To be read in conjunction with the EA General Regulations and other EA policies and By-Law available on the EA website [www.equestrian.org.au](http://www.equestrian.org.au) - These rules are effective from 1 July 2021. From this date on, all other texts covering the same matter are superseded

## Preamble

The following rules have been adopted by Equestrian Australia (EA) and must be followed by all affiliated organisations conducting dressage events on behalf of EA or under EA rules. They follow as closely as possible the rules laid down by the Fédération Equestre Internationale (FEI). Some FEI rules have been modified to suit Australian conditions. If issues arise which are not covered in the EA rules then the FEI rules apply. In the event of a conflict between EA rules and FEI rules, the FEI rules will prevail. Any modified EA rules do not apply in a FEI-sanctioned event.

These rules cannot provide for every eventuality. In any unforeseen or exceptional circumstances, it is the duty of the appropriate official(s) to make a decision in a sporting spirit and adhere as closely as possible to the intention of these rules

Notwithstanding anything stipulated in these rules, the Equestrian Australian Dressage Committee (EADC) has full discretion and complete authority to omit, amend and interpret these rules in their absolute discretion and to give or to withhold any explanation of its decision.

These rules refer to EA dressage, FEI dressage at EA events, and Eventing dressage. For the rules relating to FEI-sanctioned dressage events refer to the FEI rules at [www.fei.org](http://www.fei.org).

### 1.2 Code of Conduct for the Welfare of the Horse

The following code has been developed by the FEI and adopted by the EA:

#### 1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands

- a) *good horse management* — Stabling, feeding and training must be compatible with good horse management and must not compromise welfare of the horse. Any practices that could cause physical or mental suffering, in or out of competition, will not be tolerated
- b) *training methods* — horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to any training methods which are abusive, cause fear or for which they have not been properly prepared
- c) *farriery and tack* — Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury
- d) *transport* — During transportation, horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent staff. Competent handlers must always be available to manage the horses
- e) *transit* — All journeys must be planned carefully, and horses permitted regular rest periods with access to food and water in line with FEI guidelines

#### 2. Horses and riders must be fit, competent and in good health before they are permitted to compete

- a) *fitness and competence* — Participation in competition must be restricted to fit horses and riders of proven competence
- b) *health status* — No horse showing symptoms of disease, lameness, significant ailments or pre-existing clinical conditions should compete or continue to compete if its welfare would be compromised. Veterinary advice must be sought whenever there is any doubt
- c) *doping and medication* — Abuse of medication and doping is a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be permitted for the horse's full recovery before competition
- d) *surgical procedures* — Any surgical procedures that threaten a competing horse's welfare or the safety of other horses and/or riders must not be permitted
- e) *pregnant/Recently foaled mares* — A mare must not compete after their fourth month of pregnancy or with foal at foot
- f) *misuse of aids* — Abuse of a horse using natural riding aids or artificial aids (e.g. whips, spurs, etc) will not be tolerated

### **3. Events must not prejudice horse welfare**

- a) *competition areas* — horses must only be trained and compete on suitable and safe surfaces. All obstacles must be designed with the safety of the horse in mind
- b) *ground surfaces* — All ground surfaces which horses walk, train or compete on must be designed and maintained to reduce factors that could lead to injuries. Particular attention must be paid to the preparation, composition and upkeep of surfaces
- c) *extreme weather* — Competitions must not take place in extreme weather conditions if the welfare or safety of the horse may be compromised. Provision must be made for cooling horses quickly after competing in hot or humid conditions. (Refer to Annex C EA Hot Weather Policy)
- d) *stabling at events* — Stables must be safe, hygienic, comfortable, well-ventilated and of sufficient size for the type and disposition of the horse. Appropriate feed and clean bedding, fresh drinking water and washing-down water must always be available
- e) *fitness to travel* — After competition a horse must be fit to travel in accordance with the FEIs guidelines

### **4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over**

- a) *veterinary treatment* — Veterinary expertise must always be available at an event. If a horse is injured or exhausted during a competition, the rider must dismount and a veterinarian must check the horse
- b) *referral centres* — Wherever necessary, the horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured horses must be given full supportive treatment before transport
- c) *competition injuries* — The incidence of injuries sustained in competition should be monitored. Ground surface conditions, frequency of competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries
- d) *euthanasia* — If injuries are sufficiently severe, the horse may need to be euthanised by a veterinarian as soon as possible on humane grounds and with the sole aim of minimising suffering
- e) *retirement* — Every effort should be made to ensure that horses are treated sympathetically and humanely when they retire from competition

### **5. The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in their areas of expertise relevant to the care and management of the competition horse**

## **1.3 Abuse of the horse (Article 142, FEI General Regulations and EA rules)**

No person may abuse a horse during an event or at any other time. 'Abuse' means an action or omission that causes or is likely to cause pain or unnecessary discomfort to a horse, including without limitation any of the following:

- b) subjecting a horse to any kind of electric shock device
- c) using spurs excessively or persistently
- d) jabbing the horse in the mouth with the bit or any other device
- e) competing on an exhausted, lame or injured horse
- f) 'rapping' a horse
- g) abnormally sensitise or desensitise any part of a horse
- h) leaving a horse without adequate food, drink or exercise
- i) using any device or equipment which causes excessive pain to the horse if it knocks down an obstacle

### 1.3.1 Reporting of abuse

Anyone witnessing an incident of abuse must report it in the form of a written protest (see EA General Regulations *Article 163*) in confidence to the OC immediately who will refer the matter on their behalf within 14 days to the State Branch authority to initiate action. Competitors are alerted to the fact that, as well as FEI and EA General Regulation 142, cruel application of spurs, whips or bits is illegal in some Australian states and territories.

### 1.3.2 Unable to fulfil the requirements of the test

Where the Judge at C is of the opinion that the horse and rider combination are not able to fulfil the requirements of the level of the test; and/or the performance is not in the best interests of the horse's welfare due to extreme tension; and/or clearly shows abusive riding, the combination will be eliminated. There is no appeal against this decision.

## 1.4 Bleeding

- a) if the Judge at C sights fresh blood anywhere on the horse during the test, they will stop the horse to check. If the horse shows fresh blood, it will be eliminated. The elimination is final. If the judge clarifies through examination that the horse shows no fresh blood, the test may resume
- b) the sighting of any fresh blood on the horse at the gear check prior to or during the test will entail elimination. There is no appeal against this decision
- c) if the Steward or gear checker discover fresh blood in the horse's mouth or in the area of the spurs at the end of the test, they inform the Judge at C, who will eliminate the horse. If the Steward or gear checker discover fresh blood anywhere else on the horse's body at the end of the test, the horse is not automatically eliminated, but the Judge at C may eliminate the horse
- d) a veterinarian may inspect the horse after elimination to decide if the horse is fit to continue in another test and inform the OC in writing of the decision prior to that test. The veterinarian's opinion is final

### 1.4.1 Protective covering

Any form of protective skin covering on the horse such as plaster/tape/belly band covering or towel, whether the skin is broken or not, is strictly forbidden at an event and will entail elimination if used. Refer to 5.17.

The following are **not permitted** in the construction of an arena:

- g) stakes which are driven into the ground
- h) unbreakable rope
- i) unbreakable chain
- j) unbreakable tape
- k) line marking or rope on the ground
- l) thin poles on the ground (e.g. jumping rails)

### 3.7 Entering the arena (See Annex D *Arena Familiarisation*)

Riders and event organisers must be aware of the following:

- a) when presenting to the judge before a test, riders do not have to stop and report to the judge but must make sure the judge has clearly seen their Horse Identification Number
- b) for competitions where it is not practical or safe to ride around the outside of the arena prior to entering, the rider is permitted to enter the arena as soon as the previous rider has exited and before the bell is sounded. After the bell has sounded the new rider starts the test from within the arena
- c) under special circumstances and conditions, the OC may also permit riders to ride within an outdoor arena
- d) for outdoor competitions, if the area surrounding the competition arena is unsuitable for riding on, then the Chief Judge, in consultation with the OC, will make a decision as to whether it is permitted to allow the competitors to enter the arena and complete one lap each way prior to commencing their test. Such a decision **must** be announced at least 30 minutes prior to the commencement of the competition. Once the bell has been rung the competitor is required to come down the centre line at A (via the shortest route) and judging commences once the rider is on the centre line
- e) after the bell has sounded, the competitor must enter the arena at A as soon as possible
- f) failure to enter the arena within 45 seconds of the bell being sounding will entail a penalty of 2 points per judge. Should a rider continue and not enter within a further 45 seconds they will be eliminated
- g) entering the arena at A before the bell signal has been given may entail a penalty of 2 points per judge
- h) judging commences with the rider's entry at A
- i) judging is not influenced by any actions of the competitor prior to their entrance at A
- j) at the first halt and final halt competitors must take the reins in one hand to salute. Failure to salute will entail a 2 point penalty from each judge
- k) a whip may be held in either hand at the salute
- l) judging ceases when the horse moves forward from the final salute
- m) after the final salute the competitor should leave the arena in walk on a long rein at A
- n) the competitor must be mounted on leaving the arena at A
- o) if the entry at A is open for the first horse of a competition then it must remain open for the rest of the competition

### 3.8 Dismounting/Fall during test

In regards to dismounting or falling during a test:

- a) riders must be mounted on entering and leaving the arena on penalty of elimination. Refer to 3.8e for an exception for a fall after the final salute
- b) if a rider dismounts after entering the arena without a reason acceptable to the judge, no marks will be given to the movement. A dropped whip, hat, spectacles, etc, may be handed to a rider. However, in the case of a dropped whip it is preferable this is done at the end of the test when the rider has left the arena
- c) any fall of the horse and/or rider between the entry at A and the end of the test at the final salute, will entail elimination from that test, and the rider may not remount to leave the arena
- d) if a rider dismounts after the final halt and salute without a reason acceptable to the judge this will entail elimination
- e) if there is a fall of horse and/or rider after the final halt and salute this will not entail elimination and the rider may not remount to leave the arena

- f) before the horse and rider may continue at the event, the Chief Judge or representative of the OC
  - must send the rider to the designated first aid official for assessment of injury. Refer to rule 3.23 and the EA Concussion Policy
  - may send the horse to be assessed for injury by a vet or horse welfare officer

### **3.9 Test time**

With the exception of Freestyles, dressage tests are not timed. The times printed on the test sheets are to be used only as a guide.

### **3.10 Resistance/Disobedience**

In regards to a horse showing resistance or disobedience the following will apply:

- a) any resistance which prevents the continuation of the test for a period exceeding 20 seconds shall be penalised by elimination. This also applies to any resistance before entering the dressage arena and within the arena surrounds. However, resistance that may endanger rider, horse, judges or the public will be eliminated for safety reasons earlier than 20 seconds. There is no appeal against this decision
- b) a horse leaving the arena with all four feet during a test between the beginning and the end of the test will be eliminated (except in 4-year-old Young Horse competitions at State qualifying events where there is minus 2 points per judge, see rule 9.1)
- c) should a horse leave the arena with all four feet after the final halt and salute this will not entail elimination

### **3.11 Unauthorised assistance**

Any intentional outside intervention is considered assistance to a rider or horse and is penalised by elimination. This includes but is not limited to:

- a) assistance by voice, signs, etc
- b) where background music is provided by organisers riders are not permitted to request specific music, or music at specific times
- c) any assistance to get the horse into the dressage arena or the area directly around the arena including being led by another horse around the arena
- d) mounted riders may have their horse attached to a lead line when at walk when proceeding to or from the warm up area or competition area but not in or around the competition arena. This will be considered outside assistance and will entail elimination
- e) not applicable for riders with exemption cards. Refer to rule 5.18

### **3.12 Movement and access of horses at competition grounds**

#### **3.12.1 Access to competition grounds**

Horses that are not entered in the event are permitted on the grounds at the discretion of the OC.

#### **3.12.2 Riding in competition, warm-up and exercise areas – refer to Annex D**

- a) access to arenas for the purpose of familiarisation is recommended. Access to competition arenas is at the discretion of the Chief Judge for the competition or the OC. Riding in or entering the competition arena without permission will entail elimination
- b) the above rule applies also when competition arena(s) are erected on the day(s) preceding an event
- c) where an arena is a permanent fixture this rule applies from the time the OC has deemed it to be a competition arena and this time should be publicly advertised
- d) from twenty-four hours prior to the event starting, a horse may be ridden only by its nominated rider on the competition grounds. However, a groom may walk the horse on a long rein only. Grooms when riding must wear approved footwear (smooth sole with heel) and approved safety helmet with chin strap done up

- e) all competitors are to be given equal warm-up time around the competition arena. Therefore, riders are not to enter the area around the competition arena until their start time
- f) only horses entered in the event are permitted to use the warm-up area
- g) any horse on the grounds that is not entered in the event is not permitted in the warm-up area (either ridden or led) until after the completion of competitions for that day
- h) riders may not be led when mounted in the warmup area. Horses can be led into and out of the warmup arena but once in the warmup arena the groom is to take the horse off the lead line
- i) a maximum duration of pre-competition warm-up or training of one hour is the standard; riders require permission from the Chief Steward (which will be granted only in exceptional circumstances) to extend a training session beyond one hour. The warm-up or training session must include relaxation periods, they do not include walking on a loose rein, to or from stables, or for exercise prior to or post warmup. Riders are also reminded that post-test repetition of movements may not exceed 10 minutes

**NOTE:** Chief Steward in consultation with OC may reduce maximum duration due to welfare of horse e.g., extreme weather conditions.

### 3.12.3 Lunging in warm up and exercise areas:

Wherever possible a designated area should be set aside for lunging. Non-compliance with lunging in a designated area or with non-permitted equipment will entail elimination. Ideally organizing committees should provide a clearly marked and designated lunging area, preferably enclosed so there is no risk of an escaping horse.

- a) lunging by someone other than the nominated rider is permitted
- b) work in-hand by someone other than the nominated rider is not permitted
- c) wherever possible a designated area should be set aside for lunging
- d) non-compliance with lunging in a designated area may entail elimination
- e) the lunging of a rider mounted in the saddle is not permitted anywhere at the event

Also see 5.13 Lunging equipment

### 3.13 Scale of marks

Under both EA and FEI rules, the scale of marks is as follows:

10 – excellent	5 – <b>marginal (EA)</b> (sufficient – FEI)
9 – very good	4 – insufficient
8 – good	3 – fairly bad
7 – fairly good	2 – bad
6 – satisfactory	1 – very bad
0 – not executed (means practically nothing was performed)	

- a) all half marks from 0.5 to 9.5 may also be used both for movements and collective marks, at the discretion of the judge – this also includes freestyle competitions
- b) whole marks should be written as 6.0, 7.0, 8.0, etc
- c) in freestyle tests 0.1 decimals may be used for the artistic marks

### 3.14 Called tests

In regards to a test being called:

- a) tests may **not** be called
  - at any level above Advanced at any event
  - in any competition where the Conditions of Entry excludes it
  - at any FEI-sanctioned competition (e.g. CDI-W)
- b) where callers are permitted, it is the responsibility of the competitor to ensure that only the printed text, or extracts thereof, is read out and that no other form of assistance is given
- c) the caller may read each movement *once or twice only*. Failure to observe this rule may entail elimination

### 3.15 Execution of tests

All movements contained in tests must be:

- a) executed in the order laid down by the test sheet
- b) carried out at a specified point of the arena

In a movement that must be carried out at a certain point or letter of the arena, it should be done at the moment when the competitor's body is above this point or letter. In transitions where the horse approaches the letter from a diagonal or perpendicular to the point on track where the letters are positioned, the transitions must be done when the horse's nose reaches the track at the letter so that the horse is straight in the transition.

#### 3.15.1 Holding the reins

Riding with the reins in both hands is compulsory in all Dressage competitions – deduction from marks -2 per judge. The exceptions to this rule are:

- a) leaving the arena after the final salute
- b) during a Freestyle test as part of the degree of difficulty
- c) a discreet 'pat on the neck' for a well performed exercise, or for reassurance, is perfectly acceptable (as is the situation of a rider needing to wipe a fly from their eye, or other situations such as adjusting clothing, saddle pads etc)

If the rider intentionally takes the reins into one hand to use either the reins or the other hand to produce more impulsion from the horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark.

In the competition arena, under no circumstances is a rider to take the reins in one hand, whip in the other and use it on the horse – such action will entail elimination.

### 3.16 Use of voice

The use of the voice or clicking the tongue as an aid by the rider repeatedly is a serious fault, which will be penalised by the judge/s who hear it with a deduction of 2 marks from the mark that would otherwise have been awarded for the movement.

**NOTE:** The use of voice is permitted in some cases in Para-Equestrian Dressage as an aid. See rule 11.7 for more details.

### 3.17 Penalties and Errors of Course

A penalty is minus 2 marks from each judge for a range of instances as per Annex E. All judges must have the same number of penalties recorded.

Error of Course, whether the bell is sounded or not, must be penalised and is cumulative. The penalties for an error of course are as follows:

#### EA level tests (up to Advanced)

- the first by - 2 marks
- the second by - 4 additional marks
- the third by elimination

#### FEI level tests

Senior, U25 and Young Rider

- first error - -2% from total score
- second error – elimination

### Young Horse, FEI Children, Pony and Junior and Para

- first error – 0.5% from total score
  - second error - 1% from total score
  - third error elimination
- a) if the bell is not sounded when an error of course is made, and the test requires the same movement to be repeated and the error is made again, the rider is only penalised once. The Chief Judge must be aware of the effect of one movement on the next and where mirror images occur, in order to be prompt in notifying the competitor
- b) if eliminated, if time permits and the type of event or competition is appropriate, the Chief Judge may invite the rider to continue the test to the end with the marks being awarded in the ordinary way. In such a case it is not necessary for the collective marks to be completed
- c) the use of the rider's voice, referred to in rule 3.16, is not an Error of Course
- d) it is not always necessary for a judge to ring the bell for an error of course. Below are instances that will and will not require the sounding of the bell. However, not all cases can be quoted and it is the Chief Judge who will decide to sound the bell. In deciding not to ring the bell the judge must consider the effect this will have on the rest of the test

<b>The Chief Judge WILL ring the bell:</b>	<b>The Chief Judge need NOT ring the bell:</b>
<ul style="list-style-type: none"><li>• when the rider enters the arena at the incorrect gait</li><li>• when the rider turns right instead of left or vice versa</li><li>• when the rider omits a movement</li><li>• when a movement is the first of a mirror image and the competitor rides rising trot instead of sitting trot and vice versa and/or an incorrect circle size</li></ul>	<ul style="list-style-type: none"><li>• when the final halt is at X instead of G or vice versa</li><li>• When the reins are not taken in one hand at the salute</li><li>• when the rider makes a transition not clearly at the marker</li><li>• cantering up the centre line from A, the rider makes a pirouette at D instead of at L</li><li>• the rider does rising trot instead of sitting trot or vice versa in a non-mirrored movement</li></ul>

- e) if the Chief Judge does ring the bell, they should show the rider the point at which they are to re-take the test, which could be a movement prior to where the error occurred. Judging will re-commence when the rider reaches the point where the error of course occurred
- f) in principle, a rider is not permitted to repeat a movement of the test unless the Chief Judge decides on it being an error of course (rings the bell)
- g) however, if the rider has started the execution of a movement and attempts to do the same movement again, the judges must consider only the first movement shown and at the same time penalise for an Error of Course
- h) each judge must have the same number of errors marked on their sheets with a notation explaining where the error was made. The Chief Judge must make the final decision as to the number of errors if there is a discrepancy
- i) if the judges have not noted an error, the competitor has the benefit of the doubt

**NOTE**– Errors of course are to be deducted from the total score from the test sheet of each judge

#### 3.17.1 Other errors with penalties – refer to Annex E

All of the following are considered errors, and 2 penalty points will be deducted for each one, but they are not cumulative and will not result in elimination (including for Freestyle tests):

- a) a rider entering the space around the arena with whip (where not permitted) or riding in a dressage arena with a whip (when not permitted) or with boots on the horse's legs or with discrepancy in dress (e.g. lack of gloves). See rule 10.6 for whip penalties at FEI events and Australian and State Championships

- b) if the test has already started before the above discrepancies have been noticed, the Judge at C stops the rider and, if needed and where possible, an assistant may enter the arena to remove the item(s). The rider then continues the test, either starting from the beginning (from the inside of the fence) or from the movement where they were stopped. The marks given before they were stopped are not changed
- c) a rider entering the arena before the sound of the bell
- d) a rider not entering the arena within 45 seconds after the bell
- e) a rider not saluting at either the first or last halt
- f) a rider not taking reins in one hand at the salute
- g) in Freestyle tests, a rider not giving the signal to start music within 45 seconds, entering the arena after more than 30 seconds of music
- h) if the Freestyle test is longer or shorter than stipulated on the test sheet 0.5% will be deducted from the total artistic score

### 3.18 Lameness

In the instance of lameness displayed by the horse riders and judges please note:

- a) in the case of marked lameness, the Judge at C informs the competitor that they are eliminated
- b) there is no appeal against this decision
- c) a horse that has been eliminated in a competition for lameness cannot compete in any further tests on the day unless it has been deemed fit to compete (in writing) after an examination by a veterinarian approved by the OC. A copy of the examination report is to be delivered to the OC

### 3.19 Awards and placings

Awards are made to place getters, irrespective of percentage received. The following is a guide:

- a) up to 5 starters, ribbons to 3rd place
- b) up to 15 starters, ribbons to 5th place
- c) more than 15 starters, ribbons to 8th place
- d) in case of equality of percentage for any of the first three places, the higher total of the collective mark/s, including coefficients, will decide on the placings.
- e) should there still be a tie, the rider score will be the final decider
- f) when there is equality of places from fourth place and below, the competitors are joint equal place getters

In the following cases, places will be determined as follows:

- g) in the case of equality of marks for first place in a Freestyle test, the combination with the higher mark, including coefficients for artistic presentation, will be the winner. If there is still equality, then they are equal winners
- h) for the purpose of a one-off trophy or point-score award, if a clear winner is required, one of the following criteria should be decided upon and included in the Conditions of Entry:
  - total the collective marks of each tied competitor. The one with the highest total collective marks is the winner
  - if two tests are involved, the award should be to the competitor with the highest score in the highest test involved

For the purpose of deciding a Champion at a level, if a clear winner is required the following criteria will decide the winner:

- i) first placed horses will be allocated 35 points
- j) second placed will be allocated 34 points
- k) third placed will be allocated 33 points and so on to the last placed horse
- l) competitors must compete in both tests at level to be eligible for champion points
- m) the Champion is the horse with the highest combined points of the two tests
- n) in the event of a tie, the Champion will be the horse with the highest aggregate percentage at that level

- o) in the event of a further tie, the horse with the highest percentage in the higher competition at that level will be deemed the Champion.

### 3.20 Prize money

In regards to the offer and payment of prize money in competitions:

- a) all prize money and prizes are made to the owner/s of the horse/pony
- b) in the following Official events, if an entry fee is charged, then prize money or goods in kind must be given to at least the first three placings and the value of the last prize must not be less than the entry fee:
  - Australian Championships
  - State Championships
  - Regional Championships
- c) at all other events the payment and amount of prize to be paid is at the discretion of the OC and:
  - the details regarding number of prizes is at the discretion of the OC
  - the payment of prize money to horses and ponies may be different
  - OCs that intend paying prize money should make this intention known in the schedule
- d) prize money must be awarded according to the schedule

### **4.5 Youth events**

Competitions and activities for riders aged 10–21 years on horses (from 8 years for pony riders) are generally known in Australia as ‘youth’ events. Young Rider, however, is a specific age category of FEI Competition. Other FEI categories include Children, Juniors, and Pony Riders. Refer to the EA General Regulations, *Article 124 for the age groups*

Youth events may be offered at any level of competitive dressage

#### 4.6 Types of competitions at Official events

The following types of competitions may be held at any Official event conducted by an EA affiliated body:

- a) **Official Competitive competitions** using current official EA tests from Preliminary to Grand Prix, including Freestyle tests and Young Horse tests. Competitions may be limited to rider age groupings (e.g. Juniors, Young Riders) or to ponies or AOR riders only
- b) **Participation competitions** using EA tests from Preparatory to Novice level (including Freestyles)
- c) In addition, EA Para Dressage tests and FEI Para-Equestrian-level tests may be used in participation competitions (including Freestyles). See Section 11 *Para-Equestrian dressage* for further detail

##### 4.6.1 Amateur Owner Rider (AOR)

Amateur Owner Rider (AOR) is a division of Official Competitive riders. The intent of the division is to highlight and reward non-professional riders. For the purposes of this rule, a professional is someone who derives an income from activities in equestrian sport including breaking, training, coaching or riding horses. It does not however exclude riders who may also earn a living running an agistment property, work in the racing industry or saddlery for example. It is more about recognising riders with their own horses only to ride and train who are obliged to earn an income to support their sport outside of riding and training.

All amateur owner riders must meet the following criteria:

- a) the rider must be a Competitive member of their state branch of Equestrian Australia
- b) the horse must have a life registration with Equestrian Australia
- c) the horse/pony registration lodged with Equestrian Australia must reflect the name of the amateur owner rider as owner or part-owner of the horse. Leased horses are eligible if the amateur owner rider competitor is reflected as the lessee on the EA horse registration of that horse
- d) the rider may not receive payment for coaching
- e) the rider's income may only include sponsorship
- f) the horse/pony must be primarily ridden and trained by the rider/owner with only periodic ridden assistance by person(s) other than the owner, specifically during the period 4 weeks prior to the event
- g) the rider must be aged 21 and over – can enter in the calendar year in which they turn 21
- h) the division is for Official Competitive competitions. The Organising Committees may run this division at any level (ideally at all levels Preliminary - GP) and it can be run either within the competition or separately
- i) Organising Committees must designate the AOR on the draw if there is a separate competition conducted within the one competition
- j) for a State/Regional/Club Leader Board it would be ideal to select several events at which scores will count towards the annual Leader Board
- k) if the OC receives evidence that the rider is in breach of these rules then this rider will forfeit any awards and prizes

#### 4.7 Types of competitions at Restricted events

Clubs affiliated with their EA State Branch may hold restricted events:

- a) competitions may include any level of EA test from Preparatory to Grand Prix and Para-Equestrian, but are restricted to the conducting club's members only
- b) competition may also include club activities for club members against invited EA members to a maximum level of Participation competition (see rule 3.13b) up to and including the current Novice tests and all Para-Equestrian tests
- c) EA Dressage Rules apply to these events as per General Regulations Art 100

#### 4.8 Conditions of Entry for horses and ponies for all levels of Competitive and Participation competition

- a) the Condition of Entry rules must be adhered to otherwise the entry may be declined by the OC or the combination eliminated if there is a protest. All Official events and Official competitions, whether Competitive or Participation, are conducted under EA rules. They are sponsored by, or run on behalf of EA. Please refer to the EA General Regulations for membership requirements for Official competitions
- b) it is an offence under the EA Disciplinary By-Law for a rider to compete a horse/pony below its graded level
- c) to promote development, all Official EA events/competitions (including FEI-level competitions) are open to both horses and ponies. The exceptions to this are the Australian Dressage Championships, State Dressage Championships and Australian and State Pony Championships. Exceptions for Young and Junior rider competitions are to be approved by EADC
- d) in Official Competitive and Participation competitions any pony entries received may compete in any order in the competition
- e) separate prizes may be awarded for horses and ponies. It is strongly recommended that if there are three ponies or more in a competition, that the ponies are awarded prizes separately
- f) organisers may still schedule and advertise separate pony competitions, particularly if a test is expected to be oversubscribed, or anticipate sufficient entries in a test from both ponies and horses (i.e. up to 35 of each) which is too many to be judged by the same judge in a single day
- g) if Para-Equestrian riders are included in an Official competition but regarded as a separate competition, then they should be grouped together at the beginning or at the end of the draw (e.g. Grade 4 and Grade 5)

##### 4.8.1 Requirements for horses and ponies for Official Competitive competitions

Horses and ponies entered for Official Competitive competition:

- a) must be registered with EA and owned by a current financial EA member. EA registration papers must be made available on the day of competition
- b) must have a current Dressage Performance Card/Competition Licence (see rule 4.8.3.4)
- c) horses and ponies competing up to and including **advanced**:
  - must only enter and compete in 2 consecutive levels per an event (regardless of number of days)
  - can enter and compete in no more than 3 tests in one day. This may include a Freestyle or Young Horse competition
- d) for horses and ponies competing **PSG and above**:
  - can enter and compete in no more than 2 FEI-level tests per day and no more than 2 consecutive FEI levels per event. This includes a Freestyle test. If competing in an EA FEI test horses can only compete in one other EA test on the day
  - a horse that has competed PSG may only compete in one Advanced level test on the same day

The FEI Steward for these events is to be appointed by the Dressage Steward General to ensure that all FEI Stewards are getting the opportunity to maintain their accreditation. OCs are to submit recommended names to the Dressage Steward General by the 31 August each year

## SECTION 7 RULES FOR OFFICIALS JUDGES AND ORGANISING COMMITTEES (OCs)

The guide below summarises various rules and sections of the EA dressage rules. All judges and event organisers must have access to a current rule book.

Both the EA and FEI rule books state how an exercise should be performed. The FEI *Dressage Handbook – Guidelines for Judging* will assist all judges in determining the qualities required to award the various marks (0–10) for each exercise.

Judges have a responsibility for the future of the sport of dressage. Only by constant and consistent self-education in understanding the principles of dressage, by attending and participating at seminars and by analysing (and discussing if necessary) their own results of a competition can this be achieved.

As part of their responsibility to the sport, judges should keep in mind that elimination of competitors should be done in a sporting spirit, and that rider and spectator friendliness of the sport should be considered along with the spirit and intention of the rule(s) in question. For instance, elimination for matters not related to welfare or safety (e.g. incorrect saddlery) is best done at the end of the test.

Only current EA judges are eligible to officiate at Official Competitive and Participation events/competitions.

### 7.1 Positioning judges around the arena

Bearing in mind the need to fully observe all movements, the placement of judges around the arena should be as close as possible to the guide below:

Judge	Outdoor arena	Indoor arena
C	maximum 5m/minimum 3m back	preferably minimum 3m back
M H, K	maximum 5m/minimum 3 m back and 2.5 m in from long side	prefer minimum 3m back and 2.5m in from long side
E, B	maximum 5 m/minimum 3m back	prefer minimum 3m back

- a) the positioning of judges allows different aspects of a movement to be obtained
- b) if judges of a lower level are not yet confident, shadow judging at side positions should be encouraged to gain confidence
- c) keep in mind the position of the sun when placing judges at E or B. Subsequently the judge on the long side should be allotted their position first
- d) where 2 judges are used and the layout of the arena allows, 1 judge must sit at E or B
- e) where 3 judges are used and the layout of the arena allows, 1 judge **must** sit on the long side diagonally opposite the M or H Judge on the short side

Number of	Position on arena
1	positioned at C (Chief Judge)
2	second judge may be positioned at B, E, M or H
3	one judge must be placed at B or E when a judge is placed at H/M, a judge placed at E/B must be placed diagonally opposite the judge at M/H
5	positioned at C, M, B, E and H

## 7.2 Inspection of arenas

The judge/s must physically inspect the arena to ensure that:

- a) the arena is of a satisfactory standard with a low continuous fence of about 0.3 m made of materials compliant with EA rules, and if necessary have it modified
- b) the marker letters are the correct distance from the outside of the arena (about 0.5 m) and in the correct position
- c) the letter A must be placed at least 10–15 m back from the entry
- d) this marker must not be put to one side but must be centred to be in line with C

Once the competition has commenced, the conditions must remain (as much as possible) the same for all.

## 7.3 Scale of marks

Refer to rule 3.13

## 7.4 Execution of tests

Refer to rule 3.15

## 7.5 Errors of Course

Refer to rule 3.17

## 7.6 Allocation of marks and scoring

- a) each judge must allot from 10–0 marks for each numbered movement
- b) all half marks from 0.5 to 9.5 may also be used both for movements and collective marks, at the discretion of the judge – this also includes Freestyle competitions
- c) in Young Horse competitions, and in the artistic marks for Freestyle competitions marks to a single decimal point may be used (e.g. trot 7.8)
- d) these marks are then added together and any penalty marks are deducted
- e) it is essential that penalty marks are deducted from each individual judge's score before it is totalled
- f) total percentages to the 3rd decimal point for each judge must be clearly shown in results lists and on notice boards, together with the average percentage of all judges also to the 3rd decimal point
- g) a remark is strongly recommended for a mark of 5 or below
- h) a remark for all marks is recommended
- i) any alterations to marks must be initialled by the judge in ink
- j) where there is a difference of 8% or more in the EA levels *up to and including Advanced* between individual judges, the Chief Judge **must** initiate a brief discussion between the judges, preferably with scoresheets available where possible
- k) where there is a difference of 5% or more in the *FEI levels* between individual judges, the Chief judge **must** initiate a brief discussion between the judges, preferably with scoresheets available where possible
- m) under no circumstances are marks to be altered once the test sheet has been completed and collected from the judge

- n) the only instances that a test sheet is to be returned to the relevant judge are as follows:
  - the test sheet has not been signed
  - an altered mark has not been initialled
  - a mark has been missed
  - the scorers are unable to decipher a mark due to bad writing
  - where there are two or more judges and an error of course has been omitted by a judge
- o) judges are not to approach the scorers to look at test sheets during the competition
- p) it is recommended that judges do not look at scores on the scoreboard during the judging of a competition
- q) judges are not to discuss performances in public or at the scoreboard
- r) scoring should not be visible to the judges during a test. A running score (total average percentage) and open scoring (average marks per movement for all judges) to the audience is permitted

#### **7.6.1 Incapacity of a judge**

Where a member of the Ground Jury becomes incapable to judge before or during the competition (parts of the test or more), their scores will be removed from the result list of the whole competition. Where it is the C Judge that is incapacitated, the other judge/s must remain in their original judging position. One of the remaining judges will assume the responsibilities of the Chief Judge from their original position.

#### **7.7 Unmarked movement**

- a) if a mark has not been recorded and the judge cannot recall the movement, or cannot be found, or if a rider omits a movement and has left the arena, the mark allotted should be the average of the collective marks at the end. In relation to the FEI tests where there is only one collective mark the average of the body of the test, excluding the collective, should be made
- b) for both EA and FEI tests – if a rider omits/forgets a movement and the Judge at C doesn't notice (i.e. at the end of the test there is a mark missing and the rider has left the arena) a mark equal to the average for the whole test (excluding collectives) is given, with no error of course, as the judge would have been responsible for stopping them

#### **7.8 Protocol for judges accepting invitations to judge**

When accepting invitations to judge an event, a judge must:

- a) declare their interest in any person or horse who, within the past 12 months immediately preceding the event, they have:

The draw must indicate the breaks and lunch break as well as comply with the 35 horses per competition and 40-horse limit per day rule

- u) offer assistance to the OC should it be necessary prior to the competition with regards to rules and regulations re arenas, footing, risk and safety

- v) at times judges will be asked to judge lower levels (e.g. Preparatory, Preliminary or Novice). This is really where we need our experienced judges in order to make sure that these horses and riders are put on the correct training path. Judges must therefore be prepared to judge all levels up to, and including their accredited level, and not only judge at the higher end of their accreditation
- w) a judge is expected to judge what they see in a fair and unbiased way and avoid any personal comments, such as 'have seen horse go better'

## Annex C Hot weather policy

### C.1 Horses

Horses exercising and competing in hot environmental conditions can be affected by heat stress. When environmental heat conditions are adverse, exercising horses require appropriate cooling measures to safeguard their welfare. The primary responsibility for the welfare of horses competing and exercising during hot weather lies with the rider of the horse. Riders must always take action to prevent, manage and treat heat stress in their horses. Event organisers are responsible for providing adequate facilities and information that riders need to safeguard the welfare of horses. Access to ice and cooling water during competition is a compulsory requirement that arises under certain environmental conditions.

To assess the risk of heat stress in horses, the FEI uses the Wet Bulb Globe Temperature (WBGT) Index. WBGT information is published on the Bureau of Meteorology (BOM) website under their Thermal Comfort Observations webpages (see [http://www.bom.gov.au/info/thermal\\_stress/](http://www.bom.gov.au/info/thermal_stress/).) WBGT information is published on the BOM website for each Australian state and territory with regional indices.

## C.2 Competition PA heat risk announcements

- a) explanations of the 6-minute threshold (see Rule C3.2 below) in any demanding exercise (not just Cross Country exercise), as being pivotal in heat overload
- b) encouraging riders to pre-cool their horses by hosing them before riding to place lower demands on the horse's cooling system while they work
- c) encouraging abbreviated warm-ups to lighten the load on the horses' cooling systems
- d) explanations of aggressive cooling until the horse's temperature returns to 38°C
- e) encouraging the use of ice and a shaded area with misting fans, to cool horses after exercise
- f) encouraging hydration of every horse with cool clean water, salt and electrolytes
- g) encourage riders to 'house' resting horses in shaded areas and/or on grass surfaces

## C.3 Key principles

Any organiser of an event to be held in hot weather must understand the following key principles:

### C.3.1 Humidity and heat – a dangerous mix causing heat overload

Combinations of high heat and humidity impact severely on a horse's main cooling mechanism of sweating and evaporation. A heat stressed horse can have multiple organ failure; it may collapse and die.

Unless cooling facilities equivalent to FEI standard are in place at an event, the FEI strongly recommends that riding activities be suspended when the WBGT Index reaches or exceeds 32–33°C.

### C.3.2 The 6-minute threshold – heat overload for horses working in the heat

Where the WBGT Index is high, horses that have just performed are at risk of suffering a dangerous temperature hike. When the WBGT Index is high, 6.0–6.5 minutes of continuous hard work (i.e. the 6-minute threshold) is pivotal in causing heat stress. Dressage horses do work extremely hard in both the warm up and in their tests. For showjumpers the effort is generally under 6 minutes, however for dressage and cross country, horses are at risk in heat because the effort will exceed 6 minutes.

Aggressive cooling (see below) should be used after a performance for a dressage horse when the WBGT is high, just as for horses coming off a cross country course.

### C.3.3 Wind flow (breeze) dramatically reduces heat overload

Wind flow significantly increases evaporation. The primary cooling mechanism for both horses and humans is evaporation of sweat. On hot days, events should be scheduled early or late, when better wind flow is likely and outside of peak temperature periods.

Horses *standing* in the sun without shade or wind flow in temperatures above 33°C start to accumulate heat. Horses *working* in the sun without wind flow at or above 33 °C are at risk.

### C.3.4 Surface area to body mass (SA:BM)

As body mass increases, relative surface area decreases. An 80 kg rider will have a SA:BM = 1:40, but a 500 kg horse has a SA:BM = 1:100. Surface area to body mass ratio impacts negatively on a horse's ability to shed heat through evaporation. Greater muscling in some horses, such as dressage horses, lowers their SA:BM ratios and makes them less effective than other equine athletes at shedding heat.

### C.3.5 Arena and surfaces

Shaded and grassy surfaces do not attract and retain as much heat as other surfaces that are soil-based or exposed to full sunlight. Horses restrained next to vehicles/floats/trucks parked on black asphalt, road base or sand are more susceptible to heat stress on hot days.

### C.3.6 Event planning

Event organisers **must** conduct a risk management assessment if competitions/training days are to be held during hot conditions. Decisions and actions that may be considered include:

- alteration of time of day or time of year at which an event is run
- reduction in overall effort (shorter distance, less jumping efforts, etc)
- education of riders, grooms and officials
- provision of shade
- provision of adequate means of cooling horses, including ice, fans, hoses, water baths, etc
- provision of veterinary services for heat-stressed horses.

## Appendix A

### Aggressive cooling measures

Aggressive cooling should be used where a horse's temperature is elevated after any demanding exercise such as dressage or cross country and when the WBGT Index is high.

Cooling includes use of high volumes of cold/ice water application, ice boots, repeatedly applying bucketfuls of iced/cold water, and repeatedly hosing and immediately scraping water as it warms on the horse's body.

Key areas to apply cooling/iced water to are the jugular veins (underside of neck), the femoral arteries (between hind legs) and the heat sink (lower abdomen). Aggressive cooling should continue until water is no longer heating up on the horse, or until the horse's temperature is back to a healthy 38° C (rather than heading up to a dangerous 40° C).

## Appendix B

### Anhydrosis in horses

This condition is also called drycoatedness, or 'the puffs'. Only two species, humans and horses, rely on evaporating sweat to shed excess heat. Horses naturally have a very efficient cooling mechanism as part of their thermoregulation system.

Hindgut fluid reserve acts as a 'heat sink' (the hind gut stores 60 litres of fluid where some heat can be diverted to reduce damage to vital organs).

During humid weather when the relative humidity exceeds 85%, the efficiency of sweat evaporation from the skin decreases by 5% for every 2% increases in relative humidity, which greatly increases the risk of heat stress.

Some people think that when a horse's coat is dry or has only patchy sweat when worked on a hot day, this indicates that the horse is handling the heat. In fact, a dry coat is a cause for great concern as the horse could be losing the ability to sweat (anhidrosis), indicating a faulty or a completely broken cooling system. As a result the horse may suffer heat stroke and collapse.

Unlike dogs, horses are not designed to pant. When a horse pants or 'puffs' this means it is suffering heat stress and requires immediate cooling.

## Appendix C

### Cooling systems in horses

- **Evaporation and convection:** This makes up for 60% of cooling. Horses shed excess heat through sweating and having air moving over them. Horses standing in the sun without shade or wind flow (breeze) in temperatures above 33° C, start to accumulate heat.
- **Radiation and conduction:** Once the air temperature is over 33°C, even a horse at rest needs to shed heat. A horse that has a large size and mass finds this harder than smaller animals, or even a lighter framed horse.
- **Respiratory loss:** This makes up 15% of cooling for horses during exercise.

## Appendix D

### The FEI standard cooling facilities

To enable aggressive cooling to be carried out when the WBGT exceeds 32–33 °C, the following should be available at an event:

- multiple hoses and wash bays for cooling/hosing
- large bins (ideally wheelie bins) full of water and bags of ice for aggressive cooling
- free ice ad lib, an abundance of bags of ice for ice boots or for riders to add to water to cool horses after exercise
- a shaded area with misting fans
- an equine veterinarian

The impact of heat and humidity on dressage horses has been poorly understood by many in the industry in Australia. There have been instances of horses dying and/or requiring intensive veterinary care following dressage competition or clinics in such conditions in Australia.

Heat overload (heat stress or even heat stroke) occurs when an individual cannot shed sufficient heat to maintain a normal core temperature (38°C for a horse and 38°C for a person). Definitive research on this subject by Dr David Marlin recommends:

*'The Bureau of Meteorology (BOM) forecast is based on the temperature **in the shade**. The temperature for horses and riders warming up and competing **in the sun**, and for judges in cars, will be **much** higher than this.*

## **Annex D      Arena familiarisation and altered circumstances at EA events**

These are guidelines for competition organisers and judges (refer also to rule 3.7). The safety of horse and rider is paramount at all times.

### **Arena familiarisation**

- where possible, allow competitors a designated time to ride around and in the competition arenas on the day of the competition, if this has not been possible on the previous day
- if conditions are suitable, time may also be allocated during the day, but this will depend on the organisers and venue requirements
- OCs should specify the arena familiarisation arrangements in the competition draw and also specify at what pace horses are permitted to travel. For example, *Arenas will be available from 7.30 am to 8.15 am on the day of the competition for familiarisation. Please make sure that you ride only at (pace to be noted here by OC if there is a restriction)*
- warm-up areas should be supervised by a steward

### **Altered circumstances**

- if the wind becomes strong enough to blow down the arena surrounds, it is preferable to leave it on the ground, so that horses are not accidentally frightened when the arena blows down again. Obviously the conditions may be different for some riders in the competition but common sense should prevail
- if arenas or arena surrounds are covered in water either at the start of the day, or at some point later in the day, please arrange for riders to commence their tests from inside the arena. This gives the horses the opportunity to become familiar with the varying conditions in the arena
- some arenas have insufficient surrounding space and unsuitable footing for horses to work safely and comfortably around the outside before entering the test. In these circumstances please make sure that riders commence their tests from inside the arena

### **Protocol for entering the arena in exceptional circumstances**

If the area surrounding the competition arena is unsuitable for riding on, the Chief Judge, in consultation with the OC, will make a decision as to whether competitors will be permitted to commence their test from inside the arena. Such a decision *must* be announced at least 30 minutes prior to the commencement of the competition or, in the case of a sudden downpour, as soon as possible. Please note that this is Judge/OC/TD only decision.

If such approval is given the competitor is to enter the arena and when the bell has been rung (e.g. car horn sounded) the competitor is required to come down the centre line at A (via the shortest route) and judging commences once the rider is on the centre line.

The next horse in the competition can enter the arena as soon as the previous horse has left the arena.

## **Annex G Notes for dressage event organisers**

This guide is designed to assist dressage event organisers who wish to run dressage events in Australia. The notes must be read in conjunction with Sections 1–12 of the current EA Dressage Rules. A dressage event may vary from a small club-training event to an official championship event. Event organisers should refer any organisational or rule queries in the first instance to their State Dressage Authority (SDA).

The magnitude of the administration and fieldwork involved will vary according to the type and status of the event. Organisers must use their judgment to adapt whatever is suitable to run an event in a professional manner.

When conducting FEI-level tests at an EA event, the OC must ensure that they are using the current FEI tests as per the EA rules. The FEI tests should be obtained from the FEI website.

### **G.1 Categories of dressage events**

<b>Type of event</b>	<b>For approval apply to</b>	<b>Required</b>
FEI Events – CDI	EADC/EA/FEI	Required

### **G.2 Calendar**

- application/s for permission to hold an Official dressage event or competition must be made in writing to the relevant SDA
- all Official events must be approved by the SDA
- all Official events will be listed in the appropriate SDA annual competition calendar
- all Participation event dates should be notified to the appropriate SDA
- if an Official event is cancelled the SDA must be notified
- date changes must have the approval of the SDA
- careful consideration of neighbouring clubs should be made when applying for dates
- be aware of your SDA closing date for applications to run Official events

### **G.3 General considerations**

- organising bodies wishing to conduct Official Competitive or Participation dressage events in Australia must be currently affiliated with EA
- all Official Competitive and Participation events must be run in accordance with the current EA Dressage Rules
- all members of a dressage organising committee should have access to a current EA Dressage rule book
- for information on protests, reports and appeals refer to EA General Regulations  
[www.equestrian.org.au](http://www.equestrian.org.au)

- e) OCs are to be aware of any legislation within their state in relation to child protection. National, state and territory sports organisations have developed child protection guidelines. These guidelines can help you put policies in place to protect your club and your members. For additional information on required checks for people working with juniors, please contact your state or territory department of sport and recreation (see [http://www.ausport.gov.au/supporting/clubs/resource\\_library/starting\\_a\\_club/child\\_protection](http://www.ausport.gov.au/supporting/clubs/resource_library/starting_a_club/child_protection))
- f) OCs are responsible for assessing environmental issues such as extreme heat, storms, high winds, etc, which may make conditions for running an event unsafe for competitors and their horses. For more information refer to Annex C
- g) companion horses/ponies not entered for competition are permitted at an event at the discretion of the OC
- h) welfare of the horse is paramount at all events (refer to rule 1.2 and 1.3)
- i) **The OC must comply with the EA Concussion policy**  
Concussion is suspected when an injury results in a knock to the head or body that transmits a force to the head. A hard knock is not required, concussion can occur from minor knocks. In any situation where concussion can be reasonably suspected (see concussion in sport website for indicators)  
**Process at Competitions**  
At all events the OC must ensure
  - 1. there is a medical/first aid person at each competition to recognise concussion
  - 2. there is a designated official at each competition to:
    - a) advise the medical/first aid person of the EA concussion policy and the need to advise the officials of any occurrences
    - b) provide the rider advice (verbal and follow up email) of the suspension and where possible issue the concussion advice card
    - c) report the incident to the NSO and the Committee Liaison Officer  
[reporting@equestrian.org.au](mailto:reporting@equestrian.org.au)

#### G.4 Venues

- a) the best possible venue should be secured for the conduct of a dressage event
- b) the venue should be booked well in advance of the proposed event
- c) Organising committees should be aware of what facilities are or are not available
- d) examples of ideal venue facilities include:

○ Day stalls	○ Suitable arena surfaces more than 1 arena	○ Motel in area
○ Stables	○ Toilets	○ Admin / Office
○ Covered yards	○ Showers	○ Scoring Office
○ Wash bays	○ Powered camp sites	○ Catering / Canteen
○ Round yard	○ Spectator parking	○ Judges / Official area

#### G.5 Arenas

Wherever possible a designated area should be set aside for lunging. Non-compliance with lunging in a designated area or with non permitted equipment will entail elimination.

- a) the surface of arenas is vital for the safety and performance of horses competing and should be made of the best possible footing, such as sand or sand mix with a non-slip base. Other non-slip surfaces are acceptable
- b) for other arena requirements including surrounds refer to rule 3.6
- c) for positioning of judges refer to rule 7.1
- d) Wherever possible a designated area should be set aside for lunging. Ideally organising committees should provide a clearly marked and designated lunging area, preferably enclosed so there is no risk of escaping horse

## G.6 Schedule

- the event schedule will be dependent on the type of event to be held
- the schedule should be prepared well in advance of the event and made publicly available to competitors in a timely fashion taking into account the closing date
- competitions offered in the schedule should reflect the type of event, expected competitors and venue
- event organisers must refer to the current EA Dressage Rules (see Section 4 *Conditions of Entry* and Section 3 *Dressage events*) prior to finalising the event schedule
- Young Horse event organisers refer to the current EA Dressage Rules, Section 9
- Australian/State and FEI-sanctioned events refer to the Current EA Dressage Rules, Section 10
- the schedule must include the following minimum information:

<ul style="list-style-type: none"><li>name of organisation running event</li><li>venue address</li><li>status of event Official Competitive and/or Restricted, etc</li><li>list of competitions being offered</li><li>entry fees</li><li>other fees such as stables/admin fees</li><li>closing date for entries</li><li>address for entries to be sent</li></ul>	<ul style="list-style-type: none"><li>phone contact details for organiser</li><li>email address for organiser</li><li>prize schedule</li><li>any special conditions</li><li>type of arena surface</li><li>EA web address link to current tests</li><li>organisers web address</li><li>callers permitted or not permitted</li></ul>

- it is strongly recommended that arena familiarisation times be included in the draw and that they be clearly shown in the programme (refer to Section 3, Annex D)
- once entries have closed organisers should prepare a competition plan to complete the time draw (number of arenas required, time required)
- draws can be generated manually or by computer
- the time to allow for each test is printed on each EA/FEI test sheet
- it is strongly recommended to allow 60 to 90 minutes between tests for the same horse, and at least 90 minutes at FEI levels, as these are more strenuous tests
- draws should be unbiased
- care should be taken not to have the same competitor riding first in more than one test

- h) Organising committees may accept requests from riders entering 2 horses in the same competition to schedule one horse before the other in the draw, providing this request is made at the time of entry. This does not apply for State or National Championships
- i) no judge should be expected to judge more than 40 horses/day
- j) no judge should judge more than 35 horses in any one competition
- k) there should be a break for judges of at least 15 minutes after every 10th horse
- l) if a judge is required to judge more than one competition, there should be a minimum of 30 minutes between the last horse in one competition and the first horse in the next

- p) where a competitor has entered 2 horses in the one competition:
  - the draw time between the 2 horses should be a minimum of 90 minutes and riders can opt for less
  - under no circumstances are the horse's draw times to be swapped once the draw has been completed
- q) the OC may ask riders to move up into scratchings but this is at the discretion of the rider and not compulsory
- r) the competitor's state of origin must be included in the start list, draw and program for State and National Championships

## G.7 Judges

- a) only current judges are eligible to officiate at Official Competitive and Participation events/competitions (refer to <http://www.equestrian.org.au> or your SDA for current lists)
- b) for Ground Jury requirements refer to rule 6.1
- c) invitations to judges should be made at least 3 months prior to an event, preferably by email or letter
- d) it is the judge's responsibility to immediately advise the organiser if they have a conflict of interest with any competitor or horse (refer to rule 1.7)
- e) for protocols for judges accepting invitations to judge refer to rule 7.8
- f) refer to rule 7.1 for the placement of judges around the arena

### G.8.1 Writers

- each judge must be allocated a capable writer
- it is preferable that the same writer is used for the whole competition
- guidelines for writers are available at [www.equestrian.org.au](http://www.equestrian.org.au)
- preferred writers for FEI-level Competitions are:
  - first preference to Judge Educators and Mentors
  - second preference to other senior judges eligible to supervise shadow judging (A, B, C or D level)
  - third preference to E-, F-, G-level judges

### G.8.2 Scorers and scoring

- scorers should be allocated a quiet area to work in
- EA has free scoring software available online, see [www.equestrian.org.au](http://www.equestrian.org.au)
- EA has a set format for recording of results available online see [www.equestrian.org.au](http://www.equestrian.org.au)
- all results must be forwarded to the respective state branch within 7 days of the event
- judges must sign off on the final result sheet
- results should be posted on organiser websites or distributed to competitors by other means
- judges must be given a set of results for the competitions they have judged
- all results of all judges and the overall total must be displayed by percentage to the 3rd decimal point
- if a rider withdraws prior to a competition, is excused, eliminated or a 'no show' prior to or during the performance of a test, the words 'withdrawn' or 'excused', 'eliminated' or 'no show' or abbreviations must appear after the rider's name on the results sheet

#### G.8.2.1 Scorers must:

- double the mark where a coefficient is indicated
- add the marks in the total column
- deduct the errors of course and penalties from each judge from the total
- calculate the percentage by adding the scores of all the judges and dividing the total by the total marks possible. For example, if 3 judges scored 350, 345 and 349 the total = 1044. Total possible marks for the test was 400. Multiply this number (400) by the number of judges (400 x 3) = 1200. Percentage =  $1044 \div 1200 \times 100\% = 87\%$
- check additions for errors

- f) place results on the scoreboard as soon as possible
- g) test sheets are confidential

#### **G.8.2.2 Allocation of marks and scoring**

- a) all half marks from 0.5 to 9.5 may be used for movements and collective marks, at the discretion of the judge, including Freestyle competitions
- b) for Young Horse competitions, and artistic marks in Freestyle competitions marks to 1 decimal place may be used
- c) marks are then added together, and any penalty marks are deducted
- d) it is essential that all penalty marks are deducted from each individual judge's score before they are totalled
- e) percentages to the 3rd decimal point for each judge must be clearly shown in results lists and on notice boards, together with the total percentage obtained to 3 decimal places
- f) a remark is strongly recommended for a mark of 5 or below
- g) a remark for all marks is recommended
- h) any alterations to marks must be initialled by the judge in ink

#### **G.8.2.3 Unmarked movements**

If a mark has not been recorded and the judge cannot recall the movement, or cannot be found, the mark allotted should be the average of the collective marks at the end.

G8.2.4 Particularly when using electronic scoring, apparent errors may occur on a score sheet (e.g. a "1" awarded by C Judge and "7" awarded by B judge for same movement) and may not be noted by various checks within formal posting considerations for placings.

In this instance, a rider may request a change to the score providing contact is made with OC or Event Secretary within 24 hours of the last test. In consultation with the Judge, the score may be rectified. This will not affect placings, but riders may use the updated result as a qualifying score.

#### **G 8.2.4 Other Scoring Issues**

Particularly when using electronic scoring, apparent errors may occur on a score sheet (e.g., a "1" awarded by C Judge and "7" awarded by B judge for same movement) and may not be noted by various checks within formal posting considerations for placings.

In this instance, a rider may request a change to the score providing contact is made with OC or Event Secretary within 24 hours of the last test. In consultation with the Judge, the score will be rectified. This will not affect placings, but riders may use the updated result as a qualifying score.

#### **G.8.3 Stewards and Gear Checkers**

It is highly recommended that a Chief Steward is appointed at all dressage events. For more information refer to rule 6.6 and a current list of accredited stewards is available at [www.equestrian.org.au](http://www.equestrian.org.au) It is compulsory to appoint a Steward/s or gear checker/s for all dressage events, refer to rule 6.5.

#### **G.8.4 Technical Delegate (TD)**

For detailed information please refer to rule 6.3

### **G.8.5 Runners**

A runner is a person who is given the task of collecting test papers from the judges and other tasks assigned by the OC. They must:

- a) collect the completed test sheets from the writers after every two (2) or three (3) ridden tests taking care not to disturb the judge or writer whilst waiting for the sheet
- b) take care not to disturb the horse and rider currently competing
- c) deliver completed test sheets to the scorers
- d) convey information from the Secretary to different stewards or vice versa
- e) be prepared to replace arena markers that may have been knocked over
