All EA Coaches must complete professional development activities on a regular basis.

All coaches were required to attend a Coach Update Clinic in 2016, therefore to renew their registration this year they must have attended an update dated from 1/01/2017 – present date and provide this evidence upon renewing. If a Coach has updated their accreditation (for example, from Introductory Coach to Level One Coach) in this time, this counts as their Coach Update attendance. If a Coach has only just achieved their Introductory Coach accreditation in this time, that counts as meeting their Coach Update attendance requirements.

Coaches must earn a minimum of **twelve (12) updating points** as per the table below in order to renew.

Coaches registering as Non-Practising do not need to complete this form. Current Non-Practising Coaches seeking full Registration should refer to the Lapsed & Non-Practising Coaches Process to get re-accredited.

In general, any activity, course or workshop that can be seen to benefit the coach in their professional development will count as points; this table is only a guideline. If in doubt, please contact the EA National Office for clarification.
