6 Selection Criteria

The selection criteria combine pre-requisite FEI Minimum Eligibility Requirement (MER) followed by EA Competition Criteria and Discretionary Considerations.

6.1 Minimum Eligibility Requirement

To be able to participate in the Championship, all Athletes/Horses must achieve, as a Combination, the MER for a Championship pursuant to FEI Jumping Rules, Annex VIII, Item 3. For further information on Eligibility Criteria and the list of competitions, please click on this [link](#).

6.2 Competition Criteria

In addition to Clause 6.1, to be eligible for consideration for selection, a Combination is to have achieved the following competition criteria:

a) Competition Considerations

- i. CSI3* (and above) Outdoor competitions during 2025 and 2026.
- ii. **CSI1*-W** or Grand Prix Outdoor competitions in Australia in 2025 and 2026, with a height indicated in the schedule of at least 1.50m, and with boot checks, medication control and FEI Stewards present.

b) Objective Considerations

In assessing the competition performances of Combinations, the NJSP will consider the following objective measures:

- i. The scores achieved in each round; and
- ii. The final placing of the Combination (the NJSP note that the score and placing of each Combination will be considered but do not automatically position one Combination above another for nomination purposes).

6.3 Discretionary Considerations

For the purpose of assessing the performances of Combinations further to Clause 6.2, the NJSP will consider Competition-based factors. These factors include, but are not restricted to:

- a) the performance of each Combination in relation to the quality and number of competitors; and
- b) the technical features of the competition, in particular (but not limited to):
 - relative difficulty of the Jumping;
 - quality of riding by an Athlete;
 - general conditions under which the performance(s) is achieved, such as the weather, surface and footing;
 - inclusion of open water obstacle; and
 - speed on course.

The NJSP will also observe:

- a) The suitability of the Combination for the expected conditions of the Championship (taking into account the objective of the competitions);
- b) The overall balance of the Combinations that have been selected; and
- c) The ability of the Combination to compete successfully at high level international competition.

Consideration will be given by the NJSP to:

- d) Current or recent form;
 - e) The ability of the Athlete to contribute to an effective and harmonious national team;
 - f) The ability or potential of the combination to perform under the stress and pressure of an event such as the Championships;
 - g) The ability of the Athlete to prepare their Horse to peak condition for a major campaign/Championship;
 - h) Exceptional ability of a Combination (and the potential to achieve an individual medal). This factor may, in the National Federations sole discretion, place a Combination with less experience or consistency ahead of another Combination;
 - i) The ability of the Athlete and his/her support personnel to operate and perform in a Championship environment which is highly regulated and pressurized; and
 - j) The advice of EA High Performance Director, Chef d'Equipe and Team Veterinarians, particularly concerning the fitness of the Combination to perform at the required level.
- 6.4** The NJSP has the discretion to place greater or lesser emphasis on any one or more of the factors outlined in Clause 6, 6.2-6.3.
- 6.5** In determining whether a Combination has satisfied the criteria set out in Clause 3 and Clause 6, 6.2 to 6.3 above, EA may have regard to Extenuating Circumstances.

7 Integrity

As a condition of Selection and part of EA's commitment to upholding the highest standards of Integrity, EA will request Athlete consent for disclosure of any open integrity complaints or substantiated findings made against the Athlete in the past three (3) years. This information will be used solely for the purpose of evaluating eligibility and adherence to Integrity standards. Refer to Appendix 1 which outlines the framework and includes the formal consent form.

8 Appeals

A non-selected Athlete may only appeal against their non-Selection in accordance with the EA Selection Appeals Policy. For more information, [click here](#).

9 Selection Ombudsman

The High Performance Committee (HPC) will appoint a Selection Ombudsman to assist Athletes and the HPC to understand the process of selection and to explore resolution of potential disputes concerning selection and non-selection.

9.1 Powers of the Selection Ombudsman

- a) Investigate acts and omissions of the EA National Discipline Selection Panels (NDSP)

in relation to the exercise of their powers under the Discipline Selection Policies where:

- i. an Athlete has indicated that they are considering appealing a selection decision;

 - ii. communicates primarily with the High Performance Director and Chairs of Selectors of Olympic and Paralympic disciplines; and
 - iii. communicates directly to athletes through explanatory and debriefing sessions arranged by the High Performance Director.
- c) The Selection Ombudsman is not required to investigate all complaints or inquiries. For example, the Selection Ombudsman may refuse to deal with a matter if the Selection Ombudsman considers:
 - i. it is trivial, frivolous, vexatious or not made in good faith; or
 - ii. it lacks substance or credibility; or
 - iii. the subject matter of the complaint or inquiry has already been investigated or otherwise dealt with by the Selection Ombudsman.
- d) Investigations by the Selection Ombudsman must be completed promptly and within the timeframes governing rights of appeal by non-selected athletes.
- e) The Selection Ombudsman prepares timely written reports to the High Performance Director that address any acts or omissions of the relevant NDSP in relation to the exercise of their powers under the Discipline Selection policy and may make recommendations which must be given due consideration by the HPC and the relevant NDSP. The report may at the discretion of the High Performance Director be provided in full or in part to the Athlete but is otherwise confidential.
