THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

CONTENT

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

- e) The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.
- f) This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of their Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.

Chapter 1 GENERAL

500 Introduction

500.1 Definition

An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

500.2 Responsibility

500.2.1. Athletes

An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

500.2.2. National Federations

National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

500.2.3. National Safety Officers

All National Federations organising international Eventing Events must appoint an active National Safety Officer (NSO) to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management, including annual data reporting and attendance of the yearly Risk Management Seminar.

500.2.4. Registration

All Athletes and Horses participating in international Competitions must be annually registered with the FEI.

500.2.5. Horses Passport and Microchips

Please refer to General Regulations (GRs), Art. 137.

As per EA General Regulations and Branch Membership:

Athletes and horses wishing to enter any Eventing event must meet the membership and registration requirements as set out in the activity classification table in the EA General Regulations per the maximum level they wish to enter.

Foreign athletes

Foreign competitors must submit to EA a current licence issued by their own National Federation, to be issued with a guest licence by the EA before competing in Official Events. The guest licence number must accompany entries. Foreign competitors who are resident in Australia must become members of EA whilst competing at National events in Australia.

State Teams

State team riders must be members of the State that they are representing.

State of Origin Teams:

State of Origin Riders will be classified by the State in which they were first EA registered.

EA 500.3 Orders

Riders and owners of competing horses and other people associated with them must, under penalty of elimination, obey any order or direction given to them by any responsible official and they must, in particular, be careful not to do anything liable to upset or hinder the undisturbed progress of the competition.

EA 500.4 Affiliation

Organisers must apply in writing to the relevant EA State Branch for affiliation to conduct Official Events. An affiliation fee must be paid and authorisation given by the State Branch.

No Official Event may be conducted without authorisation from the State Branch

Chapter 2 STRUCTURE OF COMPETITIONS

501 Competitions and Series

501.1 International (CIs)

501.2 Official International (CIOs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

If less than five (5) NFs have entered teams for a CIO, the invitation may be extended to include two (2) teams per NF (including the host team). Before the start of the Event, each NF with two teams must decide which team competes for the final team classification.

Location, date, level and qualifications of CIOs must be approved by the FEI. Each National Federation may only organize one Senior CIOs in any calendar year.

501.2.1 Nations Cup™

The Nations Cup (also referred as "NC") is the official international team Competition. Its object is to compare the merit of Athletes and Horses from different NFs and may only be organised on the occasion of a CIO.

At least three NFs must take part in this Competition for it to be recognised as an FEI Nations Cup™.

If less than five NFs have entered teams for an FEI Eventing Nations Cup™ Competition, the invitation may be extended to include two teams per NF (including the host team). Before the start of the Event, at the latest at the draw of nations starting order, each NF with two teams must decide which team competes for FEI Nations Cup™ points.

501.3 Championships (CHs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

Geographical representation, age group of Athletes and Horses, location, date and level are decided by the Board.

In exceptional cases teams at a Continental Championships may be regional and if so, the territorial scope must have been previously approved by the Eventing Committee.

Pony, Junior and Young Rider Championships must be organised during the long school holidays. Junior & YR Championships will preferably be organised jointly.

CHAPTER 4 - OFFICIALS

Chapter 5 TECHNICAL REQUIREMENTS FOR PARTICIPATION

516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (MERs) (Art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519) of the Athlete and the level of the Competition.

National Federations are encouraged to set stronger and additional criteria to the FEI's minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or their nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

- a) Dressage Test: not more than 45 penalty points (or 55%).
- b) Cross Country test:
 - i) A clear round at obstacles (activating a maximum of one frangible device or having a maximum of one missing flag will maintain the MER result on Cross Country).
 - ii) Not more than 75 seconds exceeding the optimum time in the Cross Country Test for, 1*-, 2*-, 3*- and 4*-level Competitions and 100 seconds in the case of 5*-level Competitions.
- c) Jumping test: not more than 16 penalties at obstacles.

Note: All MERs obtained in previous years will be counted according to the rules in place at that time.

518 Minimum Eligibility Requirement Validity period

518.1 Championships

The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

518.2 CIs & CIOs:

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

- a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCIs-L).
- b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CCIs-S).

518.3 CCI4*-S/L and CCI5*-L additional requirements

Horses having not completed the Cross Country Test of an FEI Competition for a period* of 13 consecutive months or more will have to fulfil the below additional requirement(s) before entering a CCI4*-S/L or CCI5*-L Event as follows:

Horses having obtained a MER at CCI4*-S or CCI3*-S/L:

- to enter a CCI4*-S: must complete the Cross Country Test of a CCI3*-S/L
- to enter a CCI4*-L: must complete the Cross Country Test of a CCI4*-S and a CCI3*-S/L

Horses having obtained a MER at CCI4*-L:

**Period calculated from the date of the Cross Country Test of the first Event to the date of the Cross Country Test of the following Event.*

519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling four year period as defined in the following table.

W-CH and OG to count as 5*-level MER towards Athlete categorisation.

D	Ten (10) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions of 2*-level or above; or three (3) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions at higher level.
C	Ten (10) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions of 3*-level or above; or three (3) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions at higher level.
B	Ten (10) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions of 4*-level or above; or three (3) MERs at FEI Long Format (CCIs-L) Competitions at 5*-level.
A	Ten (10) MERs at FEI CCI Short (CCIs-S) or Long (CCIs-L) Format Competitions of 4*-level or above of which three (3) were at 5*-level.

CHAPTER 5 - TECHNICAL REQUIREMENTS FOR PARTICIPATION

The Athlete category will be updated according to the performances at the end of each month (after the results for the relevant month have been processed) taking into account the rolling four year (4) period.

The Athlete category at the closing date of definite entries prevails.

EA 519.1 CCN Athletes Categories (previously Established)

1*, 2*, 3*, 4* Rider National Categorisation

If a rider has 10 MERs at a level, or 4 at a higher level, over a rolling 4-year period (with no XC penalties) then this deems the rider Nationally categorised at that level.

A Rider who has met the FEI requirements, as per FEI categorisation, and is Nationally categorised, at a level, is exempted from meeting the AUS NF requirements for the level.

520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions. NFs are required to set national participation requirements as per Art. 516 to apply for all categorisations.

Exceptions for MERs:

- a) The first activation of a frangible/deformable device or having one Missed flag will still allow a MER.
- b) When multiple Minimum Eligibility Requirements are required (for CIs and CIOs), one of the Minimum Eligibility Requirements can be achieved incurring a maximum of 20 penalties at the obstacles of the Cross Country Test (See below for Minimum Eligibility Requirements for Championships & Games).

Athletes already categorised at the corresponding level or above, can either use the full requirements for uncategorised Athletes as a combination or the Minimum Eligibility Requirements according to their Athlete categorisation.

The Minimum Eligibility Requirements must be achieved as a combination (unless specified otherwise) according to the following tables:

Unified Format:

NOTE: NFs have the option to apply to use CNs (National Competitions) for qualification purposes only to replace Events cancelled due weather conditions and/or exceptional circumstances.

Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose. MERs obtained at the specific targeted national Events will only count for upgrade in the same year and not for Athletes categorisation.

The application must be sent a minimum of 10 days before the Event. An FEI Level 3 Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

EA 520.1 Minimum Eligibility Requirements (applies to FEI & EA Events)

521 Minimum Eligibility Requirements for Championships & Games

For Championships & Games all Minimum Eligibility Requirements (MERs) must be achieved as a combination and must be clear on the obstacles of the Cross Country Test. The first activation of a frangible /deformable device or having one (1) Missed flag will still allow a MER.

This includes MERs obtained as per NF Requirements.

CH 2*	1 CCI2*-L
CH 3*	1 CCI3*-L
CH 4*-S	1 CCI4*-S
CH 4*-L	1 CCI4*-L
W-CH	1 CCI5*-L or (1 CCI4*-L + 1 CCI4*-S)

For the valid period of obtaining a MER, refer to Art. 518.

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

The qualification criteria for the Olympic Games will be set out in the relevant Qualification System document to be approved by the FEI General Assembly and the IOC. Please refer to the qualification system document.

Qualification for continental/regional Games not following a CCI-L format will be established separately by the Eventing Committee.

522 Reverse Qualification

522.1 Reverse Qualification – Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered by:

- a) by two (2) consecutive Cross Country eliminations, or
- b) a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in international Competitions.

For this purpose, the relevant reasons of elimination on Cross Country would be:

- a) Three (3) refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding
- d) Elimination by the Ground Jury

Reverse qualifications remain unless cleared by a MER.

In the case of a reverse qualification at a certain level, the Horse must obtain a Minimum Eligibility Requirement in an international Competition at the level below before being allowed to compete again at the original level (e.g., Horse with two (2) eliminations at 3*-level (any format) must obtain a MER at 2*-level (any format) before going back to 3*- level (any format)).

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 2*-level (any format) then the NF must assess the Horse at National level or at a CCI1* Competition and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition. The same principle applies to Ponies reverse qualified at CCIP2 level.

If a reverse qualification is triggered following eliminations at 1*-level, then the NF must assess the Horse at a National Competition and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition. The same principle applies to Ponies reverse qualified at CCIP1 level.

522.2 Reverse Qualification - Athlete

In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) month rolling period of time, their category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.

One Cross Country elimination can trigger 2 reverse qualifications if it fulfils the criteria of two consecutive Cross Country eliminations and three Cross Country eliminations within a twelve month rolling period.

EA 522.3 CCN Reverse Qualification

- Reverse qualification applies to National levels Eva95, CCN1*-L&S, CCN2*-L&S, CCN3*-L&S, CCN4*-L&S
- Any MER that is required at the lower level before being allowed to compete again must be obtained as the combination that triggered the reverse qualification. Proof of MERs gained at Eva105 and below in order to cancel a reverse qualification are required to be sent to the state branch/representative by the rider.
- If reverse qualification is triggered by eliminations at CCI2*-L or CCI2*-S the combination will be required to obtain a MER at CCN1*-L or CCN1*-S. Written results and/or report to be forwarded to the FEI Eventing Department

Chapter 6 ATHLETES AND HORSES WELFARE

523 Athletes Welfare

523.1 Medical Information

To ensure that vital information is available to first aid or medical personnel in case of emergency, Athletes must comply with the following:

- a) Providing a valid contact information is mandatory for all Athletes.
 - i) The telephone number of an accompanying person/next-of-kin must be provided to the Event secretariat upon arrival (Organising Committees and medical officer to ensure all information has been received before the Cross Country).
- b) Declaration of medical condition.
 - i) Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum), a medical armband of good quality can be used. Athletes who chose to wear an armband should download and fill the form available for this purpose on the FEI's website.

** Medical data carrier (also called "medical identification tag"): small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wearer has an important medical condition.*

Conditions that are relevant include recent:

- Serious head/spinal injury
- Concussion having occurred during the last three months
- Chronic health problems such as diabetes, epilepsy
- Anticoagulation (blood thinners)
- Serious allergies

If in doubt, the Athlete should discuss this with their own treating physician.

EA 523.1.1 EA National Medical Services

Refer to Annex C

523.2 Medical Fitness

If there is any doubt with regard to the fitness to compete of an Athlete, the Ground Jury, in consultation with the Official Medical Officer, may at its own discretion, eliminate the Athlete and decide also about their ineligibility to take part in any other Competition at that Event.

Any such elimination must be reported to the FEI through the Technical Delegate report.

523.3 Examination After a Fall

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. Athletes should not re-mount their horse until the examination has been completed. The Athlete is fully responsible for ensuring that this examination takes place.

At National events Athletes must not mount any horse until the medical examination has been completed. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued an Eventing Recorded Warning, which will be delivered to their National Federation.

523.4 Concussion

When an Athlete has an accident that results in concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

524 Horse Welfare

The FEI Code of Conduct for the Welfare of the Horse should be respected at all times including and not limited to during training, preparation, travel competition, recovery and otherwise.

524.1 Veterinary Examination on Arrival

This takes place on the arrival of Horses at the Event. It is performed by the Veterinary Delegate or their deputy, who must be a qualified veterinarian. The object is to establish: first each Horse's identity, vaccination history (vaccination, etc.), other passport details and second, each Horse's state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform the Chefs d'Equipe and/or the Athletes in advance.

Doubtful cases must be reported to the Ground Jury as soon as practicable and, normally, before the first Horse Inspection.

524.2 Horse Inspections

The Horse Inspections shall be open to viewing by the public.

524.2.1 First Horse Inspection

This takes place before the Dressage Test, not more than 24 hours prior to the beginning of the Dressage Test. It is conducted by the Ground Jury and the Veterinary Delegate acting together as an Inspection Panel with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

CHAPTER 6 – ATHLETES AND HORSES WELFARE

The Inspection Panel has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In the case that the fitness to compete is questionable the Ground Jury may refer the Horse to the Holding box for examination by the Holding Box Veterinarian.

Should the Athlete decide to present the Horse for re-inspection, the Holding Box Veterinarian will report any findings to the Inspection Panel prior to the Horse being re-inspected.

Horses in the Holding Box will be under the supervision and control of a Steward and the Holding Box Veterinarian.

In the Event of equality of votes within the Inspection Panel, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

524.2.2 Second Horse Inspection

This takes place before the Jumping Test. It is conducted by the same Inspection Panel and under the same conditions as the first Horse Inspection.

524.2.3 Horse Inspections at Short Format Competitions (CCI-S)

At a Short Format Competitions, the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse's fitness to compete including a brief trot within the Examination on Arrival pursuant to Art. 524.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

In a Short Format Competition, the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

524.3 Horse Fall Systematic Interview

Following any Horse Fall on Cross Country, a systematic interview/discussion must take place between the Athlete and the Ground Jury (President or Member) and/or the Technical Delegate.

524.4 Horse Welfare During the Competition

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in their opinion, is lame or is unfit to continue.

EA 524.4.1.1 EA Portable Yards

Stables, yards and portable yards (if used) must be a minimum of 3 metres x 3 metres and be of safe and solid construction. (Refer General Regulations Art. 109.3)

524.4.1 Cross Country - Warm Up

There will be a veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

524.4.2 Cross Country - Finishing Area

A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

- a) Is fit to return immediately on foot to its own stable.
- b) Should remain for further treatment before returning to its stable.
- c) Should be transported by vehicle either directly to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case of abuse of horse to the Ground Jury and to the Veterinary Delegate.

An Athlete who has retired, has been eliminated or stopped during the Cross Country Test is responsible to make sure their Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued an Eventing Recorded Warning, which will be delivered to their National Federation.

524.5 Appeal

At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the Ground Jury President must give a reason for the decision.

524.6 Equine Anti-doping and Controlled Medication Testing

Refer to Veterinary Regulations and EADCMRs.

525 Eventing Recorded Warning**525.1 Dangerous Riding**

All cases of Dangerous Riding, as defined in Art. 525.1.1 will incur an Eventing Recorded Warning. In addition, depending on the circumstances of the case, either of the following measures may be imposed:

- a) 25 penalties
- b) Elimination

Note: 25 penalties are considered as an addition to scores and can be given at any time during the Competition. The penalties must be reported in the results as Cross Country obstacle penalties, Dressage penalties, or Jumping obstacle penalties. Any of the above sanctions applied must always be reported by the Technical Delegate to the FEI and added onto the Athlete sanction list.

525.1.1 Definition

Any Athletes who, at any time during the Competition deliberately or unintentionally by incompetence are exposing themselves, their Horse or any third party to a higher risk than what is strictly inherent to the nature of the Competition will be considered to have acted dangerously and will be penalised accordingly to the severity of the infringement.

Such acts may include without limitation any of the following:

- a) Riding out of control (Horse clearly not responding to the Athletes restraining or driving aids).
- b) Riding fences too fast or too slow.
- c) Repeatedly standing off fences too far (pushing the Horse to the foot of the fence, firing the Horse to the fence).
- d) Repeatedly being ahead or behind the Horse movement when jumping.
- e) Series of dangerous jumps.
- f) Lack of responsiveness from the Horse or the Athlete.
- g) Continuing after three clear refusals, a fall, or any form of elimination.

At National Events (1* & below) an Eventing Recorded Warning card will be issued if the athlete continues after four clear refusals across the course or 3 refusals at the same obstacle, a fall, or any other form of elimination on course (except for a "Technical Elimination", in which case an Eventing Recorded Warning card may be issued at the discretion of the TD).

- h) Endangering the public in any way (e.g. jumping out of the roped track).
- i) Jumping obstacles not part of the course.
- j) Wilful obstruction of an overtaking Athlete and/or not following the instructions of the Officials causing danger to another Athlete.
- k) Pressing a tired Horse.
 - l) Jumping an obstacle more than 30cm in height, from a standstill.

Any individual member of the Ground Jury and the Technical Delegate has the right and the duty to monitor possible cases of Dangerous Riding and, if appropriate and practical, to stop and eliminate an Athlete on the Cross Country course for Dangerous Riding. In addition, the Course Designer has the right and the duty to monitor possible cases of Dangerous Riding on the Cross Country course and to report the case to the Ground Jury who will take a decision regarding the elimination of the combination.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or/and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

525.1.2 Pressing a Tired Horse

For cases of pressing a tired Horse (Art. 525.1.1 k)), an Eventing Recorded Warning will be issued, along with 25 penalties.

EA 525.1.3 National Events

At National Events, all dangerous riding incidents must be reported to the Technical Delegate.

Earphones and/or other electronic communication devices are strictly prohibited in all Competition arenas, and such usage will result in a Warning, with the exception of medical devices, e.g., Hearing aid devices.

538.2 Inspection of Dress

A Steward can be appointed to inspect whips, spurs and item of dress before any Test.

The Steward has the authority to refuse permission to start for any Athlete, whose whip or spurs or safety equipment contravene the FEI Tack & Equipment Requirements document. The Steward will immediately report the circumstances to the Ground Jury for confirmation.

CHAPTER 7 – GENERAL COMPETITION RULE

An Athlete who competes with illegal whip(s), spurs or incorrect items of dress is liable to elimination, at the discretion of the Ground Jury.

539 Tack & Equipment

Please refer to the FEI Tack and Equipment Requirements document and the FEI TackApp.

539.1 Inspection of Saddlery

A Steward can be appointed to check the saddlery of each Horse before it enters the arena or starts a test.

In the Dressage Test, the checking of the bridle must be done with the greatest caution.

If the Athlete so requests, the bridle and bit may be checked immediately after the test has been completed. However, should the bridle or bit in such a case be found not to be permitted, the Athlete will be eliminated.

540 Unauthorised Assistance

Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the Athlete or of helping their Horse, is considered unauthorised assistance and the Athlete is liable to be eliminated at the discretion of the Ground Jury.

Officials or spectators who draw the attention of an Athlete to a deviation from the course will be considered giving unauthorised assistance which may result in the elimination of the Athlete.

In particular in the Cross Country Test the following will be considered unauthorised assistance:

- a) To take intentionally a lead from another Athlete.
- b) To be followed, preceded or accompanied, on any part of the course, by any vehicle, bicycle, pedestrian, or Horseman not in the Competition.
- c) To post friends at certain points to call directions or make signals in passing.
- d) To have someone at an obstacle to encourage the Horse by any means whatsoever.
- e) To tamper with the obstacles or any part of the course, including, for instance, flags, indicators, markers, notices, ropes, trees, branches, wire or fences, whether temporary or permanent.

At National Events each case of unauthorised assistance will be decided by the Technical Delegate

540.1 Exceptions

- a) Whip, headgear or spectacles may be handed to an Athlete without dismounting during the Cross Country Test.

b) An Athlete, after having knocked a flag at an obstacle as a consequence of a run-out, may ask the fence Judge for the flag to be repositioned, but no time will be deducted.

540.2 Receiving Apparatus / Cameras

The use of any receiving apparatus by Athletes is strictly forbidden while mounted during the test.

Automatic recording of data during the test (e.g. heart beat monitoring, temperature, etc.) to be used for the Welfare of the Horse and research purposes after the completion of the test is allowed.

For use of cameras on Athletes or equipment – see General Regulations. For FEI Named-Events, requests for use of cameras must be approved by FEI HQ, request for approval for other Events must be reviewed by the Technical Delegate in consultation with the Organiser.

EA 540.3 Time Wasting

Athletes in classes CCN1* and below who deliberately waste time (e.g. slowing to a walk, circling or zig zagging) to avoid penalty for riding under time may be reported and Officially Warned and/or given a Yellow Warning Card for riding too fast (dangerous riding).

The finish timekeeper may elect to stop the clock in cases where an Athlete obviously delays proceeding to the finish line to avoid incurring time penalties.

541 Advertising and Publicity on Athletes and Horses

Subject to the provisions of General Regulations Art. 135, the manufacturer logo can appear, specifically for Eventing: at all Events, except Regional and Olympic Games under the patronage of the IOC. Athletes may wear clothing and use equipment (including, but not limited to, riding equipment) which identify the manufacturer, the Athletes' sponsor(s), the Athletes' team sponsor(s), the National Federation's sponsor(s), the Athletes' nation, and/or the Athletes themselves, but only under the specific conditions set forth below.

541.1 Identification of a Non-Sponsor Manufacturer

While present in the Competition area and during the prize-giving ceremonies names or logos identifying a non-sponsoring manufacturer of the clothing, and equipment may appear only once per item of clothing, and/or equipment and solely on a surface area not exceeding three square centimetres (3 cm²) for clothing and equipment.

541.2 Identification of a Sponsor

While present in the Competition area and during the prize-giving ceremonies the name and/or logo of the Athletes' sponsor(s), their team sponsor(s) and/or their National Federation's sponsor(s) may appear on a surface area not exceeding:

a) 200 cm² on each side of saddle cloth;

- b) 80 cm² on each of the two sides of jackets or top garment at the height of breast pockets for Jumping Events, Dressage Events and for Jumping and Dressage Tests of Eventing;
- c) 80 cm² only once lengthwise on the left leg of the riding breeches during the Dressage, Cross Country and Jumping Tests of Eventing. In any case, the surface area on the riding breeches should be dedicated to the visibility of the following only: the Athlete's name, identification of the Athlete's nationality, the name and/or logo of the Athlete's sponsor(s), their team sponsor(s) and/or their National Federation's sponsor(s);
- d) 16 cm² on both sides of the shirt collar;

- g) 75 cm² for the logo on ear hoods in Dressage, Jumping and Cross Country Tests of Eventing.

541.3 Use at FEI Championships

Notwithstanding the above, Organising Committees of FEI Championships may prohibit such names and logos in the schedule, with the exception of the names and logos of the team sponsors and/or of the National Federation sponsor(s) under the limitations as set forth in Article 135.2.2.1 of the General Regulations.

541.4 Organising Committee Sponsor

The Organising Committee may display the name and/or logo of a Competition and/or Event sponsor(s) on members of the Organising Committee crew present in the Competition area and on numbers present on the front and back of the bibs worn by Athletes during the Cross-Country tests of Eventing, as well as on stable rugs when they are in the Competition area and during the prize-giving ceremonies at all FEI Events. The size of name and/or logo on Athlete's number shall not exceed 100 cm².

541.5 Athlete's National Identification

While present in the Competition area and during the prize-giving ceremonies the name or logo of the Athlete's nation, its national symbol and/or its national flag, and/or the Athlete's National Federation logo or name may appear on a surface area not exceeding:

- a) A reasonable size on each of the two (2) sides of jackets or top garment, at the height of breast pockets and on the collar for Jumping and Dressage Tests of Eventing.
- b) 200 cm² on each side of saddle cloth.
- c) Either 200 cm² on one arm of jackets or top garment or 100 cm² on each arm of jackets or top garment for the Cross Country Test of Eventing:
 - i) Vertically in the middle part of the hard hat for the Jumping Events;

In any case, the Athlete's national identification can be combined in the same surface area with the name and/or logo of the Athlete's sponsor(s), their team sponsor(s) and/or the National Federation's sponsor(s) as long as their presence and visibility are in compliance with the surface areas mentioned in Articles 135.2.2.1 and 135.2.3.1 of the General Regulations.

For Championship and Official team Competition Cross Country Tests, members of the national teams are required to use national identification colours for equipment, dress and saddle pads to visually clearly identify and differentiate the competing countries. Colours and patterns are to be registered in advance with the FEI.

The Athlete's national flag or the Official three letter IOC abbreviation for the nation may appear on the back of the Athlete's jacket for Jumping centred between the shoulders. The top of the flag, or the three-letter abbreviation (as applicable) must be placed 4 cm below the collar. The flag may not be more than 25cm wide, with a height in proportion to the width; the three-letter IOC abbreviation must appear in standard IOC typeface and not exceed a height of 8 cm.

All Athletes and horses should wear a minimum of one item with national identification per Athlete and Horse.

541.6 Athlete's Name

While present in the Competition area and during the prize-giving ceremonies the Athlete's name may appear on a surface area not exceeding 80 cm² only once lengthwise on the left leg of the riding breeches during the Jumping and Cross Country Tests of Eventing.

541.7 National Federation Logo

Unless otherwise specified in this Article, no advertisement or publicity is permitted on any Athlete, Official, Horse, or riding equipment while present in any Competition area or during the performance. However, Athletes inspecting the course may wear the logo of their sponsor, their team sponsor(s), and/or of their National Federation's sponsor(s) and/or their nationality within a frame not exceeding 400 cm² on the front and back of their top garments and within a frame not exceeding 50 cm² on head gear.

541.8 Advertising in Field of Play

Unless otherwise provided in the Sport Rules, advertising may appear on obstacles, fences and on the sides of the arena provided any applicable broadcast, internet, or similar law or agreement permits such advertising.

541.9 Definition of competition area

Unless otherwise agreed in writing by the FEI, for the purpose of this Article, the Competition area shall include all areas where the Athlete is being judged or their Horse is undergoing a Horse inspection. It shall not include collecting rings and start and finish box.

541.10 (as per General Regulations 135.8)

The Chief Steward is responsible for ensuring that the above provisions are respected by Athletes before entering the arena. Athletes not complying with the above will not be

CHAPTER 7 – GENERAL COMPETITION RULE

permitted to enter the arena during Competition. An official clothing approved by a NF not complying with the requirements of this Article will not be authorised by the FEI.

Chapter 8 DRESSAGE TEST

542 FEI Dressage Rules

The FEI Dressage Rules apply for the Eventing Dressage Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Dressage Rules during the year will be evaluated for inclusion in these Eventing Rules from 1 January the following year.

543 Administration

543.1 Type and level of Test

The type and level of the test will be determined by the type and level of the Competition and will, therefore, be related to the quality and the standard of preparation of the Athletes and Horses.

543.1.1 CIs and CIOs

Organising Committees are free to select the specific test to be used within the ones shown on the FEI Eventing Dressage Tests [online page](#), according to the level of the Competitions.

543.1.1 CCI5*-L

The Dressage Tests for all CCI5*-L Competitions taking place in the year shall be selected and published by the Eventing Committee, taking into account the preferences of the relevant Organising Committees by 1 January.

543.1.2 Championships and Games

The Dressage Test for all Championships and Games taking place in the year shall be selected and published by the Eventing Committee, taking into account the preferences of the relevant Organising Committees, by 1 January.

543.2 Number of Tests to be judged by day

The Organising Committee may include a maximum of 50 Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum 10%, if agreed by the Technical Delegate and the President of the Ground Jury.

EA 543.2.1 Number of tests to be Judged at National competitions

The Organising Committee, as a general guide, may include a maximum of 40 horses per day. Organising Committees are advised to inform Judges, prior to the competition, if it is likely that more than 30 horses will be in a class.

EA 543.2.2 National Dressage Arenas

Dressage tests should be conducted in a 20 m x 60 m arena. When there are a large number of entries and/or limited areas available, organisers may conduct tests in a 20 m x 40 m arena, up to and including CCN* level.

Construction of Arenas: Arenas must be as safe as possible. Examples of arena construction include plastic chain (with intermittent breaks), plastic pipes, ground markings, and painted 10cm x 2.5cm wooden boards placed on the ground at corners and markers.

Rope and steel pegs are not acceptable.

When there is one judge only, they will be positioned at C.

543.3 Judges Positions

Two of the three Judges must be placed along the short side, on the outside of and five (5) metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two and a half (2.5) metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five (5) to ten (10) metres from the arena. The three positions shall be either C, H, B or C, M, E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than 50 centimetres above the ground, in order to give the Judges a good view of the arena.

EA 543.4 National Dressage

- At **CCN-L** competitions a formal Ground Jury will be appointed with similar to FEI duties.
- At **CCN-S** competitions there will be **no** formal Ground Jury.
- Judges will be appointed to mark the Dressage Test.
- Judges are to be aware of the FEI Eventing Dressage Rules
- Overseas National Judges, certified by their National Federation to be of a particular level of qualification, may also be used.
- A Technical Delegate (TD) is always present and is available to Judges at all times during the Event to assist with rule clarification. Judges should make sure they know who the TD is on the day and have radio contact with the TD.

CCN-S competitions

- the Judges are only responsible for the Dressage phase in conjunction with the Technical Delegate.
- The Judge must report to the Technical Delegate any case of abuse of horse or lameness.
- In exceptional circumstances the Technical Delegate may authorise the use of only one judge.

Horses leaving the arena

- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A will incur elimination if the arena is fully enclosed to the recommended minimum height of 30cms and the gate at A has been closed.
- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A will be awarded an error of course for the movement if the surrounds are not at least 30cms in height or if the arena has intermittent boards or line marking.
- If the arena is 30cms or over, a horse leaving the arena anywhere, other than through an open gate will be eliminated.
- A horse leaving the arena with all four feet between the time of entry at A and the time of exit at A, through the gate at A will be awarded an error of course for the movement if the gate has not been closed.
- When a horse makes such an “error of course” by leaving the arena with all four feet between the time of entry at A and the time of exit at A, the judge at C warns him, by sounding the bell. The President then directs him to re-enter the arena at the nearest practical place, then shows him, if necessary.

Marking and penalties

Half marks will be used in all Eventing Dressage.

For competitions 95cm and above carrying a whip around arena -2. A whip or crop may be carried in competitions 80cm and below.

For competitions 95cm and above, carrying a whip in the arena -2 (judge must ring the bell and ask rider to drop whip as soon as soon as noticed). A whip or crop may be carried in competitions 80cm and below.

Incorrect dress or saddlery -2 (other errors).

Ear Hoods - permitted for all Events and may also provide noise reduction. However, ear hoods must not cover the Horse's eyes and ear plugs are not permitted.

Falls in dressage arena (elimination).

Lameness (Ask TD to organise a vet to check the horse before jumping phases rather than eliminate unless obviously uncomfortable and MARKEDLY lame).

Blood on horses see rule 526.4.

EA 543.4.1 Calling of tests

For Participant level competition i.e. 80cm and below, dressage tests may be called.

Regarding a test being called:

a. tests may not be called

- at any Competitive level competition i.e. EvA95cm or above
- at any Championship competition
- in any competition where the Conditions of Entry excludes it
- at any FEI-sanctioned competition (eg CCI / CCIP)

b. where callers are permitted, it is the responsibility of the competitor to ensure that only the printed text, or extracts thereof, is read out and that no other form of assistance is given

c. protocol to be followed for calling tests

- the caller may read each movement once or twice only. Failure to observe this rule may entail elimination
- callers should stand with their back to the wind so riders can hear them. This can be at either E or B
- it is advisable for riders to have a predetermined subtle signal to give to their callers if they need the movement to be re-called
- riders must not speak to their callers
- calling with too loud a voice should be avoided.

544 Scoring**544.1 Marking****544.1.1 Good Marks**

Judges will award good marks from zero (0) to ten (10) including half marks for each numbered movement and for the harmony mark.

544.1.2 Scoring Flying Changes, Halts, Rein-Backs, and Walk Pirouettes

For 4*-level Championships and Higher Level Events, if the score for a flying change, halt, rein-back, or walk pirouette varies by 3 points or more between the Judges, the Ground Jury will review the official video as soon as possible after the Dressage test. The review must be on the same day.

Corrections may only be made to the flying change, halt, rein-back, or walk pirouette score with the agreement of the Ground Jury and should be based on one or more of the original scores.

544.1.3 Paperless Judging

Organisers have the option to use paperless judging systems.

If used, any paperless judging system is subject to FEI approval and must be stated in the Event schedule.

FEI approved paperless judging systems as per the FEI requirements are posted on the FEI Website.

In any event, a paper version of the Dressage tests must be available to the Judges during competition as backup.

544.2 Calculation of Scores**544.2.1 Good Marks & Errors**

The good marks from zero (0) to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the harmony mark are added together deducting any error of course or test.

A fall of an Athlete or Horse during the period from when the bell rings to the end of their Test will lead to elimination.

Eventing Dressage test error penalties:

1st time	Two (2) points
2nd time	Four (4) points
3rd time	Elimination
Other errors:	Two (2) points per error to be deducted

All of the following are considered technical faults:

- a) Entering the space around the arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g., lack of gloves).

CHAPTER 8 – DRESSAGE TESTS

- b) Entering the Dressage arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g., lack of gloves).
 - i) If the Test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and, if needed and possible, an assistant may enter the arena to remove the item(s). The Athlete then continues the Test from the movement where they were stopped. The marks given before they were stopped are not changed.
- c) Entering the Dressage arena before the sound of the bell.
- d) Not entering the arena within 45 seconds after the bell, but within 90 seconds.
- e) Using voice or clicking the tongue repeatedly.
- f) Athletes not taking the reins in one (1) hand at the salute.

EA544.2.1.1 Errors

Error of course and other penalties

When an Athlete makes an "error of course" (takes the wrong turn, omits a movement, etc.) the Judge at C warns him, by sounding the bell. The Judge at C shows him, if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by himself.

However, in some cases when, although the Athlete makes an "error of course", the sounding of the bell would unnecessarily impede the fluency of the performance for instance if the Athlete makes a transition from medium trot to collected walk at V instead of at K, or, cantering up the centre line from A, makes a pirouette at D instead of at L -it is up to the Judge at C to decide whether to sound the bell or not. However, if the bell is not sounded at an error of course and the test requires the same movement to be repeated and the Athlete again makes the same error, the Athlete is only penalised once.

The decision as to whether or not an error of course has been made will be at the sole discretion of the Judge at C. The other Judges' scores will be adapted accordingly.

Error of test/execution.

When an Athlete makes an "error of the execution of the test" (trots rising instead of sitting, at the salute does not take the reins in one hand, etc.) he must be penalised as for an "error of course". In principle an Athlete is not allowed to repeat a movement of the test unless the Judge at C decides on an error of course (sounds the bell). If, however, the Athlete has started the execution of a movement and attempts to do the same movement again, the Judges must consider the first movement shown only and at the same time, penalise for an error of course

Unnoticed error.

If the Ground Jury has not noted an error, the Athlete has the benefit of the doubt and will therefore not be penalised for the error.

Penalties - Error of Course

Every "error of course", whether the bell is sounded or not, must be penalised, except as noted above.

First error two (2) points from the total score. Second error four (4) points. Third error Elimination.

Penalties - Other Errors

All of the following are considered errors faults, and two (2) points will be deducted per other errors but they are not cumulative and will not result in Elimination (including for Freestyle tests):

- Entering the space around the arena with whip (competitions 95cm and above only) or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves) and/or;
- Entering the Dressage arena with whip (competitions 95cm and above only) or with boots on the Horse's legs or with discrepancy in dress (e.g. lack of gloves) If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if needed and possible, an assistant may enter the arena to remove the item(s). The Athlete then continues the test, either starting from the beginning (from the inside of the fence) or from the movement where he was stopped. The marks given before he was stopped are not changed;
- Entering the arena before the sound of the bell;
- Not entering the arena within forty five (45) seconds after the bell, but within ninety (90) seconds;
- Athletes not taking the reins in one (1) hand at the salute

544.2.2 Judges Percentages

For each Judge, the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks and errors of the Judge by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge.

Rounding the result to two decimals implies that any score of "x.xx5" and above is rounded up, and any score less than "x.xx5" is rounded down.

544.2.3 Athlete's Percentage

Athlete's percentage is calculated on the average good marks and errors obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

544.2.4 Penalty Points

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal implies that any score of "x.x5" and above is rounded up, and any score less than "x.x5" is rounded down.

544.2.5 Overall Impression of Athlete and Horse Mark

In all Eventing Dressage Tests, one overall mark will be awarded for the Harmony of Athlete and Horse with a double coefficient.

Chapter 9 CROSS COUNTRY TEST

545 Rules Governing the Cross Country Test

545.1 Starting

545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time the Athlete is due to start, but it is the Athlete's responsibility to ensure that the Athlete is ready to start at the correct time.

545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately 5x5 metres will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as the Athlete pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

EA 545.1.2.2 Start Intervals

Intervals between starting of each rider must, at a minimum, be the following:

- 2* and below - 1 minute
- 3* and 4* - 2 minutes

Under exceptional circumstances after the commencement of the Cross-Country Phase, the Technical Delegate in conjunction with the Cross-Country Controller and the Organising Committee, may agree to reduce the gap between riders. The Organising Committee must be informed of this decision.

545.2 Optimum Time and Timing

545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with Art. 548.2 up to the time limit.

The time limit is twice the optimum time.

545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment the Athlete crosses the starting line which ever happens first to the moment the Athletes crosses the finishing line.

If an Athlete is stopped by an Official (e.g., for a broken fence, accident, being overtaken, for medical or veterinary examination, etc.), the time during which the Athlete is prevented from continuing until the Athlete is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in Articles 549.2 and 549.4.

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in Articles 549.2 and 549.4.

545.4 Pace and Dismounting

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace.

Athletes may voluntarily dismount (without incurring elimination according to Art. 549.5.1) to check on the Horse, adjust saddlery or equipment, or when held on course.

545.5 Overtaking

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way.

Any Athlete overtaking another Athlete must do so only at a safe and suitable place.

When the leading Athlete is before an obstacle and about to be overtaken, the Athlete must follow the directions of the Officials.

When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

545.6 Athlete in Difficulty

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated.

The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

545.7 Stopping Athletes

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted.

In such a case, an Official should be posted in the path of the oncoming Athlete. The Official shall wave a red flag, which indicates that the Athlete must stop.

Failure to stop is penalised by elimination at the discretion of the Ground Jury.

The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at their own obstacle.

Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

545.7.1 Timing

The time during which the Athlete was stopped, from the moment the Athlete passed the timing point until the Athlete passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course.

It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after the Athlete halts nor after a start from the halt.

545.8 Leaving the Course After Elimination

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk their Horse off the course, either mounted or dismounted.

Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art.525.1.

546 Courses**546.1 Marking****546.1.1 Red or White Boundary Flags**

Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on their right and a white flag on their left.

546.1.2 Numbers and Letters

Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 547.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

546.1.3 Start and Finish Signs

In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

EA 546.1.4 National Colour Indicator Codes

For the convenience of athletes when they are inspecting the course, colour indicators are used to mark the obstacles for the different classes.

Indicators are:

PALE BLUE	- CCN4*-S
GREEN	- CCN3*-S
YELLOW	- CCN2*-S
PINK	- CCN1*-S
GREY OR WHITE	- EvA95
RED	- EvA80

For EvA65 and below, State Eventing committee to select colours best suited to state conditions.

546.2 Distances and Speeds

The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition in Annex A, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex A must be approved by the Eventing Committee, except as provided for in Art. 537.2.

546.3 Finishing Lines

The last obstacle of Cross Country shall be not less than 20 metres, and no more than 50 metres from the finishing line.

546.4 Course Plans

Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

- a) The position of the start and finish
- b) The numbered obstacles and compulsory passages
- c) The distance
- d) The optimum time and time limit

547 Obstacles

Please refer to the [Cross Country Guide for Officials](#) for further information.

547.1 Definition

An obstacle is considered as such if and only if its extremities are marked with a red flag and a white flag and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

547.2 Type of Obstacles

547.2.1 General

The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

547.2.2 Construction

The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

547.2.3 Brush

Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e., thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

547.2.4 Frangible/Deformable Obstacles

Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable Cross Country fences. A list of approved technologies is published on the FEI website.

For all levels, all open oxers, open corners, verticals or near verticals with open rails, top rail on triple bars and gates where the rail dimensions and weight fit the acceptable parameters of an FEI approved frangible device, must be fitted with frangible devices.

EA 547.2.4.1 Frangible/Deformable Obstacles

In 1*/2*/3*/4*/5* courses whether for national or FEI competition in Australia, all fences that can be fitted with frangible devices MUST be fitted with frangible devices. These include all open corners, open oxers, verticals or near verticals with open rails, top rail on triple bars and gates where the rail dimensions and weight fit the acceptable parameters of an approved frangible device.

547.2.5 Fences Related to Water

Each Cross Country course must have at least one obstacle (effort) related to water. can a text box be defined in styles

EA 547.2.5.1 Drought conditions

Under severe drought conditions where the local laws prohibit the filling of the water course, or it is not financially viable to do so, the Organising Committee may apply to the Chairman of the EAEC for an exemption to have mandatory fences related to water.

547.2.6 Sloping & Round Leading Edges

Spread fences, including corners must not have an upright or vertical leading edge. The top of the front of the fence must be rounded or sloped. All other fences, including gates and fences using square and/or sawn materials, must not have any sharp or square edges. Brush fences are excluded provided there is at least 20cm of brush above the solid part of the fence.

EA 547.2.6.1 Front Shoulders of Spread Fences

Refer to Equestrian Australia Cross Country guide:

https://www.equestrian.org.au/sites/default/files/2023_EA_XC_Guidelines_v2.0.pdf

547.2.7 Ground lines

Ground lines must be used on fences at all levels.

An additional ground line is not compulsory for fences with a leading edge of 50 cm or less.

547.3 Dimensions

The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition provided in Annex A.

Obstacles must comply with the permitted fence dimensions as per Annex A at the time of the approval by the Ground Jury (in case of change of ground conditions).

547.3.1 Fixed Part

The fixed and solid parts of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

547.3.2 Brush

The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of Competition provided in Annex A.

547.3.3 Water

At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six (6) metres between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

A fence must not be less than two strides before a step out of water or three strides after a drop in water.

Water to water with a drop is not a permitted obstacle question at any level.

547.3.4 Obstacles with Spread Only

At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

547.3.5 Drops

At 2*-level, no drops over 160 centimetres are permitted. At 3*, 4* & 5*-level drops with a flat landing exceeding 160 centimetres are limited to two.

547.4 Measurement**547.4.1 Height**

The height of an obstacle is measured from the point where the average Horse would take off.

547.4.2 Spread

The spread of an open obstacle (e.g., oxer or ditch) is measured from the outside of the rails or other material making up the obstacle on the line where the average Horse is expected to jump. The spread of a closed obstacle with a solid top (e.g., Tables) is measured from the highest point to the highest point on the line where the average Horse is expected to jump. Base spread measurements include all solid element/rails, including solid ground lines (please refer to Cross Country Guidelines for details).

547.4.3 Drop

The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

547.4.4 Natural Obstacles

When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

547.5 Obstacles with Elements and/or Options**547.5.1 Obstacles Composed of Several Elements**

If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run-out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

547.5.2 Obstacles with Alternatives

Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

An alternative obstacle must be sited in such a way that the Horse/Athlete must make a new attempt/approach after a refusal or run-out.

547.5.3 Black Flagged Alternatives

Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case, both sets of flags must be marked with a black line on both sides of the flag.

547.6 Number of Jumping Efforts

The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition provided in Annex A.

The efforts to be counted are the efforts on the route expected to be taken by the majority of Horses.

For all classes at all levels, it is possible to have a maximum of an additional 2 efforts whereby steps and ditches do not necessarily count as efforts under the following conditions:

- a) 2 steps as part of a combination/related fences may only count as one effort, e.g., a sunken road with what would traditionally be 4 efforts (fence before, step down, step up, fence after) may count as 3 efforts.
- b) 3 steps up or down may count as 2 efforts.
- c) a ditch as part of a combination (e.g. a hollow/coffin type fence) does not count as an effort.
- d) a step down as part of a combination need not necessarily be counted as an effort provided that any such step does not exceed the maximum permitted height of an obstacle for the Competition. Steps up that do not exceed 75% of the maximum permitted height of an obstacle for the Competition need not necessarily count. The CD and TD need to agree, in advance of the competition, how many of such efforts, if any, are appropriate for the particular competition given the nature of the terrain and the balance, flow, and intensity of the course. If a step or a ditch is clearly an 'effort', it should be counted as such.

548 Scoring**548.1 Faults at Obstacles**

Fault	Penalty
First refusal, run-out or circle	20 penalties
Second refusal, run-out or circle at the same obstacle	40 penalties
Third refusal, run-out or circle on Cross Country Course	elimination
For CCN1* and below only – fourth refusal, run-out or circle on XC Course	elimination
For EvA 80cm and below – first missed obstacle	100 penalties
For EvA 80cm and below – second missed obstacle	100 penalties
For EvA 80cm and below – third missed obstacle	elimination
Fall of Athlete or Horse on Cross Country Course	elimination
Activating a frangible device where the dimension of the fence is modified	11 penalties

CHAPTER 9 - CROSS COUNTRY TEST

Dangerous Riding	25 penalties
Missing a flag as per Art. 549.2	9 penalties

Note: For instances in which a Fall has occurred in the same movement as a refusal, activation of a breakable device, or missing a flag, the points related to the additional fault will not be counted towards the results (e.g., a Horse refuses, causing the Athlete to fall will not cause the combination to incur 20 penalties for the refusal). These must, however, be reported in the Cross Country Fence Analysis.

For the avoidance of doubt, in no case should the points related to activating a frangible device be removed, unless specified in the previous note.

Evidence: Only official video recording can be used as evidence. Officials will clarify before the start of Cross Country and inform Chefs d'Equipe/riders at meeting/briefing which video recording will represent the official view, to avoid any misunderstanding.

548.2 Time Faults

Fault	Penalty
Exceeding optimum time	0.4 penalties per commenced second
Exceeding time limit	elimination

EA 548.2.1 Time Faults

Fault	Penalty
Completing Cross Country Course more than 20 seconds under optimum time for CCN1* and below.	Zero point four (0.4) penalty per commenced second

548.3 Additional Reasons for Elimination

548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

- a) Competing with improper saddlery (Art. 539).
- b) Error of course not rectified (Art. 545.3).
- c) Omission of obstacle or compulsory passage (Art. 545.3).
- d) Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (Art. 545.3).
- e) Jumping an obstacle in the wrong direction (Art. 545.3).
- f) Retaking an obstacle already jumped (Art. 545.3).
- g) Athlete in difficulty (Art. 545.6).

EA 548.3.1.1 Omission of obstacle EvA80cm and below

For levels EvA 80cm and below, up to two obstacles may be omitted. A penalty of 100 will be incurred for each missed obstacle. A third missed obstacle results in elimination from the competition.

548.3.2 Ground Jury Discretion

Elimination is left to the discretion of the Ground Jury in the following cases:

- a) Dangerous Riding (Art. 525.1).
- b) Abuse of Horse (Art. 526.1).
- c) Deliberately starting before being given the signal to start (Art. 545.1.1).
- d) Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (Art. 538.1.1).
- e) Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (Art. 525.1.1).
- f) Causing danger to another Athlete while overtaking that Athlete (Art. 525.1.1).
- g) Failure to stop when signalled (Art. 545.7).
- h) Unauthorised assistance (Art. 540).

549 Definition of Faults

The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

In the case of black flag alternatives, only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left-hand route then 6b right-hand route) provided the Athlete has not presented their Horse at the next element of the original line.

In the case of black flag alternatives, the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

For all faults at obstacles, the review process will be explained by the Technical Delegate during the Event briefing.

549.1 Refusal**549.1.1 Obstacles with Height**

At obstacles or elements with height (i.e., exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

549.1.2 Obstacles without Height

At all other obstacles (i.e., 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

549.1.3 Multiple Refusals

After a refusal, if an Athlete redoubles or changes their efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

549.2 Run-out - Missing a Flag

a) Clear (0 penalties): A Horse is considered to have cleared the fence when the head, neck and points of both shoulders pass between the extremities of the obstacle as flagged. If a flag is dislodged, the hindquarters must jump the height of the solid part of the obstacle.

b) Missing a flag (9 penalties): A Horse is considered to have missed a flag when the point of a shoulder fails to pass between the extremities of the obstacle as flagged. The head and neck must pass inside the extremities of the obstacle as flagged. If a flag is dislodged, the hindquarters must jump the height of the solid part of the obstacle.

c) Run-Out (20 penalties): A Horse is considered to have run-out if, having been presented at an obstacle on the course, it avoids it in such a way that the head, neck and point of either shoulder fail to pass between the extremities of the obstacle as flagged or the hindquarters have not jumped the height of the solid part of the obstacle. Continuing on course without representing will incur elimination.

549.2.1 Change of Intention

An Athlete is permitted to change their mind as to where the Athlete jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, the Combination will be considered to have run-out.

549.2.2 Judging of Bounce Obstacles

At any obstacle where the distance between elements is 5 metres or less (i.e., a "bounce"), when a Horse has negotiated the first element without penalty, the Horse will be deemed to have been presented at the second element, and similarly if the "bounce" is for example the second and third elements of a combination. Thus, if an Athlete "changes their mind" while negotiating the first element of a "bounce" and, for example, then goes a longer route, the Athlete will still be penalised 20 penalties for a run-out.

549.3 Circle

549.3.1 Separately Numbered Obstacles

At separately numbered obstacles, an Athlete may circle or cross their tracks between or around them without penalty provided the Athlete has not presented their Horse at the second or subsequent obstacles.

549.3.2 Obstacles Composed of Several Elements

At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised once it has jumped the first element and before it has jumped the last element if:

- a) It passes around the back of the next element of the lettered combination that it subsequently jumps.
- b) It crosses its tracks between the elements.

c) It circles back around any element that it has already jumped before jumping any subsequent element of a lettered combination.

549.4 Representing After a Disobedience

After being penalised for a refusal, run-out or circle, an Athlete, in order to make another attempt, is permitted to circle one or more times without penalty, until the Athlete again presents their Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, the Athlete is permitted to retake any elements already jumped, although the Athlete is liable to be penalised for any fault even if the Athlete has previously jumped an element successfully.

If after a refusal, run-out or circle, the Athlete wishes to pass through flags of a fence without height (i.e., step or ditch) in the wrong direction in order to retake an element, the Athlete may do so without penalty.

549.4.1 Representing a frangible fence after a Disobedience

Reattempting an activated frangible fence element not correctly restored to its original condition will result in elimination.

549.5 Fall

549.5.1 Athlete

An Athlete is considered to have fallen when the Athlete is separated from their Horse in such a way as to necessitate remounting.

549.5.2 Horse

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

Chapter 10 JUMPING TEST

550 FEI Jumping Rules

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1 January the following year.

551 Object

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

552 Course and Obstacles

Within the limits shown in Jumping Annex B, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex B. At least two thirds shall be of maximum height for the level offered.

A tolerance of five (5) centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

552.1 Type of Obstacles

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

The jumping cups must have a depth of minimum 20 mm and maximum 25 mm. This also applies for safety cups.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

553 Scoring**553.1 Faults at Obstacles**

Fault	Penalty
Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties
Second run-out, refusal or unauthorised circle in the whole test	elimination
Fall of Athlete or Horse	elimination

Note: For instances in which a Fall has occurred in the same movement as a refusal or knocking down an obstacle, the points related to the additional fault will not be counted towards the results (e.g., a Horse refuses, causing the Athlete to fall will not cause the combination to incur 4 penalties for the refusal).

For Short Format Competitions (when the Jumping Test is before the Cross Country Test), an Athlete incurring 20 or more Obstacles penalties during the Jumping test will not be authorized to start in the Cross Country Test and will be automatically eliminated from the Competition.

EA 553.1.1 Faults at Obstacles CCN1* and below

Second run-out, refusal or unauthorised circle in the whole test	8 penalties
Third run-out, refusal or unauthorised circle in the whole test	elimination
Fall of Athlete or Horse	elimination

EA 553.1.2 Automatic Elimination after multiple Show Jumping Faults

In National competitions CCN2*-S and above where Show Jumping is held before Cross Country, combinations that incur 24 or more obstacle penalties during the jumping test will be eliminated before Cross Country as a preventative risk management measure.

553.2 Time Faults

The length of the course and the speed demanded determine the time allowed.

Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed, Athletes are penalised with 0.4 penalties per commenced second.

Exceeding the time limit involves elimination.

Note for half star classes: the dimensions and number of efforts used must relate to the higher level at 1.5 and 2.5 classes. For example, two star dimensions, speed and efforts must be used in 1.5 level classes

The plan of the course, which must be posted before the jumping commences, must show:

- position of starting and finishing lines;
- relative position of obstacles;
- type of obstacles (oxer, vertical, triple bar) and numbers;
- the track to be followed marked by a series of arrows showing the direction in which each obstacle must be jumped;
- alternative obstacles;
- length of the course;
- speed;
- Time allowed and time limit;
- any decisions made by the Technical Delegate with regard to the course.
- Before the commencement of each class, a break of 10 minutes minimum should be allowed for athletes to walk the course.

Starting and Finishing Lines

The starting and finishing lines may not be more than 15m or less than 6 m from the first and last obstacle. These two lines must each be marked with an entirely red flag on the right and an entirely white flag on the left.

Time of the Round

The time of the round is the time taken by an athlete to complete the round, plus time corrections. After the bell has been rung to signal permission to start, the athlete should cross the starting line within a 45 seconds countdown, after which his time will start. The athlete must not start before the signal has been given. It extends to the moment that the mounted athlete crosses the finishing line having jumped the last obstacle. Both these lines must be crossed in the direction indicated on the plan.

Time Faults

- The length of the course and the speed demanded determine the time allowed.
- Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalised by 0.4 for each second or part of a second in excess of the time allowed up to the time limit which is twice the time allowed.
- Exceeding the time limit results in elimination.

Time Corrections**Knock-down with Disobedience**

1. If as a result of a disobedience, an athlete displaces or knocks down an obstacle, the bell is rung. The clock is stopped until the obstacle has been rebuilt. The athlete will be penalised for a refusal and 6 seconds will be added to the time taken by the athlete to complete his test.
2. If an athlete displaces or knocks down one of the elements of a combination and refuses or runs out at one of the subsequent elements, the bell is rung. The clock will be stopped as for an obstacle knocked down following a disobedience. The penalties for the disobedience and the addition of 6 seconds must be applied

Knock-down & Fall

Falls at all levels incurs elimination.

Reasons for Elimination – Jumping

Statutory elimination by the Showjumping Judge:

- jumping or attempting to jump an obstacle in the arena before the start of the test;
- starting before the signal is given and jumping the first obstacle of the course;
- a horse resisting for 45 consecutive seconds during the test

Resistance includes:

- taking more than 45 seconds to jump a single obstacle or the first part of combination and resistance continuously for 45 seconds during the test;
- omitting to cross the starting line and/or finishing line between the flags;
- jumping an obstacle that does not form part of the course during the test;
- omitting to jump an obstacle of the course;
- jumping an obstacle in the wrong order;
- jumping an obstacle in the wrong direction;
- jumping or attempting to jump an obstacle after an interruption without waiting for the bell;
- not jumping all the fences in a combination again after a disobedience;
- not crossing the finishing line mounted before leaving the arena;
- a loose horse leaving the arena before the end of the Test, including before starting, provided the arena is correctly closed in accordance with the rules;
- accepting, while mounted, any object whatsoever during the test, except headgear and/or spectacles;
- error of course not rectified;
- competing with improper saddlery, or with a whip exceeding 75 cm;
- exceeding the time limit;
- second runout or refusal (CCN4* - CCN2* events);
- third runout or refusal (CCN1* and below events);
- failure to re-attempt an obstacle after a run-out or refusal;
- first fall of rider
- first fall of horse

Discretionary elimination by the Showjumping Judge:

- not entering the arena when the athlete's number is called;
- entering the arena unmounted or leaving the arena unmounted;
- all unauthorised assistance;
- not stopping when the bell is rung during the test;
- jumping or attempting to jump an obstacle without headgear or with an unfastened retention harness.

Prohibited Practice Jumping Fences

Annex C Medical Services

Requirements for Medical Services at FEI Eventing Competitions

This Annex outlines the medical service coverage to be implemented by Organising Committees (OCs) of FEI Eventing Events.

It must be read in conjunction with article 109.10.1 FEI General Regulations, the General Medical Coverage requirements for FEI Events in accordance with article 109.10.1, the FEI Key Event Requirements No.11 available on the FEI website and any guidance issued by the FEI for the medical coverage of Events.

I. MEDICAL SERVICES REQUIREMENTS APPLICABLE THROUGHOUT THE EVENT

1. Chief Medical Officer (CMO)

1.1 Role

The CMO is appointed well in advance of the Event and works closely with the Organizing Committee when planning for Event medical coverage and participate in the preparation of the Serious Incident Management Plan (SIMP) for the Event.

At Championships, the CMO will arrange a meeting for the international team doctors and medical personnel in order to familiarise them with the venue and available medical resources and provide the necessary contact information to access the medical services.

1.2 Qualifications

The CMO does not have to be a physician, but is suitably experienced in the planning of medical coverage for equestrian events and has knowledge of the available local emergency medical resources and applicable local regulations.

2. First aid for spectators and workforce

First aid services for spectators and workforce must be provided in compliance with the locally applicable legislation and guidelines and following consultation with the CMO and local emergency medical service personnel.

3. On-site medical personnel

On-site medical personnel as detailed in Table 1 below must be available during the hours of competition and training periods.

They must be able to cover all riding and competition areas, stables, and on-site accommodations.

ANNEX C – MEDICAL REQUIREMENTS – ANNEXES

Table 1

At least one (1) member with the minimum necessary skills to: <ol style="list-style-type: none"> a. perform airway management b. apply cervical and spinal stabilization.
Transportation			<ol style="list-style-type: none"> 1. Whenever possible, a medically appropriate vehicle shall be on-site for the transportation of seriously injured or sick persons to a medical facility. If this is not possible, a medically appropriate vehicle must be available on call. 2. A system must be in place for the safe removal of injured Athletes from the field of play. 3. The personnel must be adequately trained to use the available equipment.

4. Medical personnel access to the venue

All medical personnel with their emergency equipment and transport must have credentials and access to the entire venue at all times, including the stable area and finish during the competition.

They must be familiar prior to the competition with all access routes to the competition areas and anticipate alternatives in the event of inclement weather conditions which may necessitate the use of all-terrain vehicles for transport to ensure rapid evacuation.

5. Communications

ANNEX C – MEDICAL REQUIREMENTS – ANNEXES

- A reliable communication system must be in place throughout the entire Event, to alert the on-site emergency medical providers and/or the local emergency medical service, including communication with the Event Officials.

II. MEDICAL SERVICES REQUIREMENTS APPLICABLE DURING COMPETITION TIME (INCLUDING DESIGNATED WARM-UP TIMES)

1. Medical response - DRESSAGE and JUMPING tests

MINIMUM REQUIREMENT		
Medical personnel type	Response time	Logistical considerations
1 x Standard Medical Response Team available on site	Strongly recommended: maximum 3 minutes(***) from notification of accident	Should have an immediate access to any part of the competition arena and warm up areas.
+		
Additional medical personnel required for adequate coverage As pre-determined by the CMO and OC depending on the layout and number of arenas		
-		

2. Medical response – CROSS COUNTRY Test

MINIMUM REQUIREMENT		
Medical personnel type	Response time	Logistical considerations
1 x Advanced Medical Response Team available at all times on site	Maximum 5 minutes from notification of accident	Capability of rapid deployment to any part of the course (including warm-up area) and all obstacles on the cross country course
+		
Additional medical personnel required for adequate coverage As pre-determined by the CMO depending on the layout of the Cross Country courses and the accessibility of the site.		

3.1 Evacuation of injured athletes from the field of play

ANNEX C – MEDICAL REQUIREMENTS – ANNEXES

Provisions should be clearly established before the start of the competition for intermediate transport of any injured athletes off the field of play to the transport medically appropriate vehicle.

Possible adverse transport conditions due to weather conditions should be anticipated. This may include all wheel drive transport options which will require pre-positioning at the direction of the CMO and on-site medical providers.

3.2 Plan for the transportation of injured athletes to hospital

- In determining the number of medically appropriate vehicles, the CMO and OC should consider the distance to the nearest trauma hospital in case one vehicle has to leave the competition site, making sure that another vehicle is still readily available to cover the competition. Otherwise the competition must be delayed until a replacement ambulance is on-site.
- Rapid routes for access and departure must be prepared in advance and safeguarded during the competition for the expeditious transfer of the seriously injured to an appropriate medical facility. This should also include pre-determined plans for access and egress for jumps that are deemed potentially high risk.
- Depending on the access to the site and the distance to a trauma hospital (greater than 60 minutes by land transport), helicopter evacuation should be strongly considered for seriously injured Athlete at the discretion of on-site medical personnel. A suitable landing zone should be identified and secured in advance for the medical evacuation helicopter. This information should be relayed by the CMO to the appropriate medical evacuation helicopter service in advance of the competition.

III. MANDATORY MEDICAL ASSESSMENT AFTER A FALL

If an Athlete falls at a Competition, the Athlete will not be allowed to continue without a medical assessment by on-site medical personnel, even if the Athlete has no obvious injury. Please see applicable FEI rules if an Athlete refuses medical evaluation which will result in immediate elimination for the remainder of the competition.

Article 523.3 All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Article 523.3: Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued an Eventing Recorded Warning for incorrect behaviour, which will be delivered to their National Federation.

- 1.2. Request all MSP to complete EA-HSMS-MED-Medical Provider Pre-Event Checklist and Service Agreement Form 06 and this form can be completed annually if the Organising Committee (OC) engages the same MSP for all events. However, if any circumstances or documented provisions alter for the MSP a new Form 06 must be completed and provided to the OC.
- 1.3. All MSPs engaged by the OC for any event must meet all the requirements as outlined in Annex D.1 and detailed in Attachment A and listed in EA-HSMS-MED-Medical Provider Pre-event Audit Form 07 and that these items be in optimal working order, calibrated and current as required.
- 1.4. Emergency vehicles must be able to access all parts of the venue.
- 1.5. Organising committees OCs must arrange appropriate communication tools for all key officials, paramedics and medical response teams.
- 1.6. Before the commencement of an Event, the Event Doctor or the Medical Response Team is to be consulted and briefed in relation to the Eventing Serious Incident Management Plan and requested to provide feedback as to the adequacy of medical coverage and response; and be invited to attend any pre-Event briefing where the Eventing Serious Incident Management Plan is discussed.
- 1.7. Local and State emergency services must be advised of the location and time of the event and co-ordinates of a suitable landing place should air evacuation be required at any time. The "Emergency Plus App" is an easy way to establish this when on site.
- 1.8. Medical planning should take into account geographical considerations (i.e size, layout and terrain) as well as the number of competitors and programming.
- 1.9. Planning should take into account an optimum response time to any incident is 3 minutes.
- 1.10. Any event that has multiple MRTs available to service the event adhering to the requirements outlined in Annex D.1 are permitted to allow other phases to continue. If not, then all riding phases **MUST** stop until the MRTs have returned to base and provided clearance to continue.
- 1.11. If there is a human fatality the event ceases, without recommencement.
- 1.12. Where an MRT is called, the time of the fall and the time that the MRT arrived must be recorded by Control and those times to be reported in the TD Report.
- 1.13. It is the responsibility of the OC to ensure that the MSP Team vehicle/unit can be identified and that access and egress to all areas of the venue be documented. The use of the Emergency Response App is recommended if mobile coverage is adequate, and the GPS co-ordinates be documented in the SIMP.

- 1.14. Event OCs must advise all competitors registered to compete at an Event of the nature and level of Medical Services available at the event, at least seven days prior to the commencement of the Event. This can be done by including the link to the EA National Eventing Rules EA Annex D.1 EA CCN Medical and Veterinary Services Requirements found at <https://www.equestrian.org.au/eventing-rules>
- 1.15. Depending on the size and layout of the venue and competition schedule, more than one MRT may be required to ensure rapid response is achievable to all areas of the venue.
- 1.16. A representative of the MRT must either attend the cross-country officials meeting or be separately briefed by the TD before the cross-country competition commences.
- 1.17. The TD (or another Official or OC member) must also familiarise the MRT with all aspects of the venue/courses including all vehicle access routes and suitable evacuation points including air evacuation.
- 1.18. Members of the MRT may not compete at the event unless a suitably qualified back up is available for the period they are competing, the back- up has been briefed on the outcomes of the XC officials meeting and there is a formal handover process.

Annex D Organising Requirements for Eventing 5*-Level Events

5*-level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential Organising Committees to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

Application process:

- a) Before being awarded an Event of 5*-level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least Four star level, and demonstrated the ability to stage an Event of the highest level.
- b) Application from the host National Federation to the FEI to stage a five star level Event must be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.
- c) The Organising Committee must have a proven track record of success. A business plan must be presented as well as a motivation letter on the reasons to transfer to the CCI5* category.
- d) Details in regard to the Organising Committees Broadcast strategy must be provided as well as expressions of interest in regard to Broadcast coverage and live streaming.
- e) The venue needs to be approved by an FEI appointed Delegate, who will visit the proposed Event at the OC's/National Federation's expense.
- f) The National Federation will be responsible for supporting the application and overseeing the success of the Event, and a representative of the National Federation must be included in the Board of the Organising Committee.
- g) The proposal must include the proposed Course Designer who must be an Eventing Level 4 Course Designer. The Course Designer in question must support the proposal and endorse that the venue is suitable for the 5*-level.
- h) The Event has to be approved by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The FEI Eventing Committee also reserves all rights to not accept the 5* denomination request of any Organiser.
- i) Dates must fit in to the overall Eventing calendar, not clash with any major Event/Championship and be consistent from year to year in order to allow the other Events to position themselves in consequence.
- j) Applications shall be sent to the FEI at the latest by July the year preceding the Event applied for.

Requirements:

- a) Minimum level of prize money: € 150'000 by 2025.
- b) Mandatory CCTV for public, Athletes, owners and the Ground Jury and for safety reasons.

 - i) 5* Dressage and Show Jumping
 - ii) 11-12 minutes Cross Country / 6270-6840 m / 40-45 efforts
 - iii) 5* fence heights and fence technical standards

- c) All Events will be reviewed on yearly basis.

ANNEX D – ORGANISING REQUIREMENTS – ANNEXES

Annex E Athlete Representative

1 Appointment of Athlete Representatives

Prior to the Athletes' first opportunity to inspect the Cross Country course, every Organising Committee of an international Event must appoint an Athlete Representative among the Athletes taking part in the Competition having first obtained that Athlete's consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.

2 Athletes Briefing

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground, etc. must still take place on the evening before the Cross Country Test.

EA CCN Athletes Representative

The CCN Athletes Representative (AR) is a key link between officials and competitors at Events. An AR should be appointed at all CCN competitions and must be present at the competition. The OC will publish the name and contact details for the AR in the schedule (if known at the time of publication) and in the Riders Notes issued before the event. The notification of the AR to athletes should be 7-days prior to the commencement of the event. The AR contact details should be posted on the Competition Noticeboard.

Key Responsibilities

- To act as a focal point for riders to communicate concerns about any aspect of the competition and to communicate those concerns in a timely manner to officials.
- To discuss concerns raised with officials, be part of the resolution process and be one channel of communication of the resolution to riders (it is also required that officials communicate any broad changes to courses or timetable etc via the noticeboard and other means to ensure riders are properly informed)
- To be a sounding board for officials and participate in decision making where required.
- To provide feedback to TD/CD and OC about areas for improvement (normally done by completing the Rider Rep report form and returning at the conclusion of the event)

Selection Criteria for the Athletes Representative

- Approachability - the appointee is approachable by younger and/or less experienced riders.
- Experience – the athlete is experienced at the level for which they are appointed.
- Availability during the event

Communication

- ARs must be asked if they accept their appointment.
- The names of the appointed ARs, classes for which they are appointed, and contact details should be posted with the draw and MUST be posted on the noticeboard at the event.
- At long format events, the AR should be introduced at the Athletes briefing.
