have been achieved during 2020.

Subjective Criteria

- 6.4 The National Federation will nominate the three (3) Combinations who satisfy the threshold criteria in clauses 0 to 6.3 who, in the opinion of the National Federation operating through its EA High Performance Panel and the Dressage Selection Panel, in its absolute discretion:
- (a) will be most likely to achieve the highest competitive results at the Games; and
 - (b) are, and will remain until the conclusion of the Games, positive ambassadors for the Sport, the National Federation and the Games.

Discretionary Considerations

- 6.5 Combinations to be nominated for the Team will be identified by the Dressage Selection Panel in its sole and absolute discretion to achieve the best possible result at the Games. The Dressage Selection Panel may consider the following factors:
- (a) the level of competition and the depth of the field at which the result was obtained;
 - (b) the consistency of performance;
 - (c) an improving trend in performance;
 - (d) more recent results;
 - (e) the ability of the combination to compete successfully at high level international competition;
 - (f) demonstrated experience/success at international events;
 - (g) the ability or potential of the Combination to perform under the stress and pressure of an event such as the Games;
 - (h) the ability of the Athlete to prepare their Horse for a major campaign, and Championship Events, including the experience to perform in the Grand Prix Special;
 - (i) the ability of the Athlete to contribute to an effective and harmonious team;
 - (j) the physical form and fitness of the Athlete and their Horse; and
 - (k) the advice of the High Performance Director, the Chef d'Equipe, and the Team veterinarians, particularly concerning the fitness of the Combination to perform at the required level;
- 6.6 The Dressage Selection Panel has the discretion to place greater or lesser emphasis on any one or more of the Competition, Objective, Subjective or Discretionary Considerations outlined above.
- 6.7 For the avoidance of doubt, the Dressage Selection Panel will not approach their task as a pure numerical ranking of Combinations by scores alone.
- 6.8 In determining whether a Combination has satisfied the criteria set out in clauses 6.1 to 6.7 above, the National Federation will not have regard to Extenuating Circumstances.

P Alternate Athletes

- 6.9 As Australia has received a team quota place in accordance with the Qualification System, the National Federation may identify one Combination as the P Alternate Athlete and Horse (in addition to the Combinations nominated for selection). The High Performance Panel, in its sole and absolute discretion, will decide whether or not to identify a P Alternate Athlete and Horse.
- 6.10 The Combination (if any) identified as the P Alternate Athlete and Horse will be determined based on the criteria set out in clauses 0 to 6.8 above.
- 6.11 For the avoidance of doubt, the Combination nominated as the P Alternate Athlete and Horse will not be part of the Team unless, and until, they are selected to replace a previously selected Combination.

7 Pre-Competition Change

The National Federation may make a Pre-Competition Change following nomination of the team to the AOC, if:

- (a) in the opinion of the Dressage Selection Panel (in consultation with the Team veterinarians and/or the High Performance Director), there has been a loss of form or fitness by any member of a nominated Combination that is assessed to be likely to be sustained and affect performance at the Games; or
- (b) any member of a nominated Combination contravenes FEI Veterinary Regulations or the AOC policies;

by excluding that Combination from the nominated Combinations or (if the Team has already been selected) requesting that the AOC remove that Combination from the Team. The National Federation may nominate another Combination that meets the Eligibility and Nomination Criteria set out in this document to the AOC for selection in the Team in place of the excluded Combination.

7.2 In accordance with the FEI Rules, an Athlete cannot be nominated for selection as part of a Pre-Competition Change unless they were included on the TOCOG Long List. For the avoidance of doubt, the Combination nominated to replace a Combination already nominated to the Team as part of a Pre-Competition Change may or may not be the P Alternate Athlete.

7.3 At any time after the Pre-Competition Deadline (as defined in the FEI Rules), the National Federation may request that the AOC replace a selected Combination with the P Alternate Athlete and Horse if, in the opinion of the Dressage Selection Panel (in consultation with the Team veterinarian and/ or the High Performance Director), the criteria for replacement under the FEI Rules and the 'IOC/Tokyo 2020 Late Athlete Replacement policy' are satisfied.

8 Submission of Nominations

8.1 The National Federation must notify Athletes of the Nomination Date in writing.

8.2 The AOC may, in its absolute discretion extend the Nomination Date for the National Federation for any reason.

8.3 The National Federation must nominate Athletes to the AOC by the Nomination Date. The National Federation must inform Athletes of their nomination or non-nomination by no later than:

- (a) 48 hours prior to the Nomination Date, where such written notice would be received by the Athlete 14 days prior to the Sport Entries Deadline; or
- (b) 24 hours prior to the Nomination Date, where such written notice would be received by the Athlete within 14 days of the Sport Entries Deadline,

or such later date as the AOC advises the National Federation.

8.4 Nominations submitted to the AOC must be in the form prescribed by the AOC or in a form that is otherwise acceptable to the AOC and include any such information that is required pursuant to the AOC Olympic Team Nomination and Selection By-Law.

8.5 The AOC may, in its absolute discretion, accept a nomination submitted after the Nomination Date where it is submitted by the National Federation as a result of an appeal brought in accordance with the AOC Olympic Team Nomination and Selection By-Law.
