Preamble

The rules for jumping events in Australia are based on the rules of the Fédération Equestre Internationale.

The present Australian Rules and FEI Rules for Jumping Events are effective from 1st July 2013

Every eventuality cannot be provided for in these Jumping Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Jumping Rules and of the GRs. Should there remain any omissions in the Jumping Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Jumping Rules, other rules and regulations of the Equestrian Australia, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders.

Because these rules have been taken from the FEI rules reference should be made to the relevant FEI rule for further clarification. The article number and paragraph number from the FEI Jumping Rules have been maintained for convenience and ease of use.

Reference may also have to be made to the General Regulations of the EA, other FEI publications including the General Regulations and Veterinary Regulations.

These Rules & Regulations cannot be used either in principle, in whole, or in part for the judging of Competition unless the Organising Committee or body is affiliated to Equestrian Australia

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

- a) **Good Horse management**
Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality hay, feed and water must always be available.
- b) **Training methods**
Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.
- c) **Farriery and tack**
Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.
- d) **Transport**
During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.
- e) **Transit**
All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to Compete

- a) **Fitness and competence**
Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.
- b) **Health status**
No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.
- c) **Doping and Medication**
Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.
- d) **Surgical procedures**
Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.
- e) **Pregnant/recently foaled mares**
Mares must not compete after their fourth month of pregnancy or with foal at foot.
- f) **Misuse of aids**
Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare.

- a) Competition areas
Horses must only be trained and compete on suitable and safe surfaces. All obstacles must be designed with the safety of the Horse in mind.
- b) Ground surfaces
All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.
- c) Extreme weather
Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses quickly after competing
- d) Stabling at Events
Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse washing-down and water must always be available.

4. Humane Treatment of Horses

- a) Veterinary treatment
Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must dismount and a Veterinary evaluation must be performed
- b) Referral centres
Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.
- c) Competition injuries
The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.
- d) Euthanasia
If injuries are sufficiently severe the Horse may need to be euthanased by a veterinarian as soon as possible on humane grounds and with the sole aim of minimising suffering.
- e) Retirement
Horses must be treated sympathetically and humanely when they retire from Competition.

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in their areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

The Code is available on the FEI's website: www.fei.org

CHAPTER 1 - INTRODUCTION

Article 200 GENERAL

1. A jumping competition is one in which the combination of horse and athlete is tested under various conditions over a course of obstacles. It is a test intended to demonstrate the horse's freedom, its energy, its skill, its speed and its obedience in jumping and the athlete's horsemanship. It is essential that strict and detailed JRs are established to regulate Competitions.
2. If an athlete makes certain faults such as knocking down an obstacle, refusing, exceeding the time allowed, etc. he incurs penalties. The winner of the competition is the athlete who incurs the least number of penalties, completes the course in the fastest time or gains the highest number of points, depending on the type of competition.
3. Variety in Jumping Competitions is encouraged. Therefore, while the JRs are intended to standardise the rules and regulations which apply to Jumping Competitions, they are not intended to standardise the nature of the Competitions, since variety provides a precious element of interest for athletes and spectators alike.
4. Other competitions may be held provided their conditions comply with the requirements laid down in the rules of the Equestrian Australia and the FEI General Regulations and Rules for Jumping Events.
5. Competitions must be fair for all athletes. To achieve this objective, the use of all technical assistance available including but not limited to official video-recordings are permitted to assist EA Officials in carrying out their responsibilities under EA Rules & Regulations. For official video recordings to be accepted under the FEI Rules & Regulations, they must be presented to the President of the Ground Jury within 30 minutes after the official results are announced. An official video recording is considered to be a recording made by the designated host broadcaster and/or any other accredited broadcaster and/or a designated official video recording company as named by the OC and/or the EA prior to the Event in question). Videos recorded by any other entity are not acceptable under any circumstances.
6. A review of the video recording is solely at the discretion of the President of the Ground Jury. If the Ground Jury relies on video evidence to alter the outcome of any Competition after the results have been communicated, such a video recording must contain irrefutable evidence that the original ruling or decision was incorrect. A video recording may never be used to establish the time of an Athlete's round (see JRs Art. 229.5). The use of a video shall always be within the confines of the applicable rules and must never by its usage alter the rules currently in effect. With reference to the water jump the decision of the water jump judge is final. (see JRs Art. 211.9)

CHAPTER 2 - ARENAS AND SCHOOLING AREAS

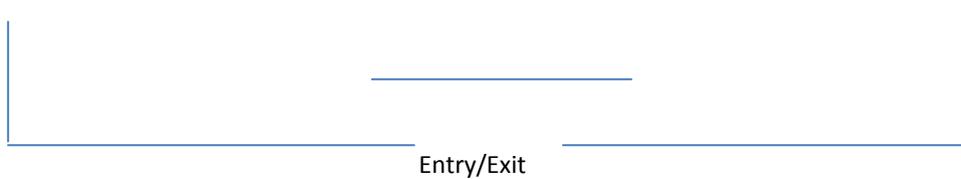

Article 201 – Arena, Schooling Areas and Practice Obstacles

1. The arena must be enclosed. While a horse is in the arena during a competition, all entrances and exits must be physically closed or an arrangement as listed immediately below is set up for the entry and exit point.

It is recommended that an obstacle may be placed a few meters inside the arena in front of the entry/exit gate so that the gate may be left open.

The obstacle is placed so that the horse must make two turns (a serpentine) in order to enter/exit the arena.

Example 1

Example 2

Example 3

2. An indoor competition arena must have minimum size of 1'200 sq m with a minimum width on the short side of 20m. An outdoor competition arena must have a minimum size of 4'000 sq m with a minimum width on the short side of 50m.
3. The Schooling Areas
The OC must provide at least one exercise or schooling area sufficiently large for good optimal training conditions. There must be a minimum of one vertical and one spread obstacle. The ground has to be in good shape proper condition for the training of Horses. When there are many Athletes and sufficient space, additional obstacles should be provided. All obstacles must be constructed in the usual manner and provided with red and white flags. However, the flags may be replaced by tape or paint in order to provide a white and a red top to the wings or uprights.

Where space permits and the number of Athletes is large, a separate schooling area may be designated.

4. Practice Obstacles

- 4.1 The use of obstacle material not provided by the Organising Committee is forbidden under penalty of Disqualification and/or fine (240. 2 and 242.2.6). Practice obstacles may only be jumped in the direction for which they are flagged. No part of the practice obstacles may be physically held by any person.
- 4.2 Ground lines may be placed directly underneath the first part of an obstacle or up to 1 m away on the take-off side. If there is a ground-line in front of the obstacle, a ground-line may be used behind the obstacle at an equal distance up to maximum. 1 m.
- 4.3 Any obstacles 1.30 m or higher must have a minimum of two poles, in cups, on the take-off side of the obstacle, regardless of whether or not a ground line is used. The lower pole must always be below 1.30 m.
- 4.4 If crossed poles are used as the top part of an obstacle, they must be able to fall individually. The top end of the poles must be in a cup. However there can be a horizontal top pole behind the crossed poles, which must be at least 20 cm higher than the centre of the crossed poles
- 4.5 The top poles of an obstacle must always be in cups at both ends. If the pole is resting on the edge of a cup it must be on the far edge and never on the near edge.
- 4.6 For Competitions where the maximum obstacle height is 1.40m or less, the obstacles in the practice arena may not exceed in height and width 10 cm more than the actual maximum height and width of the obstacles of the competition in progress. If the obstacle height of the competition in progress is greater than 1.40m, the obstacles in the practice arena may not exceed 1.80 m in width and 1.60 m in height.
- 4.7 It is not permitted to walk horses over poles when these are elevated or placed in cups at one or both ends.
- 4.8 The Organising Committee may provide material to simulate a water ditch.

5. Gymnastic Training

- 5.1 Athletes may train their horses in gymnastic exercises using placing poles on the ground, but obstacles used for this purpose may not exceed 1.30 metres in height and 1.60 metres in spread. Athletes using such obstacles must not violate the rules against rapping (See Art 243.2.1).
- 5.2 Placing Poles: if there is enough space only single placing poles may be used and placed on the ground on the takeoff side not closer than 2.50 m to a vertical obstacle not exceeding 1.30 m in height. A-placing pole may be used on the landing side not closer than 2.50 m when the obstacle is jumped at the trot or 3.00 m if at the canter on the landing side may be used.
- 5.3 Exercising and Training: whenever possible provision should be made for athletes to exercise and train in the presence of a steward for several hours in the morning. Athletes may change obstacles providing articles 201.4, 201.5 and 201.6 are not contravened.

6. Combinations are permitted as long as there is enough space and it they are built with correct distances. The organizing Committee must provide the material. When training areas are crowded athletes may only use single obstacles

7. The schooling area(s) must always be supervised by a steward when in use.

Article 202 ACCESS TO THE ARENA AND PRACTICE OBSTACLE

1. Athletes on foot may only be admitted once to the arena before each competition and this includes competitions with jump-off(s). Permission to enter the arena will be given by the Ground Jury ringing the bell and by displaying a notice "Arena Open". An announcement must also be made over the public address system. However, in competitions over two rounds with different courses, athletes may inspect the course before the second round.
2. The Organising Committee, OC, of an indoor event where facilities for exercising are severely limited, may, with the agreement of the Ground Jury, give special permission for the arena to be used for exercising at specified times.
3. If the schooling area(s) are inadequate or cannot be used, a practice obstacle which is not part of the course must be placed in the arena. In all other circumstances facultative or practice obstacles are not allowed in any competition. Refer to FEI Rules for Jumping for more details. In certain special competitions (including but not limited to the Six Bar or Puissance Competition) the Ground Jury may decide that the Athletes remaining in the Competition must stay in the arena after the first or second jump-off. In this case, the Ground Jury must allow a practice obstacle in the arena.
4. The practice obstacle must be a spread obstacle not exceeding one meter forty (1.40 m) in height and one meter sixty (1.60 m) in spread or a vertical obstacle not exceeding one meter forty (1.40 m) in height, provided with red and white flags and should not be numbered. These dimensions may not be altered during the course of the Competition. Only two (2) attempts at this obstacle are allowed. Jumping or attempting to jump this practice obstacle more than twice entails a fine in addition to the possible Disqualification (see JRs Art. 242.2.3 and 240.2).

Jumping the practice obstacle in the wrong direction may incur disqualification (see Article 242.2.7 of the Jumping Rules).

The Athlete is allowed ninety (90) seconds maximum to make these attempts, counted from the time the Ground Jury rings the bell.

A knock down, refusal or run out count as an attempt. If there is a refusal at the first attempt with a knock down or displacing of the obstacle, this obstacle is to be reset and the Athlete is allowed to make a second and final attempt. The time taken to reset the obstacle is neutralised.

The Ground Jury must give the signal to start the round after the Athlete has made his attempt(s) or after ninety (90) seconds. After the sound of the bell, the Athlete who has attempted only once, is allowed the second attempt but he must cross the starting line in the correct direction within the forty five (45) seconds; failure to do so will start the time of the round (see Article 203.1.2. of the Jumping Rules).

5. Athletes may not jump or attempt to jump any obstacle in the arena during a parade before the Competition. Failure to comply with this paragraph may incur Disqualification (see Article 242.2.4 of the Jumping Rules).
6. A prize winner may only jump an obstacle for the benefit of the press with the permission of the Ground Jury, provided it does not form part of a subsequent round. This practice should not be encouraged.

Article 203 - Bell

1. The bell is used to communicate with the athletes. One of the members of the Ground Jury is in charge of the bell and responsible for its use. The bell is used:
 - 1.1. to give permission to the athletes to enter the arena when the course is ready for their inspection (Art 202.1) and to signal that the inspection time is over;

- 1.2. to give the signal to start and to activate a 45-second countdown shown in the timing equipment in the scoreboard or in another display beside the arena.

The 45-second countdown sets the time that the athletes can spare before commencing his round. The Ground Jury has the right to interrupt the 45-second countdown if unforeseen circumstances occur. Incidents such as, but not limited to disobediences, and falls, occurring between the signal to start and up to the moment the athlete crosses the starting line in the correct direction, are not penalised (see JRS Art 235.3).

After the bell has rung, crossing the starting line in the correct direction for a second time before jumping the first obstacle is counted as a disobedience. However, the Ground Jury in its discretion if the situation so warrants has the right not to activate the start or to cancel the starting procedure, give a new signal to start and restart the countdown.

- 1.3. to stop an athlete for any reason or following an unforeseen incident and to signal to him to continue his round after an interruption (see Art 217.4 and 233);
 - 1.4. to indicate to him that an obstacle knocked down following a disobedience has been replaced (Art 233);
 - 1.5. to indicate by prolonged and repeated ringing that the athlete has been eliminated.
2. If the athletes do not obey the signal to stop, they may be eliminated at the discretion of the Ground Jury (Art 241.4.5) except where specifically provided for under article 233.2).
 3. If, after an interruption, the athlete restarts and jumps or attempts to jump without waiting for the bell to ring, he will be eliminated (Art 241.3.14).

Article 204 – Courses and Measuring

1. The Ground Jury must walk the course to inspect it before the start of the competition. The length of the course must be measured accurately to the nearest metre taking into account, particularly on the turns, the normal line to be followed by the horse. This normal line must pass through the middle of the obstacle.
2. The President of the Ground Jury or his deputy must ensure that the Course Designer has properly measured the course.
3. Once the competition has started only the Ground Jury in consultation with the Course Designer may decide that a significant error has been committed in the measurement of the course. This may be done at the latest after the third athlete, who has completed the course without a disobedience or any other interruption, assuming that the three Athletes in question have started their course prior to the 45 second countdown elapsing, and before the next athlete has started. In this case, the Ground Jury has the option to alter the time allowed. If the time allowed is increased the score of the athletes who have jumped the course before the time was altered will then be adjusted accordingly, if applicable. If the time allowed is decreased, this may only be done to the extent that no Athlete having previously completed his round receives time penalties due to the alteration of the time allowed.
4. If the condition of the footing becomes bad, the Ground Jury may alter the speed provided for in the schedule, before the start of the first Athlete of the competition.

5. The total length of the course in metres may never exceed the number of obstacles in the competition multiplied by 60.
6. The starting and finishing lines may not be more than 15 metres or less than 6 metres from the first and last obstacle. These two lines must each be marked with an entirely red flag on the right and an entirely white flag on the left. The start line and finish line must also be marked with markers with the letters S (= start) and F (= finish).

Article 205 – Course Plan

1. The Course Designer must give the Ground Jury a copy of the course plan showing accurately all the details of the course. An exact copy of the course plan given to the Ground Jury must be posted as close as possible to the entrance of the arena, prior to the beginning of each competition. For all Competitions the track as measured by the Course Designer must be indicated on the course plan that is posted prior to the Competition.
2. The obstacles are numbered consecutively in the order, in which they must be jumped, except in certain competitions specified in the JRs.
3. Combination obstacles carry only a single number. This number may be repeated at each element for the benefit of the Ground Jury and athletes. In this case, distinguishing letters will be added (for example: 8A, 8B, 8C etc).
4. The plan must indicate the following:
 - 4.1. the position of the starting and finishing lines. During a round, unless otherwise indicated, these may be re-crossed without penalty;
 - 4.2. the relative position, type (spread or vertical obstacle, triple bar) numbering and lettering of obstacles;
 - 4.3. any compulsory turning points marked by a white flag on the left side and a red flag on the right;
 - 4.4. the track to be followed by athletes marked either by a continuous line (in which case it must be followed precisely) or by a series of arrows showing the direction in which each obstacle must be jumped (in which case the athlete is free to choose his own track). Should there be a compulsory section in an otherwise unrestricted course, both methods must be used on the same plan;
 - 4.5. the table of penalties to be used;
 - 4.6. the speed for the Competition if applicable;
 - 4.7. the length of the course;
 - 4.8. the time allowed and the time limit, if any; or the fixed time in certain Competitions, as specified in the JRs;
 - 4.9. the obstacles, the length, the time allowed and the time limit for the jump-offs;
 - 4.10. the combinations considered as completely closed or as partially closed (Article 214);
 - 4.11. All decisions and/or modifications made by the Ground Jury in regard to the course.

Article 206 – Alterations to the Course

1. Should force of circumstances make it necessary to alter the plan of the course after it has been posted up, the change may only be made after agreement of the Ground Jury. In this case all individual athletes must be advised of the alterations.
2. Once the competition has begun, the conditions under which it is run may not be altered and the course or its obstacles may not be changed unless otherwise stipulated in the JRs (see Art 204.3) If it becomes necessary to interrupt the competition (because of a storm or bad light etc) it must subsequently be continued using the same obstacles and course and as far as possible under the same conditions and at the exact point where it was interrupted.

3. Notwithstanding paragraph 2, an obstacle may be re-sited during a round, or between rounds of a competition, if in the opinion of the Ground Jury, deterioration in the state of the going or other special circumstances necessitates such action. Obstacles, which cannot be re-sited, such as water jumps, ditches or permanent obstacles, must be taken out of the course. If an obstacle has been taken out of the course during a round, the scores of all previous athletes penalised during this round at that obstacle must be adjusted by cancelling jumping penalties and time corrections incurred thereat. All eliminations and time penalties already incurred will stand.
4. If necessary, a new time allowed and time limit shall be fixed for the course as altered under paragraph 3.

Article 207 - Flags

1. Completely red flags and completely white flags should be used to mark the following details of the course.
 - 1.1. the starting line; it is obligatory to place also a marker S (Art 204.6);
 - 1.2. the limits of the obstacles; the flags may be attached to any part of the wings of the obstacles. They may also stand independently. One red flag and one white flag must be placed at vertical obstacles and at least two red and two white flags to define the limits of spread obstacles. They must also be used to mark the limits of the obstacles provided in the schooling areas (Art 201.3) or of the practice obstacle in the arena (Art 202.4); in the schooling area it is also allowed to use wings/uprights with a red or white top, instead of flags;
 - 1.3. compulsory turning points;
 - 1.4. the finishing line; it is obligatory to place also a marker F (Art 204.6);
2. At the obstacles, the starting and finishing lines and at the compulsory turning points, the athlete must pass between the flags (red on his right and white on his left). Flag poles defining the limits of the landing side of the water jump must be made of material that cannot shatter or splinter and must bend when hit; flags must have no sharp points or corners.
3. If an athlete passes the flags on the wrong side, he must retrace his steps and pass them on the correct side before continuing his round. If he does not correct this mistake, he will be eliminated (Art 220.1.2 and 220.1.3). Knocking down a flag anywhere in the arena does not incur a penalty. If a flag marking the limits of an obstacle or compulsory turning point or the finishing line has been knocked down following a disobedience / resistance, (without passing these lines) or as a result of unforeseen circumstances, the flag will not be replaced immediately; the athlete must continue his round and the obstacle /compulsory turning point will be judged as if the flag was in its original place. The flag must be replaced before the next athlete will be given the signal to start.
5. However, if a flag defining the limits of the water jump or of a natural obstacle has been knocked down following a disobedience or as a result of unforeseen circumstances and in all cases where the nature of the obstacle is changed by knocking down the flag, the Ground Jury will interrupt the round of the athlete. The clock must be stopped while the flag is replaced and a time correction of 6 (Six) seconds will be applied in accordance with the procedure provided for in article 232.
6. In certain special competitions, the starting and finishing lines may be crossed in both directions. In this case the lines must be provided with four flags; a red and a white flag at each end of these lines.

CHAPTER 3 - OBSTACLES

Article 208 – Obstacles General

1. The obstacles must be inviting in their overall shape and appearance, varied and match their surroundings. Both the obstacles themselves and their constituent parts must be such that they can be knocked down, while not being so light that they fall at the slightest touch or so heavy that they may cause horses harm.
2. The obstacles must be designed with horsemanship and fairness in mind.
3. Intentionally left blank
4. Intentionally left blank
5. Under no circumstances, except in Puissance or in Power and Skill Competitions may any obstacle exceed 1.70 m in height. Spread obstacles must not exceed 2m in spread with the exception of triple bars, which may have a maximum spread of 2.20 m. This applies also in the case of one or of several jump-offs. The water jump may not exceed 4.50 m in spread including the take-off element.
 - 5.1 The first obstacle and the first obstacle of the first combination may be 10cm (4 inches) lower than the minimum recommended height.
 - 5.2 Any jump off under Table A must include a combination and *must not* be raised more than 15cm higher than the previous round.
 - 5.3 The spread should be at least the same in height as in spread. The spread should never be more than one third greater than the height. (The exception is for triple bars).
 - 5.4 The minimum starting height for Young Riders is 1.2 metres
 - 5.5 These dimensions also apply for Speed Classes.
6. Intentionally left blank.
7. Poles and other parts of the obstacles are held up by supports (cups). The pole must be able to roll on its support; in this case the support must have a depth of 18 mm minimum and a depth of 30 mm maximum. For planks, balustrades, barriers, gates, etc. the diameter of the supports must be more open or even flat.
8. The limits on the height and spread of obstacles laid down by these Rules must be observed with the greatest care. However, if it should happen that a maximum dimension has been marginally exceeded as a result of the material used for construction and/or by the position of the obstacle on the ground, the maximum dimensions laid down will not be considered as having been exceeded, but every effort has been made not to exceed the maximum dimensions specified in the schedule with the materials available.
9. The approximate dimensions of obstacles in Competitions other than those, which are specially set forth in the JRs, must be stipulated in the schedule.

Article 209 - Vertical Obstacles

An obstacle, whatever its construction, may only be called a vertical when faults are judged on the same vertical plane.

Article 210 – Spread Obstacles

1. A spread obstacle is an obstacle, which is built in such a manner that it requires an effort both in spread and in height. FEI approved safety cups must be used as support for the back pole of spread obstacles and in case of a triple-bar to support the centre and back poles of the obstacle. Approved safety cups must be used in the exercise area.
2. The President of the Ground Jury is responsible for the rules relating to safety cups to be followed.

Article 211 – Water Jump

1. For an obstacle to be called a water jump, there must be no obstacle in front, in the middle or behind the water. The water must have a minimum spread in excess of two metres and must be dug into the ground. For details of how the water jump should be constructed refer to Annex VII

If the water jump does not meet the specifications as described in, Annex VII a vertical obstacle must be placed over the water as described in JRs Art. 211.10.
2. A take-off element (brush, small wall), with a minimum height of 40 cm and a maximum height of 50 cm, must be erected on the take-off side. The width of the front of the water jump must be at least 30% greater than the length.
3. At FEI competitions and the Australian Jumping Championships the landing side of the water jump must be defined by a lath, at least six centimetres in width and not exceeding eight centimetres, covered with a bed of contrasting coloured plasticine (i.e. white plasticine if grass footing, coloured plasticine if sand), about one centimetre thick. This plasticine must be replaced each time a horse touches it. Several spare laths must be provided together with extra plasticine so that a lath, which has been marked by a horse, may be replaced at any time. The lath must be placed at the edge of the water, properly fixed to the ground (i.e. directly on the sand or grass footing).
4. If the bottom of the water jump is made of concrete or hard material, it must be covered with a softer material such as a coconut or rubber mat.
5. It is a Fault at the water jump:
 - 5.1. When a Horse puts one or several feet on the lath defining the limit of the water jump. It is a fault when the foot or the shoe touches the lath and leaves an impression; impression of the fetlock joint or boot does not constitute a fault.
 - 5.2. When a horse touches the water with one or several feet.
6. Striking, knocking down, or displacing the brush or take-off element is not a Fault.
7. If one of the four flags is knocked down or displaced it is for the water jump judge to decide whether or not there has been a run-out depending on which side of the flag the horse has passed. If the decision is a run-out the bell will be rung and the clock stopped while the flag which has been knocked down or displaced is put back and six seconds will be added in accordance with JRs, Article 232.
8. The decision of the water jump Judge is final. For this reason he must be a member of the Ground Jury.
9. The water jump Judge must register the identification number or name of horses penalised at the water jump and the reason for the penalties.

10. Only a vertical obstacle of not more than 1.50 m in height having any number of poles but with the use of FEI approved safety cups may be placed over open water. The vertical obstacle must not be placed further than two metres from the front of this obstacle. This obstacle is judged as a vertical obstacle and not as a water jump. For this reason it is not necessary to use a lath or other arrangement to define its limits. If a lath is used it is to be considered a visual aid only; Penalties will not be incurred for any imprints on the lath. The same applies if the take-off element is displaced. Only poles with a minimum length of 3.50 m may be used for a vertical placed over a water jump.
11. With the exception of the case set forth in Art. 211.10, if water is used under, in front of or behind an obstacle (a so-called "Liverpool") the total spread of the obstacle (including the water) may not exceed 2 m. Open water with a spread of more than 2 m may not be used as a Liverpool.

Article 211 a – Water Jump

1. For an obstacle to be called a water jump there must be no obstacle in front, in the middle or behind the water. The water must have a minimum spread in excess of two metres and maximum width of 3.6metres. The water jump may be sited on top of the ground. The width of the front of the water jump must be at least 4 metres and greater than the length. This may include floral decorations
2. A take-off element (brush, small wall), with a minimum height of 40 cm and a maximum height of 50 cm, must be erected on the take-off side. The take-off element must be solid, inviting and preferably sloping.
3. The landing side of the water jump must be defined by a lath, at least six centimetres in width and not exceeding eight centimetres, covered with a bed of contrasting coloured plasticine (i.e. white plasticine if grass footing, coloured plasticine if sand), about one centimetre thick. This plasticine must be replaced each time a Horse touches it. Several spare laths must be provided together with extra plasticine so that a lath, which has been marked by a Horse, may be replaced at any time. The lath must be placed at the edge of the water, properly fixed to the ground (i.e. directly on the sand or grass footing).
 - 3.1 Alternative material to plasticine for the lath may be used in competitions where the total prizemoney is less than \$5,000.00, which includes corflute (plastic coated cardboard) or a white rubber strip.
4. The water must be coloured sky blue.
5. It is a Fault at the water jump:
 - 5.1. When a Horse puts one or several feet on the lath defining the limit of the water jump. It is a Fault when the foot or the shoe touches the lath and leaves an impression; impression of the fetlock joint or boot does not constitute a fault.
 - 5.2. When a Horse touches the water with one or several feet.
6. Striking, knocking down, or displacing the brush or take-off element is not a Fault.
7. If one of the four flags is knocked down or displaced it is for the water jump judge to decide whether or not there has been a run-out depending on which side of the flag the horse has passed. If the decision is a run-out the bell will be rung and the clock stopped while the flag which has been knocked down or displaced is put back and six seconds will be added in accordance with JRs, Article 232.
8. The decision of the water jump Judge is final. For this reason he must be a member of the Ground Jury.

9. The water jump Judge must register the identification number or name of Horses penalised at the water jump and the reason for the Penalties.
10. Only a vertical obstacle of not more than 1.35 m in height, having any number of poles but with the use of FEI approved safety cups may be placed over open water. The vertical obstacle must be placed between 30 and 50 percent of the spread of the water jump from the front of this obstacle. This obstacle is judged as a vertical obstacle and not as a water jump. For this reason it is not necessary to use a lath or other arrangement to define its limits. If a lath is used it is to be considered a visual aid only; Penalties will not be incurred for any imprints on the lath. The same applies if the take-off element is displaced.
11. If water is used under, in front of or behind an obstacle (a so-called "Liverpool") the total width of the obstacle (including the water) may not exceed two metres.
12. The minimum length of the arena for using a water jump is 80 metres.
13. There must not be any obstacle before or after the water jump less than 25 metres (6 strides).
14. If an open water is to be included in a competition the water jump must be used prior to that competition with rails above the water by those competitors who will jump the open water.
15. The course designer must be a national level 3 or FEI accredited to include a water jump in the course.

Article 212 – Combination Obstacles

1. Double, treble or higher combinations mean a group of two or more obstacles, with distances between the elements of 7 m minimum and 12 m maximum (except for Hunting or Speed and Handiness competitions judged under Table C and for permanent fixed obstacles where the distance may be less than 7 m) which require two or more successive efforts. The distance is measured from the base of the obstacle on the landing side to the base of the next obstacle on the take-off side.
2. In combinations, each element of the group must be jumped separately and consecutively, without circling around any element. Faults committed at any element of a combination are penalised separately.
3. When there is a refusal or run-out, the athlete must retake all the elements unless it is a closed combination or partially closed combination (Art 214) or a six bar or obstacles-in-line competition.
4. Penalties for faults made at each element and during different attempts, are counted separately and added together.
5. In a combination obstacle a triple bar may only be used as the first element.

Article 213 – Banks, Mounds and Ramps

1. Refer to FEI Rules

Article 214 – Closed Combinations, partially closed and partially open Combinations

1. A combination is considered to be completely closed, if the sides, which surround it, can only be surmounted by jumping.
2. A closed combination may be in the form of an in-and-out, sheep pen, (square or hexagonal) or any similar obstacle considered as a closed combination by decision of the Ground Jury. A combination is considered as partially open and partially closed if one (1) part of this combination is open and the other closed. In the event of a Refusal, Run-out, the following procedure applies (see Art. 219);
 - 2.1. if the disobedience occurred in the closed part, the athlete must jump out in the direction of the course;
 - 2.2. if the disobedience occurred in the open part, the athlete must take the whole obstacle again. Failure to do so incurs elimination (see Art. 241.3.15),
 - 2.3.. In the event of a disobedience with a knock down and/or displacing of the obstacle at any part, a time correction of six seconds must apply. If, once inside the enclosure, the Horse refuses the athlete must jump out in the direction of the course. The six seconds penalty is added to the time when the clock is restarted and the athlete resumes his round.
3. The Ground Jury must decide before the competition whether the combination is to be considered as closed or partially closed. This decision must be shown on the plan of the course.
4. If a combination is not mentioned on the plan of the course as closed or partially closed, it must be considered as an open combination and judged as such.

Article 215 – Alternative Obstacles and Joker

1. When in a competition two obstacles of the course carry the same number, the athlete has the choice of jumping either one of the obstacles:
 - 1.1 if there is a refusal or run-out without a knock-down or displacing of the obstacle, at his next attempt the athlete is not obliged to jump the obstacle at which the refusal or run-out occurred. He may jump the obstacle of his choice;
 - 1.2 If there is a refusal or run-out with a knock-down or displacing of the obstacle, he may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start. He may then jump the obstacle of his choice;
2. Red and white flags must be placed at each of the elements of this alternative obstacle.
3. The Joker is a difficult obstacle, and must be designed with horsemanship and fairness in mind. It may only be used in an Accumulator competition or in a Top Score competition.

CHAPTER 4 – PENALTIES DURING A ROUND

Article 216 – Penalties General

During a round, penalties are incurred for:

1. Knocking down an obstacle (see Art 217), a foot in the water or any imprint of the foot or shoe on the lath defining the limits of the water jump on the landing side;
2. A disobedience, (i.e. refusal, run-out or resistance) (see JRs Art 219);
3. A deviation from the course (Art 220);
4. A fall of a horse and/or athlete (Art 224);
5. Unauthorised assistance (Art 225);
6. Exceeding the time allowed or the time limit (Art 227; 228).

Article 217 – Knock Down

1. An obstacle is considered to have been knocked down when, through a mistake of the horse or athlete:
 - 1.1. the whole or any upper part of the same vertical plane of it falls, even if the part which falls is arrested in its fall by any other part of the obstacle (Art 218.1);
 - 1.2. at least one of its ends no longer rests on any part of its support.
2. Touches and displacements of any part of an obstacle or its flags, in whatever direction, while in the act of jumping, do not count as a knock down. If in doubt the Ground Jury should decide in favour of the athlete. The knock down or displacement of an obstacle and/or a flag as a result of a disobedience is penalised as a refusal only.

In the event of the displacement of any part of an obstacle, (except the flags), as a result of a disobedience, the bell will be rung and the clock stopped while the displacement is re-adjusted. This does not count as a knock down and is only penalised as a disobedience and corrected by time in accordance with Article 232.
3. Penalties for knocking down an obstacle are those provided for under Tables A and C (Art 236 and 239).
4. If any part of an obstacle, which has been knocked down is likely to impede an athlete in jumping another obstacle, the bell must be rung and the clock stopped while this part is picked up and the way is cleared.
5. If an athlete jumps an obstacle correctly which has been improperly rebuilt, he incurs no penalty; but if he knocks down this obstacle he will be penalised in accordance with the table in use for the competition.

Article 218 – Vertical and Spread Obstacles

1. When a vertical obstacle or part of an obstacle comprises two or several parts placed one above the other and positioned in the same vertical plane, only the fall of the top part is penalized.
2. When a spread obstacle which requires only one effort comprises parts which are not positioned in the same vertical plane, the fall of one or several top parts only counts as one fault whatever the number and position of the parts which have fallen. Trees, hedges etc. used as filling are not liable for penalties.

Article 219 – Disobediences

1. The following are considered as disobediences and are penalised as such (Art 236 and 239):
 - 1.1. a refusal;
 - 1.2. a run-out;
 - 1.3. a resistance;
 - 1.4. a more or less regular circle or group of circles no matter where they occur on the course or for whatever reason. It is also a disobedience to circle around the last obstacle jumped unless the track of the course so requires.
2. Notwithstanding the above, the following is not considered to be a disobedience:
 - 2.1. Circling for up to 45 seconds after a run-out or a refusal (no matter if the obstacle has to be rebuilt or not) to get into position to jump an obstacle;

Article 220 – Deviation from the course

1. It is a deviation from the course when the athlete:
 - 1.1. does not follow the course as set out on the published plan;
 - 1.2. does not cross the starting line or the finishing line between the flags in the correct direction (Art 241.3.6 and 241.3.17);
 - 1.3. omits a compulsory turning point (Art 241.3.7);
 - 1.4. does not jump the obstacles in the order or in the direction indicated, except in certain special competitions (Art 241.3.10 and 241.3.11);
 - 1.5. jumps or attempts to jump an obstacle which does not form part of the course or omits an obstacle. Obstacles not included in the course should be crossed but failure to do so by the arena party will not preclude the elimination of a athlete for jumping an obstacle not forming part of the course.
2. An uncorrected deviation from the course will result in elimination of the Horse and Athlete combination (Art 241.3.6, 241.3.7 and 241.3.17)

Article 221 - Refusal

1. It is a refusal when a horse halts in front of an obstacle, which it must jump whether or not the horse knocks it down or displaces it.
2. Stopping in front of an obstacle without moving backwards and without knocking it down followed immediately by a standing jump is not penalised.
3. If the halt is prolonged, if the horse steps back, either voluntarily or not, even a single pace, it counts as a refusal.
4. If a horse slides through an obstacle, the Judge in charge of the bell must decide immediately if it is to count as a refusal or as an obstacle knocked down. If he decides that it is a refusal the bell is rung at once and the athlete must be ready to attempt the obstacle again as soon as it has been rebuilt (Art 232 and 233).
 - 4.1. If the Judge decides that it is not a refusal, the bell is not rung and the athlete must continue his round. He is then penalised as for an obstacle knocked down.

- 4.2. If the bell has been rung and the athlete jumps other elements of the combination in his stride, he will not be eliminated or incur further penalties even if he knocks down this element of the combination.

Article 222 – Run-Out

1. It is a run-out when the horse escapes the control of its athlete and avoids an obstacle, which it has to jump or a compulsory turning point, which it has to pass.
2. When a horse jumps an obstacle between two red flags or between two white flags the obstacle has not been jumped correctly, the athlete is penalised as for a run-out and he must jump the obstacle again correctly.
3. It is considered to be a run out and is penalised as such for a horse or any part of a horse to go past the extended line of an obstacle to be jumped, or of an element of a combination, or of the finishing line or of a compulsory turning point.

Article 223 – Resistance

1. It is a resistance when the horse refuses to go forward, makes a halt for any reason, makes one or several more or less regular or complete half turns, rears or steps back for whatever reason.
2. It is equally a resistance when the athlete stops his horse at any moment and for any reason, except in the event of an incorrectly rebuilt obstacle or to indicate unforeseen circumstances to the Ground Jury (Art 233.3.2). A resistance is penalised as for a refusal except in the circumstances set out in (Article 241.3.4)

Article 224 – Falls

1. A athlete is considered to have fallen when, either voluntarily or involuntarily, he is separated from his horse, which has not fallen, in such a way that he touches the ground or finds it necessary, in order to get back into the saddle, to use some form of support or outside assistance. If it is not clear that the athlete has used some form of support or outside assistance to prevent his fall, the benefit of doubt must be given to the athlete.
2. A horse is considered to have fallen when the shoulder and quarters have touched the ground or the obstacle and the ground.

Article 225 – Unauthorised Assistance

1. Any physical intervention by a third party between the crossing of the starting line in the correct direction and the crossing of the finishing line after jumping the last obstacle, whether solicited or not, with the object of helping the athlete or his horse is considered to be unauthorised assistance.
2. In certain exceptional cases, the Ground Jury may authorise the athlete to enter the arena on foot or with the help of another person, without this being considered as unauthorised assistance.
3. Any help given to a mounted athlete to adjust his saddlery or bridle or to hand him a whip while mounted during the round will incur elimination. To hand a mounted athlete his headgear and/or spectacles during his round is not considered to be unauthorised assistance (Art 241.3.20).

CHAPTER 5 – TIME AND SPEED

Article 226 – Time of the Round

1. The time of a round, recorded in seconds and in hundredths of a second, is the time taken by an athlete to complete the round, plus the time correction (Art 232) if any. The time awarded to the athlete starts running either upon crossing the starting line as per Art 226.2 or upon expiration of the 45 sec countdown (see JRs Art 203.1.2), whichever occurs first. It extends to the moment when the mounted Athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
2. The round starts when the mounted Athlete passes the starting line in the correct direction for the first time after the bell has been rung. It extends to the moment when the mounted athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
3. A display board beside the arena, clearly visible for the athlete, should show the 45-second count-down. If there is no display board, the 45-second rule will still apply.

Article 227 – Time allowed

The time allowed for a round in each competition is determined in relation to the length of the course and the speeds laid down under Article 234, FEI Annex II or EA Annex I.

Article 228 – The limit

The time limit is equal to twice the time allowed for all competitions in which a time allowed has been laid down.

Article 229 – Recording the Time

1. Each competition at an event must be timed by the same system or by means of the same type of timing equipment. Automatic equipment is compulsory for Australian Championships and CSI events. The timekeeper is required to record the number of the horse and the time taken to complete his round. The time must be recorded to one, one hundredth of a second.
2. Three digital stopwatches must be used. Two digital watches are required in case the automatic timing breaks down and a third watch required to measure the time taken to start after the bell has been rung for disobediences, interruptions, the time taken between two consecutive obstacles and the time limit for a resistance. The President or a member of the Ground Jury must have a digital stopwatch.
3. In any competition where the time is taken by stopwatches, the time is to be registered in seconds and in hundredths of a second. If two timekeepers are used, only the time of one will be taken into account for the official timing, the time of the second timekeeper will be used as a back-up.
4. In case of a breakdown of the electronic timing equipment, the time of any athlete affected by the breakdown shall be determined by a stopwatch in hundredths of a second. Refer to Annex IV
5. A video recording may never be used to establish the time of an athlete's round.
6. If the crossing of the starting and/or finishing line by the athlete cannot be clearly judged from the Ground Jury box, one or two persons, one at the starting line and one at the finishing line, with a flag, must be placed at both of these lines to signal the crossing of the athlete. The time taken by the athlete to complete the round is to be registered at the Ground Jury box.
7. Restarting the whole course should be done only in very exceptional circumstances (for example, the failure of both automatic timing and stop watch) for an athlete who

has been stopped to be allowed or required to start the whole course again. If in such circumstances he does start the whole course again, his previous score will be disregarded.

- 8 An athlete who has competed the course against the clock and who is required to restart because his time has not been taken may elect not to do so, in which case he will be placed immediately below any athlete with whom he would otherwise be placed equal on faults alone.

Article 230 – Interrupted Time

1. While the clock is stopped, the athlete remains free to move around until the ringing of the bell gives him permission to start again. The clock is restarted when the athlete reaches the place where the clock was stopped. Except in the case of a disobedience with a knock-down in which case Article 232 applies.
2. The responsibility for starting and stopping the clock rests solely with the judge in charge of the bell. The timing equipment must be such that this procedure can be followed. The timekeeper may not be made responsible for this function.

Article 231 – Disobediences during interrupted time

1. The time of a round is interrupted only under the provisions of Articles 232 and 233. The clock is not stopped in the event of a deviation from the course, a run-out or a refusal.
2. Disobediences are not penalised during interrupted time, except for the second Refusal following a refusal with a knock down.
3. The provisions concerning elimination remain in force during interrupted time.

Article 232 – Time Corrections

1. If, as the result of a disobedience, an athlete displaces or knocks down any obstacle or a flag defining the limits of the water jump, of a natural obstacle or in all cases where the nature of the obstacle is changed by knocking down the flag, the bell is rung and the clock is stopped until the obstacle has been rebuilt. When the obstacle has been rebuilt the bell is rung to indicate that the course is ready and that the athlete can continue the round. The athlete is penalised for a refusal and a time correction of six seconds is added to the time taken by the athlete to complete his round. The clock is restarted at the moment when the horse leaves the ground at the obstacle where the refusal occurred. If a disobedience with the knock-down occurs at the second or subsequent part of a combination the clock is restarted when the horse leaves the ground at the first element of the combination.
2. In those competitions where the third disobedience (1.15 metres and under) causes elimination, the following applies. If, after a first disobedience with a disturbance to the obstacle, the rider has a second refusal without a disturbance, the clock must be restarted by the ground jury at the point where the horse would normally take off should the disobedience have not occurred.

Article 233 – Stopping during the round

1. In the event of an athlete not being able to continue his round for any reason or unforeseen circumstance, the bell should be rung to stop the athlete. As soon as it is evident that the athlete is stopping, the clock will be stopped. As soon as the course is ready again, the bell will be rung, and the clock will be restarted when the athlete reaches the precise place where the clock was stopped; no penalty is incurred and six seconds are not added to the athlete's time.
2. If the athlete does not stop when the bell is rung, he continues at his own risk, and the clock should not be stopped. The Ground Jury must decide whether the athlete is to be

eliminated for ignoring the order to stop, or whether, under the circumstances, he should be allowed to continue. If the athlete is not eliminated, and is allowed to continue his round, the scores obtained at the obstacles preceding and following the order to stop will count.

3. If the athlete stops voluntarily to signal to the Ground Jury that the obstacle to be jumped is wrongly built or if due to unforeseen circumstances beyond the control of the athlete, he is prevented from continuing his round under normal circumstances, the clock must be stopped immediately.
 - 3.1. If the dimensions are correct and the obstacle in question has been properly built or if the alleged unforeseen circumstances are not accepted as such by the Ground Jury, the athlete will be penalised as for stopping during the round (Art 223.1) and the time of his round will be increased by 6 seconds.
 - 3.2. if the obstacle or part of the obstacle needs to be rebuilt or if the unforeseen circumstances are accepted as such by the Ground Jury, the athlete is not penalised. The time of the interruption must be deducted and the clock stopped until the moment when the athlete takes up his track at the point where he stopped. Any delay incurred by the athlete must be taken into consideration and an appropriate number of seconds deducted from his recorded time.

Article 234 – Speed

1. The speeds for jumping competitions vary as follows:
 - 1.1 For competition below 1.05 metres in height; 325 metres per minute
 - 1.2 For competitions 1.05 metres and above the minimum speed is 350 metres per minute.
 - 1.3 In indoor arenas the speed may be reduced to 325 m per minute.
 - 1.4 Puissance / Power and Skill competitions: no minimum speed required.
 - 1.5 The speed at which the competition is to be conducted should be published in the event schedule..
- 2 The speed of the competition may be changed if the arena is of insufficient size or if the competition arena footing does not allow the competition to be conducted fairly and or safely at the speed published in the event schedule. The decision to change the speed of the competition is made by the Course Designer and President of the Ground Jury in consultation.

CHAPTER 6 – TABLES OF PENALTIES

Article 235 – Faults

1. Faults made between the starting line and the finishing line must be taken into consideration. Exception: A knock down of the last obstacle will be considered a fault if the upper element falls from one or both of its supports prior to the time the athlete leaves the arena or until the bell is rung for the next athlete to commence his round, whichever occurs first. Definition of faults according to Art. 217 and 218.
2. Disobediences committed during the time when the round is interrupted (Art 231.2 and 231.3) are not penalised.
- 3 Disobediences, falls etc., occurring between the signal to start and the moment the athlete crosses the starting line in the correct direction, are not penalised.

Article 236 - TABLE A

1. Faults are penalised in penalty points or by elimination according to the table set out.

Fault	Penalty
First disobedience	4 penalties
Obstacle knocked down while jumping	4 penalties
One or more feet in the water jump or an imprint made by the foot or shoe on the lath defining its limits on the landing side	4 penalties
First fall of horse or athlete or both in all competitions	Elimination
Second disobedience or other infringement laid down under Article 241 when the competition is over 1.15 m. in height.	Elimination
Second disobedience if the competition is 1.15 m and under in height.	8 penalties
Third disobedience if the competition is 1.15 m and under in height	Elimination
Exceeding the time limit	Elimination
Exceeding the time allowed in the first and second rounds and jump-offs not against the clock	1 penalty point for every four seconds commenced
Exceeding the time allowed in a jump off against the clock	1 penalty for each second or commenced fraction of a second

- 2 Penalties for the disobediences accumulate not just at the same obstacle, but throughout the entire round.

Article 237 – Scores under Table A

Adding the penalties for faults at the obstacles and the time penalties, gives the score obtained by the athlete for his round. Time may be taken into consideration to separate equality for first place and/or following places according to the conditions laid down for the competition.

Article 238 – Methods of determining the scores under Table A

1. Competitions not against the clock
 - 1.1. The athletes with equality of penalties share the prizes. Depending on the conditions of the schedule, there may be one or two jump-offs not against the clock for those with equality of penalties for first place.
 - 1.2. This is a competition not against the clock with a time allowed but in the event of equality of penalties for first place there will be one jump-off against the clock. Other athletes are placed according to their penalties in the first round.
 - 1.3. This is a competition not against the clock with a time allowed but in the event of equality of penalties for first place, there will be a first jump-off not against the clock and, in the event of further equality of penalties for first place, there will be a second jump-off against the clock. Other athletes are placed according to their penalties in the first jump-off and if necessary in the first round.
2. Competitions against the clock
 - 2.1 Athletes with equality of penalties for any place are placed in accordance with the time taken to complete the round. In the event of equality of penalties and time for first place, there may be a jump-off over a shortened course over obstacles, which may be increased in height and/or spread in accordance with the provisions of the schedule.
 - 2.2 This is a competition against the clock, but in the event of equality of penalties for first place, there will be one jump-off against the clock. Other athletes are placed according to their penalties and time in the first round. For minor competitions the jump-off may be run according to table C, if thus provided in the schedule.
 - 2.3 This is a competition against the clock as for 2.2, but if, in the first jump-off against the clock there are athletes with equal penalties for first place, there will be a second jump-off against the clock. Other athletes are placed according to their penalties and time in the first jump-off and if necessary according to their penalties and time in the first round.
3. In all competitions when the placing's are determined against the clock, in the event of equality of penalties and time for first place, a jump-off may take place, over a shortened course over obstacles which may be increased in height and/or in spread, depending on the provisions of the schedule. If no provision for a jump-off is laid down in the schedule, it is considered that the competition will be run with no jump-off (Art 245.6).
4. In no circumstances may the number of jump-offs in the same competition under Art 238.1.1 and 238.2.1 above exceed two (see JRs Art. 245.4).

Article 239 TABLE C

1. Faults under Table C are penalised in seconds which are added to the time taken by the athlete to complete his round or by elimination.
2. Penalties under Table C

Fault	Penalty
Obstacle knocked down while jumping, one or more feet in the water jump or on the lath defining its limits on the landing side.	4 seconds (3 seconds for two phase competitions, knock-out competitions and for any jump-off under table C)
First disobedience	None
First disobedience, with a knock down and/or displacing of an obstacle	Time correction 6 seconds
Second disobedience when competition is 1.15 m and under in height	None
Second disobedience when competition is 1.15 m and under in height, with a knock down and/or displacing of an obstacle	Time correction 6 seconds
Third disobedience when competition is 1.15 m and under in height	Elimination
Second disobedience or other infringement laid down under Article 241 when competition is above 1.15 m in height	Elimination
First fall of horse or athlete or both in all competitions	Elimination

3. There is no time allowed under Table C however the following time limits are applicable:
 - Three minutes, (180 seconds) if the length of the course is 600 m or more, OR
 - Two minutes, (120 seconds) if the length of the course is less than 600 m.

Exceeding the time limit: Elimination

4. **Scores under Table C**
Adding, the time of the round (incl. the seconds for time correction if any), plus four seconds for each obstacle knocked down (three seconds during a jump-off or the second phase of a two phase competition), gives the score obtained, in seconds, by the athlete for his round.
5. Athletes wishing to school in speed competitions under table A or C, must inform the OC before the competition commences. Those wishing to school will start first in the competition. Athletes not complying with the above may be eliminated at the discretion of the Ground Jury (Art 241.4.4).
6. In the event of equality for first place, the athletes will be placed equal first, unless there is specific provision for a jump-off in the schedule of the event.

CHAPTER 7 – FINES, YELLOW WARNING CARDS, ELIMINATION AND DISQUALIFICATIONS

Article 240 – Fines and Yellow Warning Cards

Refer to EA General Regulations

1. The Ground Jury is authorised to report competitors to the CEO of Equestrian Australia or the relevant Branch Manager/CEO, according to EA Disciplinary By-Laws point 9, in cases where the rules are breached.
2. Whilst in an official capacity at an EA Sanctioned event the following accredited EA officials may issue a Yellow Warning card for similar breaches of the rule:
 - EA Level 2 Judges
 - EA Level 3 Judges
 - All FEI Judges
 - All FEI Stewards
 - EA Technical Delegates

Examples of such breaches might include:

- 2.1. an athlete who has been eliminated or at the end of his round does not leave the arena without delay;
- 2.2. an athlete who has been eliminated, or who retires and who makes more than one attempt to jump a single obstacle or jumps it in the wrong direction before leaving the arena;
- 2.3. an athlete who jumps one or several obstacles which are part of the course after passing the finishing line or jumps an obstacle without the permission of the Ground Jury for the press (202.6);
- 2.4. an athlete who uses in the exercise and in the schooling areas obstacles different from those provided by the Organising Committee (242.2.6 and 201.4)
- 2.5. an athlete who jumps or attempts to jump the practice obstacle placed in the arena more times than allowed (202.4, 242.2.3 and 262.1.9);
- 2.6. an athlete who does not salute the Ground Jury or the official personalities on entering the arena (256.2.1);
- 2.7. failure to display the identification number in case of repeated offence
- 2.8. an athlete who disrespects the advertising rules or does not comply with the rules laid down under article 256.1.5;
- 2.9. an athlete who disrespects the directives of the Organising Committee;
- 2.10. an athlete who touches an obstacle to the effect of changing it;
- 2.11. an athlete who does not follow orders of officials or incorrect behaviour towards Event officials or any other party connected with the Event (other Athlete, FEI/EA employee or representative, journalist, public etc).
- 2.12. an athlete who repeats offences after a warning;
- 2.13. an athlete who disrespects the rules regarding dress and saddlery;

In the case of a Yellow Warning Card being awarded by an EA Official, he or she should ideally deliver it personally to the Rider, together with an explanation as to why it is being issued and the possible consequences of any further offences being committed.

Official Warnings will also ideally be delivered personally to the rider with an explanation as to why it is being issued and the possible consequences of any further offences being committed.

In the case of riders under the age of 18 years, a Parent/Guardian must be present when personally delivering the Yellow Warning Card or Official Warning

The EA Official will advise their State Branch and or State Jumping Committee of the issue of ALL Yellow Warning Cards and the reasons for the issue within 48 hours of the event.

The State Branch of the EA and or the State Jumping Committee, shall as soon as possible advise the National Office, **who will advise the rider of the official recording of the Yellow Card offence** ~~who will arrange for the Yellow Warning Card issue.~~

Yellow Warning Cards received at both International and National events will be taken into account.

Article 241 - Eliminations

1. Unless otherwise specified in the Rules or in the conditions for the Competitions, elimination means that the athlete, with the horse in question may not continue in the current competition at issue.
2. The athlete has the right to jump one single obstacle, after retiring or after being eliminated, providing that obstacle is part of the course of the current competition. This however does not apply to elimination arising from a fall.
3. The following paragraphs lay down the reasons for which Athletes are eliminated in Jumping Competitions. The Ground Jury **must** enforce elimination under the following circumstances:
 - 3.1. jumping or attempting to jump an obstacle in the arena before the start of the round except for the practice obstacle(s) authorised by the Ground Jury (Art 202.3);
 - 3.2. starting before the signal is given and jumping the first obstacle of the course (Art 202.5. and 203.1.2);
 - 3.3. taking more than 45 seconds to jump the first obstacle after the time of the round has started, except all cases relating to circumstances beyond the influence of the athlete (Art 203.1.2);
 - 3.4. a horse resisting for 45 consecutive seconds during the round (Art 223.2);
 - 3.5. taking more than 45 seconds to jump the next obstacle, or to jump the last obstacle and cross the finishing line.
 - 3.6. jumping the first obstacle while omitting to cross the starting line between the flags in the correct direction (Art 220.1.2)
 - 3.7. omitting a compulsory turning point or not following the track indicated by a continuous line on the course plan;

- 3.8. attempting to or jumping an obstacle which does not form part of the course during the round (Art 220.1.5);
- 3.9. omitting to jump an obstacle of the course (Art 220.1.5) or after a run-out or a refusal, failing to attempt to jump again the obstacle where the fault was committed.
- 3.10. jumping an obstacle out of order (Art 220.1.4);
- 3.11. jumping an obstacle in the wrong direction (Art 220.1.4);
- 3.12. exceeding the time limit (Art 236 and 239);
- 3.13. following a refusal jumping or attempting to jump an obstacle which has been knocked down, before it has been rebuilt;
- 3.14. jumping or attempting to jump an obstacle after an interruption without waiting for the bell (Art 203.3);
- 3.15. not jumping all the elements of a combination again after a refusal or run-out. (Art 212.3) except in the case of the closed part of a combination (Art 214);
- 3.16. not taking each element of a combination separately and consecutively (Art 212.2);
- 3.17. not crossing the finishing line between the flags mounted in the correct direction, after having jumped the last obstacle (except in certain special competitions) before leaving the arena (Art 226.2);
- 3.18. athlete and/or horse leaving the arena without permission of the Ground Jury, including prior to starting;
- 3.19. a loose horse leaving the arena before the end of the round, including prior to starting;
- 3.20. accepting while mounted any object whatsoever during a round other than headgear and/or spectacles.
- 3.21. using a whip of more than 75 cm in length or weighted at the end, on the showground or in its immediate proximity. No substitute for a whip may be carried. (For exception to this article refer to Article 257.2.2);
- 3.22. an accident to a athlete or to a horse which prevents him from completing the competition (Art.258);
- 3.23. not leaving a closed combination in the right direction or displacing a closed combination;
- 3.24. second disobedience during the course of a round (Art.236 and Art.239) when competition is over 1.15 m in height;
- 3.24.1. third disobedience during the course of a round (Art.236 and Art.239) when competition is 1.15 m and under in height.
- 3.25. Athlete eliminated as result of a fall must not remount in the competition arena (Art 224, 236 and 239);
- 3.26. if the Ground Jury feels that for any reason horse or athlete is unfit to continue in competition.

- 3.27. jumping or attempting to jump an obstacle in the arena after the completion of a round (refer to JRs Art. 202.6 regarding authorisation to jump an obstacle for the press).
4. Elimination is left to the discretion of the Ground Jury in the following cases:
 - 4.1. not entering the arena when the athlete's name and/or number is called;
 - 4.2. not entering the arena mounted or not leaving the arena mounted;
 - 4.3. all physical unauthorised assistance, except for paragraph 3.20 above;
 - 4.4. schooling a horse in speed competitions under table A or C, without informing the OC in advance;
 - 4.5. not stopping when the bell is rung during the round (Art 203.2. and 233.2).

Article 242 - Disqualifications

1. Disqualification means that the athlete, the horse and/or a combination of both is/are disqualified from the Competition at issue, and for the rest of the day or from the entire Event. Disqualification may also be retroactive.
2. The Ground Jury may impose Disqualification in the following cases:
 - 2.1. entering the arena on foot once the competition has started;
 - 2.2. exercising horses in the arena or jumping or attempting to jump an obstacle without the permission of the Ground Jury (Art 202.2, 202.5 and 202.6);
 - 2.3. jumping or attempting to jump the practice obstacle in the arena more times than authorised (Art 202.4, 240.2.6 and 262.1.9);
 - 2.4. jumping or attempting to jump any obstacle in the arena or an obstacle forming part of a subsequent competition (202.5);
 - 2.5. retiring, before a jump-off, without permission of the Ground Jury or without valid reason;
 - 2.6. exercising horses during the course of an event over obstacles different from those provided by the Organising Committee (Art 240.2.5 and 201.4);
 - 2.7. jumping the obstacles in the schooling areas in the wrong direction or jumping the practice obstacle, if any, in the arena in the wrong direction (Art 201.4 and 202.4).;
 - 2.8. all cases of abuse and/or ill treatment of Horses reported by a member of the Ground Jury or of the Appeal Committee or by a Steward, or by any other person to an official (see GRs Art 142.2) including, but not limited to, cases arising under Article 1034 of the Veterinary Regulations (Standard Method of Examination for Limb Sensitivity)
3. **Mandatory Disqualification**
 - 3.1. Horses bleeding on the flank(s), in the mouth or nose or marks indicating excessive use of spurs or of the whip anywhere on the horse (In minor cases of blood in the mouth, such as where a horse appears to have bitten its tongue or lip – Officials may authorize the rinsing or wiping of the mouth and

allow the athlete to continue – any further evidence of blood in the mouth will result in disqualification.);

- 3.2. It is forbidden to jump unauthorised obstacles in any place on the showground or to leave the show grounds with the horse for any purpose unless permission is granted from the Organising Committee during the Event. This will result in Disqualification.

3.2.1. Non-registered athletes and horses will be disqualified.

Article 243 - Abuse of Horses

1. All forms of cruel, inhumane or abusive treatment of horses, which include, but are not limited to various forms of rapping, are strictly forbidden (Art 242.2.8)

Any act or series of actions that in the opinion of the Ground Jury can be deemed abuse of a Horse shall be penalized according to the General Regulations with one or more of the following penalties:

- (i) yellow warning card (see also 240.1 and GRs Art. 142;
- (ii) elimination;
- (iii) fine;
- (iv) disqualification.

2. The following is considered abuse of a Horse:

2.1. Rapping Horses

The term "rapping" includes all of the artificial techniques intended to induce the horse to jump higher or more carefully in competition. It is not practical to list every possible means of rapping, but in general it consists of the athlete - and/or dismounted assistants, for whose behaviour the athlete is responsible - either hitting the horse's legs manually with something (no matter with what or by whom) or deliberately causing the horse to hit something itself, whether by building obstacles too large and/or too wide, setting false ground lines, placing trotting poles or the elements of a combination at a false distance, intentionally pulling or pushing the horse into an obstacle or otherwise making it difficult or impossible for the horse to negotiate the practice obstacle without hitting it.

It is forbidden to jump unauthorised obstacles or to rap a horse in any way and in any place on the grounds of the event or to leave the grounds of the event for any purpose during the period of the event (GR-101.5).

In the case of rapping or any other abusive schooling practice within the period of jurisdiction of the Ground Jury, the athlete and the horse concerned will be disqualified from all competitions for at least twenty-four hours. In addition, the Ground Jury can take any further action it deems appropriate under the particular circumstances including, but not limited to, disqualifying the Athlete and/or Horse from the entire Event.

2.2. Excessive use of the whip:

- The whip may not be used to vent an Athlete's temper. Such use is always excessive;
- The whip is not to be used after elimination
- The whip is never to be used overhand, (for example a whip in the right hand being used on the left flank). The use of a whip on a Horse's head is always excessive use;

- A Horse should never be hit more than three (3) times in a row. If a Horse's skin is broken, it is always considered excessive use of the whip;
- An Athlete identified as misusing or excessively using the whip will be disqualified and may be fined at the discretion of the Ground

2.3. Other Forms of Abuse:

Abuse of a Horses in any other form (such as, but not limited to, hypersensitising or desensitising of the limbs, the use of banned schooling methods, excessive use of spurs, and other cases as specified in the VRs or any other EA/FEI rules and regulations) is also prohibited and must be penalised appropriately under these rules.

Article 244 – Boot and Bandage Control

1. Stewarding – Boot and Bandage Control (JRs Art 257.2.3 and VRs Art. 1025.18, 1025.19 and 1035) **and Hind Boot Checks (FEI Steward Manual)**

It is desirable to carry out boot and bandage control on all horses taking part in the Grand Prix and during the Competition with the highest prize money at each event. It is also recommended that boot and bandage control **and hind boot checks be carried out during the warm-up and** be carried out during other Competitions. Refer to the Vet Regs and to the Jumping Stewards Manual for the procedure for boot and bandage control.

CHAPTER 8 – JUMP OFFS

Article 245 - Jump Off General

1. Only athletes who are in equal first place after one or several preliminary rounds of the same competition may take part in a jump-off. Athletes must start the same horse in the jump-off as in the initial round.
2. In principle a jump-off must take place under the same rules and table as the original competition and the rules for jump-offs in that type of competition. However the jump off from a minor table A competition may be judged under table C, providing it is specified in the schedule. In any case all jump offs must be held immediately after the original round(s) of the competition.
3. If specified in the schedule the Organising Committee may decide that athletes, who have completed their preliminary round without penalties, must proceed to the jump-off immediately following their preliminary round. In this case, the bell must be rung again to signal the athlete to start the jump-off course during which the forty-five (45) second rule set forth in Article 203.1.2. above applies. Athletes, qualified for the jump-off, are not allowed to leave the arena, between their preliminary round and the jump-off. This type of jump-off is only allowed for competitions under Table A, according to article 238.1.2 and 238.2.2 and is not authorised for a Grand Prix competition or for the competition with the highest prize money. If there are no clear rounds in the preliminary round, the classification is established according to Art. 238.1.1 or 238.2.1 as applicable.
4. Unless otherwise laid down in these rules (Power and Skill competitions) no competition may involve more than two jump-offs.
5. The order of starting in the jump-off(s) must remain the same as the order of starting fixed for the round preceding the jump off, except where otherwise specified in the schedule or the rule book. If there was not a fixed draw for the first round then a draw for the jump-off must be mad for those horse qualified.

A horse that loses a shoe prior to starting in the initial round of a one round competition with a jump-off will be given a later starting position. In a jump-off a horse that loses a shoe prior to starting will be given a new starting place three positions later. If the horse in question has not had its shoe replaced by this time it will be left to the discretion of the Ground Jury to decide whether the horse in question should receive a later starting place or be eliminated.

6. In the event of equality of score for the first place, a jump-off may take place according to the provisions of the schedule. If no provision for a jump-off is laid down in the schedule, it will be considered that the competition is run with no jump-off.

Article 246 – Obstacles in the Jump Off

1. The obstacles in the jump-off(s) may be altered in height and/or spread (partially or totally), without exceeding the limits laid down in article 208. 3.2. However, the dimensions of the obstacles in the jump off may only be increased if the athletes sharing first place have completed the previous round without jumping penalties.
2. If the original course includes combination(s), the jump off(s) must also include at least one combination.
3. The number of obstacles in a jump-off may be reduced to a minimum of six (combinations count as one obstacle).
4. The shape, the type and the colour of the obstacles for a jump-off may not be altered, but it is permitted to leave out one or more of the elements of a combination obstacle. If the combination obstacle is a treble or a quadruple, the centre element(s) only may not be omitted.

5. The order of the obstacles for a jump-off may be altered, compared to the original course.
6. In a jump-off, the distance between the elements of a combination obstacle may never be altered.
7. A maximum of two additional single obstacles may be added to the course of a jump-off. Both obstacles must be on the course during the course inspection or will be built from obstacles of the previous round or rounds. These obstacles may consist of two spread or two vertical obstacles or one spread and one vertical. It must be clearly indicated both on the course plan and at the obstacle(s) in question, whether the obstacle(s) may be jumped from either side or just from one side. If an obstacle included in the initial round is jumped from the opposite direction in the jump-off, the obstacle is considered as one of the two additional obstacles allowed. A vertical in the first or second round may be converted to a spread obstacle or vice-versa in the jump-off, in which case it will be considered one of the two additional obstacles.

Article 247 – Elimination or Withdrawal from a Jump off

1. An athlete who is eliminated in a jump-off will be placed last of the athletes who have completed the jump-off.
2. An athlete, who with the permission of the Ground Jury withdraws from a jump-off, must always be placed after an athlete eliminated or who retires for a valid reason on the course. Athletes, who retire for no valid reason or who have themselves eliminated on purpose are placed equal with athletes, who have withdrawn from the same jump-off.
3. If before a deciding jump-off, two or more athletes decline to take part in the jump-off, the Ground Jury will decide whether this refusal can be accepted or must be rejected. If the Ground Jury accepts the refusal, the Organising Committee will award the trophy by lot and the prize money will be added together and shared equally between the athletes. If the Ground Jury's instruction to continue is not followed by athletes, no trophy will be awarded and the athletes will each only receive the prize money and the lowest placing for which they would have jumped-off.

CHAPTER 9 - PLACING

Article 248 – Individual placing and prize giving

1. The placing of an individual athlete is decided according to the table in use and the instructions of the general program for the competition or amendments noted on the course plan.
2. Any athlete who has no chance of being placed may, at the discretion of the Ground Jury, be stopped at any time during his round.
3. Athletes who are unable to complete the first round of a competition have no right to any prize, except in certain special competitions.
4. Prize winners of qualifying competitions retain the prizes they have won even if they decline to take part in the final competition for which they have qualified.
5. Prize winners must take part in the prize giving ceremony and should do so with the placed horses. The Ground Jury, however, for safety reasons, may make exceptions. If a prize winner fails, without plausible excuse, to take part at the prize giving ceremony, the Ground Jury, at its discretion, may decide to allow the OC to withhold his the athlete's prize.
6. With the exception of horse rugs presented by sponsors of competitions, rugs may not be worn at prize-giving ceremonies. The Ground Jury, under special circumstance, may however decide to relax this rule.

Article 249. (Intentionally left blank)

CHAPTER 10 – ATHLETES AND HORSES

Article 250 - (intentionally left blank.)

Article 251 ENTRIES

1. Athletes, horses jumping in competitions and the horse's owner/s must meet the membership requirements as set out in the Equestrian Australia regulations.
2. Entries for events must be made on the forms provided by the Organising Committee.
3. At the time of entry athletes must provide the required details of the horse's registration.
4. Starts
Horses are restricted to 2 competition starts per day unless the schedule states that more are permitted.
5. Hors Concours.
A horse, which is not fully eligible for a particular competition, may be allowed to take part in that competition Hors Concours, subject to the following conditions.
 - 5.1 Permission is entirely at the discretion of the Organising Committee.
 - 5.2 The judge must be informed that permission has been given.
 - 5.3 The rider is subject to the rules as if he/she were a athlete in the competition, except as provided in this rule.
 - 5.4 The owner, rider and horse must meet the membership requirements as set out in the EA General Regulations.
 - 5.5 A horse, which has competed at an event Hors Concours, is not allowed to compete subsequently for prizes on that day at that event in the same ring.

Article 252 – Starting Order

1. In Normal competitions there must be a draw for the order of starting of the athletes. If an individual athlete has more than one horse taking part in a competition, the Ground Jury will adjust the starting order in such a manner that, wherever possible, an interval of at least ten athletes is provided between these individual horses.
2. The starting order may not be drawn in alphabetical order of the names of the athletes or of the horses.

Article 253 - (intentionally left blank.)

Article 254 – Participation and Number of Horses

Age of Horses

1. Horses entered in jumping events in Australia must be aged at least 4 years as at August 1st each year. Horses from the Northern Hemisphere competing in the Southern Hemisphere should be permitted to take part in Competitions for Horses one (1) year older, as their official birth date is 1st January.

Horses 5 years and below are not permitted to compete in any competitions with a starting height of 1.25m and above in the first round or Futurity classes

Article 255 – Amateur Riders, Juniors and Young Riders

1. **Amateur Rider** classes are classes for riders who:
 - Must not have competed in an Olympic Games or World Equestrian Games in either Jumping or Eventing
 - In the past 10 years must not have competed in a World Cup for Jumping Riders qualifying round.
 - Must not have competed in section 1 and 2 at a Royal Show in Sydney, Brisbane, Melbourne, Adelaide or Perth in the past two years
 - Must never have competed in a 4* 3 Day Event.
 - Amateur Riders may not compete in an Amateur class if they compete in a class where the first round is higher than 1.20m at that show.
 - Amateur Riders may not compete in an Amateur class on a horse that will compete in any class where the first round is higher than 1.20m at that show.
- 1.1 Athletes must meet the membership requirements as set out in the EA General Regulations.
- 1.2 Riders may compete as amateurs from the beginning of the calendar year in which they turn 21 years of age.
- 1.3 Organisers may at their discretion limit the number of horses a rider can start.
- 1.4 The course shall be free-flowing and relatively simple. The first obstacle in the first round should be 10cm lower than the advertised starting height of the competition.
- 1.5 There will be a maximum height rise of 10cm for the jump-off.
2. **Juniors:** Athletes may take part in competitions for Juniors from the beginning of the calendar year in which they reach the age of 12 years until the end of the calendar year they reach the age of 18.
 - 2.1 From the year in which they reach their 12th birthday until the end of the year in which they reach their 13th birthday, athletes may take part in certain competitions at 1* to 5* events providing the height of obstacles in the initial round does not exceed 1.20 m.
 - 2.2 From the year in which they reach their 14th birthday until the end of the year in which they reach their 15th birthday, athletes may participate in all competitions at CSI1* Events, and in certain competitions at 1* to 5* Events providing the height of obstacles in the initial round does not exceed 1.40 m.
 - 2.3 From the year in which they reach their 16th birthday, athletes may participate in all competitions at CSI1* and CSI2* Events, providing the height of obstacles in the initial round does not exceed 1.45 m.
 - 2.4 A Junior competitor may compete in Junior and Senior competitions on the same horse at the same event in National, State, jumping competitions, and agricultural shows UNLESS permission is denied in the schedule.
 - 2.5 Before the year in which they reach their 18th birthday Junior Riders may not take part in:
 - a Grand Prix at a CSI3* to CSI5*;
 - a Grand Prix at a CSIO1* to CSIO5*;
 - a Nations Cup Competition;
 - an FEI World Cup™ Competition;
 - a Power and Skill Competition for senior riders;

- a Derby for senior riders

2.6 Junior classes are special events that do not count for points.

5. **Young Riders:** Athletes may take part in competitions and Championships for Young Riders from the beginning of the calendar year in which they reach the age of 16 until the end of the calendar year they reach the age of 21.

3.1 In all Young Rider classes the course must have a minimum height of 1.20 metres.

3.2 A Young rider competitor may compete in Young Rider and Senior competitions on the same horse at the same event in National and State Jumping Competitions, and agricultural shows UNLESS permission is denied in the schedule.

3.3 Before the year in which they reach their 18th birthday Young Riders may not take part in:

- a Grand Prix at a CSI3* to CSI5*;
- a Grand Prix at a CSIO1* to CSIO5*;
- a Nations Cup Competition;
- an FEI World Cup™ Competition;
- a Power and Skill Competition for senior riders;
- a Derby for senior riders

3.4 Young Rider classes are special events that do not count for points.

Article 256 – Dress, Headgear and Salute

1. Dress

1.1. Athletes are required to wear correct dress when appearing before spectators and are required to dress in accordance with paragraph 2, 3 or 4 of this article when they are competing or during the presentation of prizes.

1.2. When inspecting the course, and competing, dress must be neat and tidy. In any case, dress should be appropriate to the time, importance of the competition, presence of sponsors and requests of the Organising Committee.

1.3. In bad weather, the Ground Jury may allow the wearing of a waterproof jacket. In very warm weather, the Ground Jury may allow athletes to ride without a jacket.

1.4. It is compulsory for all persons to wear properly fastened protective headgear with three point retention harness at all times when mounted. An Athlete who loses his Headgear or whose retention harness becomes unfastened during the course of his round must recover and replace it, or in the case of the retention harness becoming unfastened must refasten it. The Athlete is not penalised for halting to retrieve his Headgear and/or refasten the retention harness, but the clock will not be stopped. An Athlete who jumps or attempts to jump an obstacle with a retention harness incorrectly fastened will be eliminated unless the circumstances rendered it unsafe for the Athlete to stop immediately in order to refasten the harness (eg if the harness becomes unfastened in the middle of a combination or one or two strides before the obstacle in question. As an exception to this rule Senior Athletes may be allowed to remove their Headgear while accepting prizes or during the playing of the National anthem only; ~~they must refasten their Headgear prior~~

~~to the lap of honour.~~ It is strongly recommended that Athletes not remove their Headgear during the lap of honour; if they do so, it is at their own risk.

- 1.5. Athletes are required to wear the uniform or dress approved by their NF. The Formal dress requires a hunting or riding jacket, white or light fawn breeches, black or brown boots. Other dark coloured boots may be approved at the discretion of the EA. A white tie, ratcatcher, or a hunting stock and a white or lightly coloured shirt must be worn. Shirts may have long or short sleeves and must have a white collar; long-sleeved shirts must have white cuffs. If a jacket is not worn shirts must have sleeves, either short or long sleeves are permitted.

1.5.1 Summer Dress

1.5.1.1 Athletes are encouraged to wear their riding jacket during their competition round, regardless of the prevailing temperature. When the air temperature reaches 28 degrees Celsius (measured in the shade), however, athletes are not required to wear a jacket.

1.5.1.2 When competing without a jacket, athletes must wear a dress shirt and tie or dress shirt and ratcatcher. Shirts must not be sleeveless; when long sleeves are worn they must be rolled down and buttoned. Only shirts of predominantly one colour are allowed.

1.5.2 Alternative Dress

Alternative Dress may be approved for specific occasions – eg. Teams Events, Sponsor Requirements and Club Activities.

By agreement of the Ground Jury and the Organising Committee, athletes may wear coloured polo shirts or windcheaters.

- 1.6 At the discretion of the Ground Jury, athletes who are improperly dressed may be refused permission to take part in the competition.

2. Salute

- 2.1 In all competitions that take place in an arena under the jurisdiction of a Ground Jury, each athlete must salute the President of the Ground Jury as a matter of courtesy, unless the President gives other instructions. The Ground Jury may refuse to start an athlete who has not saluted. The Ground Jury may also fine the Athlete (240.2.7). For special reasons the Ground Jury, in consultation with the OC, OCs may decide whether or not riders are required to salute prior to the commencement of each competition. The OC in agreement with the President of the Ground Jury must instruct the athletes to salute Heads of State when present, and may do so if there is a special guest occupying the official box

2.1.1 For special reasons the Ground Jury can decide that the salute is not necessary.

2.1.2 Male athletes are not required to remove their hat when saluting. Raising the whip or lowering the head will be considered as saluting.

3. Advertising and Publicity on Athletes and Horses

Please refer to the FEI Rules for Jumping Events, Article 256.3 and GRs Article 135

Article 257 – Saddlery

1. In the competition arena:
 - 1.1 Blinkers are forbidden.
 - 1.2 Standing martingales are permitted for horses in children's horse competitions and in totally national competitions. Running martingales are allowed in all competitions.
 - 1.3 There are no restrictions on bits. However, the Ground Jury has the right, based on veterinary advice, to forbid the use of a bit that may cause injury to the horse. Reins must be attached to the bit(s) or directly to the bridle. Gags and hackamores are allowed.
 - 1.4 Leather, sheepskin or similar material may be used on each cheek piece of the bridle providing the material does not exceed 3 cm in diameter measured from the horse's cheek.
 - 1.5 The use of a tongue-strap is forbidden. For the use of tongue guards, see FEI Vet Regs 1035.4
 - 1.6 Draw reins (running reins) are forbidden in the competition arena except during prize giving ceremonies and march-past parades.
2. Anywhere within the grounds of the event (restricted area) under control of the OC, the following provisions apply:
 - 2.1 In the interests of safety, the stirrup iron and the stirrup leather (this also applies to safety stirrups) must hang freely from the bar of the saddle and the outside of the flap. The athlete must not directly or indirectly tie any part of his body to the saddlery.
 - 2.2 Athletes are allowed to use a dressage whip when working on the flat but are strictly forbidden to use or carry a whip which is weighed down at the end at any time, or to carry or use one which is more than 75 cm in length in the arena, and schooling areas when riding over poles or any obstacle. No substitute for a whip may be carried. Failure to comply with this paragraph will incur elimination (Art 241.3.21).
 - 2.3 The total maximum weight of equipment allowed to be added to a horse's leg for a horse's boot, front or hind (single or multiple boots, fetlock rings etc), is 500g (shoe excluded). Failure to comply with this paragraph will incur disqualification (Art.242.2.8).
 - 2.4 For all young horse competitions, Junior and all 1.15m and under classes, all hind leg protections must have a maximum interior length of 16 cm. The width of the fastener must be at least 5 cm. Boots with the capacity to be tensioned are not allowed. (Refer to FEI Jumping Stewards' Manual on the FEI website for diagram).

The following criteria must be respected:

 - The inside of the protection must be smooth. The rounded rigid part of the protection must be placed around the inside of the fetlock;
No additional elements may be used in conjunction with the protection.
3. Advertising and Publicity on Saddlery and Equipment
(Refer to Art. 256.3 FEI Rules for Jumping Events)

Article 258 - Accidents

1. In the event of an accident preventing either the athlete or a horse from finishing, both incur elimination. If, despite the accident, the athlete completes the round but does not leave the arena mounted, he does not incur elimination.
2. If the Ground Jury finds that either Athlete or Horse, after an accident, is not fit to compete they must impose Elimination.

CHAPTER 11 – OFFICIALS

Article 259.1 Accreditation of Officials

1. All Officials must be current members of the Equestrian Australia, if necessary the relevant State jumping council or sub-committee and accredited by that organization.

The term **Course Designer** refers to a person accredited as a Jumping Course Designer.

The term **Judge** refers to an accredited Person in control of the competition.

The term **Ground Jury** is a panel of three or more accredited Judges.

A major review and reaccreditation of all Officials (Course Designer or Judge) takes place every ~~two~~ **three** years, ~~in odd calendar years (2013, 2015 etc.)~~ This review includes downgrading and retirement as well as upgrading. All appointments are subject to approval by the National Jumping Committee.

All applicants must have demonstrated the required knowledge, skills and aptitude at the respective level of accreditation.

2 Classification and Operational levels of Officials

The classification allows athletes to enter an event knowing that officials engaged are qualified for the standard of the event and are capable of fulfilling their role.

3 Classification Levels

1A	EA Preliminary	Branch Jumping Committee appointment
1.	EA Level 1	Branch Jumping Committee appointment
2.	EA Level 2	Branch Jumping Committee appointment
3.	EA Level 3	National Jumping Committee appointment
4.	FEI Levels 1-4	FEI appointments

4 Officiating Levels

Preliminary Judges and Course Designers may assist at all National events subject to Chapter 14 Australian National Championships section 9.1.

Level 1: Judges and Course designers may officiate at all National events subject to Chapter 14 Australian National Championships section 9.1.

Level 2: Judges and Course designers may officiate at all National events subject to Chapter 14 Australian National Championships section 9.1.

Level 3: Judges and Course designers may officiate at all National events subject to Chapter 14 Australian National Championships section 9.1.

FEI Level 1: Judges and Course designers may officiate at all National events subject to Chapter 14 Australian National Championships section 9.1.

- FEI Level 2:** May officiate at all National Events and CSI Events as stipulated by the FEI.
- FEI Level 3:** May officiate at all National Events and CSI Events.
- FEI Level 4:** May officiate at all National Events and CSI Events, Championships and Games.

Officials of a lower level may be used with the permission of the applicable Branch Jumping Committee.

5 Accreditation and Advisory Panel

The National Advisory panel is appointed by the National Jumping Committee. Its role is to provide advice on the application of FEI Jumping Rules in Australia. It designs and manages the training syllabus and examination criteria and documentation of all Judge and Course Designer programs in Australia.

The panel consists of the following members:

- Chair or a members of the NJC
- An FEI-level Judge
- An FEI-level Course Designer
- The National Education Manager

The panel reviews all applications for promotions to Level Three (National) and makes recommendations to the NJC on the suitability for promotion. The panel coordinates all FEI Judge or Course Design Seminars in Australia.

6 Promotion of Officials

EA members applying for accreditation as Jumping Judges or Course Designers must direct their application to their Branch Jumping Committee.

- Probationary** Branch Jumping Committees are responsible for the accreditation of officials to Probationary.
- Level 1:** Branch Jumping Committees are responsible for the accreditation or promotion of officials to Level 1
- Level 2:** Branch Jumping Committees are responsible for the accreditation or promotion of officials to Level 2
- Level 3:** All applications for promotion to Level 3 must be forwarded to the applicant's Branch Jumping Committee. The Branch Jumping Committee will forward the application and their endorsement to the National Education Manager at the EA National Office for consideration by the Accreditation & Referral Panel.
- FEI:** All applications for promotion to FEI Levels are subject to the applicant satisfying the criteria determined by the FEI Education and Standards department which includes but is not limited to attendance at an FEI approved seminar and successful completion of the set assessment tasks.
- Applicants must forward an application to their Branch Jumping Committee. The Branch Jumping Committee will forward the

application and their endorsement to the National Education Manager at the EA National Office for consideration by the FEI.

Article 259.2 Requirements to be an Accredited Jumping Course Designer

Financial members of EA, who are interested in becoming an Official Course Designer, must contact their respective State Jumping Committee for further information on the process.

1. Level 1 Course Designers must have:

- 1.1. Competed at six shows per year for a period of at least four years, **or**
Acted as an assistant on four occasions in the past two years with a Level 2 or higher level Course Designer, **and must** have fulfilled one of the following
 - Attended an Official Seminar endorsed by the EA and passed an open book theory exam at the seminar, **or**
 - Have been nominated by two Course Designers of Level 2 or higher level,

2. Level 2 Course Designer must have:

- 2.1. Been accredited as a Level 1 Course Designer for at least two years
- 2.2. Designed courses on at least six occasions in the past two years, **and**
- 2.3. Worked as an assistant, at a minimum of two separate shows (one of which must be of at least two days duration) in the past two years with a Level 3 or higher level Course Designer, **and**
- 2.4. Attended an Official Seminar endorsed by EA within the previous two years, **and**
- 2.5. Satisfactorily completed a theory examination at that seminar.

3. Level 3

Applicants will be listed as a Level 3 Course Designer if they have:

- 3.1. Been accredited as a Level 2 Course designer for at least two years.
- 3.2. Designed courses on at least 6 occasions in the past 2 years, **and**
- 3.3. Worked as an assistant, on a minimum of 2 occasions in the past two years with an FEI level 2 or higher course designer, **and**
- 3.4. Attended an Official Seminar, for both Judging and Course Design endorsed by the EA within the previous 2 years, **and**
- 3.5. Satisfactorily completed a theory examination at that seminar.

4. FEI 1, 2, 3& 4 Course Designers

Must meet the requirements as stipulated by the FEI and must be a financial member of Equestrian Australia. For full details of the requirements please refer to the FEI Rules for Jumping Events, 23rd edition Annex 12.

Article 259.3 Requirements to be an Accredited Jumping Judge

Financial members of the EA, who are interested in becoming an Official Jumping Judge, must complete and submit an application forms detailing their experience and referees.

Preliminary Judges must be:

- 1.1 Willing to assist in the Judges Box with tasks such as pencilling, time-keeping, shadow judging and running leader boards.
- 1.2 Willing to assist in the competition and warm-up arena with tasks such as a member of the ring crew and marshalling.

1. Level 1 Judges must have

- 1.1. Competed on a regular basis (minimum of six shows per year) for a period of at least four years, **or**
- 1.2. Acted as an assistant on a minimum of four occasions in the past two years with an EA Level 2 or higher-level Judge, **and**
- 1.3. Attended an Official Jumping Judging Clinic or Seminar held over two days, but not necessarily concurrently by the EA within the previous two years, **and**
- 1.4. Satisfactorily completed an open book theory exam, **and**
- 1.5. Been nominated by two Judges of EA Level 2 or higher level.

2 Level 2 Judges must have

- 2.1. Been officiating as a Level 1 Judge on at least six occasions in the past two years, **and**
- 2.2. Worked as an assistant, on a minimum of two separate events (one of which must be of at least two days duration) in the past two years with two Level 3 or higher-level Judges, **and**
- 2.3. Attended an Official Jumping Judging Clinic or Seminar conducted by the EA within the previous two years, **and**

Satisfactorily completed a theory examination at that clinic and

- 2.5. Been nominated by two judges of EA level 3 or above

3. Level 3 Judges must have

- 3.1. Been officiating as a Level 2 Judge on at least six occasions in the past two years, **and**
- 3.2. Worked as an assistant, on a minimum of two occasions in the past two years with two FEI Level Two or higher level Judges, **and**
- 3.3. Attended an Official Clinic or Seminar, for both Judging and Course Design conducted by the EA within the previous 2 years, **and**
- 3.4. Satisfactorily completed a theory examination at that clinic **and**
- 3.5. Been nominated by two Judges of FEI Level Two or higher level.

4. FEI Level Two and FEI Level Three Judges

As stipulated by the FEI. All Australian FEI-listed officials must be a financial member of Equestrian Australia. For full details of the promotional requirements please refer to the FEI Rules for Jumping Events, 24th edition, Annex VI.

Article 259.4 - Stewards

The schooling area(s) and warming-up area(s) must always be supervised.

One steward at least must always be present whenever the area(s) are in use, to ensure that the rules are observed

Article 259.5 – Conflict of Interest

A substantial appearance of a conflict of interest exists whenever others may reasonably infer from the given circumstances that a conflict exists. A conflict of interest is defined as any personal, professional or financial relationship, including relationships of family members (immediate family), that could influence or be perceived to influence objectivity when representing or conducting business or other dealings for or on behalf of the FEI.

Conflicts must be avoided whenever practicable. However, conflicts may be linked to experience and expertise that is necessary to qualify Officials, the specific balance between conflict and expertise shall be regulated by the relevant Sport Rules.

CHAPTER 12 – COMPETITIONS

Article 260 – General

1. There are many different jumping competitions for both individuals and teams. The following rules cover the types of competitions, which are mostly used.
2. Organising Committees may propose new types of jumping competitions to encourage variety in the sport. However any competition covered by this chapter must be run strictly according to these Rules.

Article 261 – Normal Competitions and Grand Prix competitions

1. Normal and Grand Prix competitions (the latter must be explicitly designated in the schedule) are those in which performance over obstacles is the principle factor although speed may be introduced to separate equality for first place by a first jump-off or by a maximum of two jump-offs.
2. These competitions are judged under Table A against or not against the clock, but always with a time allowed.
3. The course is built primarily to test the ability of the horse over the obstacles. The number of obstacles, their type, their height and spread, within the laid down limits, are the responsibility of Organising Committees.
4. (intentionally left blank.)
5. Grand Prix competitions must be conducted in accordance with one of the following formulas:
 - 5.1. over one round with one or two jump-offs, the first or the second jump-off against the clock, or both against the clock;
 - 5.2. over two rounds (identical or different) with one eventual jump-off against the clock;
 - 5.3. over two rounds, with the second round against the clock.

Article 262 – Power and Skill competitions

1. General

- 1.1 The aim of these competitions is to demonstrate the ability of the horse to jump a limited number of large obstacles.
- 1.2 In the event of equality for first place, there must be successive jump-offs.
- 1.3 The obstacles of the jump-offs must always be the same shape, the same type and the same colour as in the initial round.
- 1.4 If, at the end of the third jump-off, there is no single winner, the Ground Jury may stop the competition. After the fourth jump-off, the Ground Jury must stop the competition. The athletes left in the competition are placed equal
- 1.5 If, after the third jump-off, the athletes do not wish to continue, the Jury must stop the competition.
- 1.6 There cannot be a fourth jump-off if athletes have not had a faultless round in the third jump-off.
- 1.7 Time is never a deciding factor in the event of equality of penalties. There is no time allowed and no time limit.

- 1.8 These competitions are judged under Table A.
- 1.9 If it is not possible for Athletes to school in the practice arena, a practice obstacle must be placed in the arena. An optional obstacle is not allowed.
- 1.10 If the dimensions of the arena and the number of athletes permit it, the Ground Jury may decide that the athletes still in the competition may remain in the arena after the first or second jump-off. In this case the ground jury may decide to allow a practice obstacle.

2. **Puissance**

- 2.1 The initial round will comprise from 4 to 6 single obstacles of which at least one must be a vertical obstacle. The first obstacle must be at least 1.40 m in height, two obstacles from 1.60 m to 1.70 m and one wall or vertical obstacle, which may vary from 1.70 m to 1.80 m in height. All combination obstacles, water jumps, ditches and natural obstacles are forbidden. It is permissible to use a wall with a sloping face on the take-off side (maximum slope of 30 cm offset at the base).
- 2.2 A vertical obstacle instead of a wall may be used, in which case, planks with a pole on top or a combination of planks and poles with a pole on top or all poles may be used as a substitute.
- 2.3 In the event of equality for first place, there must be successive jump-offs over two obstacles, which must be a wall or a vertical obstacle and a spread obstacle (Art 246.1)
- 2.4 In the jump-offs, both obstacles must be increased regularly in height and the spread obstacle also in spread. The vertical obstacle or wall may be increased in height only if athletes equal for first place have not been penalised in the preceding round (Art 246.1).

3. **Six Bar Competition**

- 3.1 In this competition, six vertical obstacles are placed in a straight line about 11 m apart from each other. They must be identically constructed and composed only of poles of the same type. The number of obstacles may be reduced depending on the size of the arena.
- 3.2 All the obstacles may be kept at the same height, for example 1.20m or
 - 3.2.1 at progressive heights, for example 1.10 m, 1.20 m, 1.30 m, 1.40 m, 1.50 m, 1.60 m, or
 - 3.2.2 the first two at 1.20 m, the next two at 1.30 m and so on.
- 3.3 In the event of a refusal or a run-out, the athlete must restart the course at the obstacle where the fault was made.

The first jump-off must take place over the six obstacles which must be raised unless the athletes who are equal for first place have been penalised in the first round. After the first jump-off, the number of obstacles may be reduced to four but the distance between them must be kept at about 11 m as required initially (the lower obstacles should be withdrawn).

Article 263 – Hunting Competition or speed and Handiness Competition (Scurry)

1. The aim of these competitions is to demonstrate the horse's obedience, handiness and speed.
2. These competitions are judged under Table C (Art 239).
3. Courses must be twisting, with obstacles very varied (alternative obstacles allowed, giving the athlete the opportunity to shorten his track, but by taking a more difficult obstacle). Competitions over certain natural obstacles such as banks, slopes, ditches, etc. are called Hunting competitions and must be so named in the schedule. All other competitions (of this type) are called Speed and Handiness competitions.
4. No fixed track to be followed is laid down on the plan. The plan must only be marked with a series of arrows showing the direction in which each obstacle must be jumped.
5. Compulsory turning points are included only if absolutely necessary.

Article 264 - Teams Competitions

1. Organisation

- 1.1 There must be no individual placing.
- 1.2 Prize money must be awarded to top three placed teams.
- 1.3 The competition takes place over two rounds, over the same course during the course of the same day.
- 1.4 The Competition is judged under Table A not against the clock with a time allowed in both rounds.
- 1.5 No combination obstacle may require more than three jumping efforts (except in the case of permanent obstacles, banks, mounds or slopes at outdoor events).
- 1.6 The course must include at least one double or one treble combination, but not more than three doubles or one double and one treble combination.
- 1.7 If the Ground Jury decides before the first or the second round that the course has been rendered impracticable as a result of unforeseen circumstances, it may direct that the dimensions of some obstacles be reduced or that they be moved slightly and/or that the required speed is reduced. In consultation with the Course Designer, the Ground Jury may also direct that the dimensions of some obstacles be increased for the second round, if it is deemed that the course of the first round was too easy.

2. (Intentionally left blank.)

3. Athletes

- 3.1 A team comprises four athletes each riding the same horse throughout the competition. All members of each team must take part in the first round, except as stated in paragraph 4.2 below and in paragraph 8.2.
- 3.2 If a team, comprising four athletes, cannot improve its placing in the first or second round after its third athlete has completed his course, the fourth athlete may be withdrawn.
- 3.3 When a team can only provide three athletes and three horses, its Chef d'Equipe must start his three athletes and horses;

- 3.4 In the event of an accident or illness to a athlete and/or horse, between the submission of the declaration and one hour before the start of the competition, the athlete and/or horse may on production of a certificate from an officially recognised medical doctor and/or with the permission of the Veterinary Commission and after approval by the Ground Jury be replaced by another athlete and/or horse entered. In the event of substitution, the starting order remains unchanged.

4. (Intentionally left blank.)

5. Order of starting

- 5.1 The starting order of the teams in the first round is determined by a draw in the presence of the Ground Jury and the Chefs d'Equipe. The draw will take place at a time fixed by the OC in agreement with the Ground Jury.
- 5.2 All the Number Ones start first in succession, then all the Number Twos and so on. The Chefs d'Equipe of teams comprising only three athletes may choose in which of the three positions out of four they will start their athletes.
- 5.3 The starting order of the teams in the second round will be in the reverse order of the total penalties in the first round of the best three athletes in each team. In case of equality of penalties the teams will retain the starting order of the first round.
- 5.4 The athletes in each team start in the same order as in the first round.

6. (Intentionally left blank.)

7. Elimination and retirement

- 7.1 If two or more athletes of a team, participating with four athletes in the first or second round, are eliminated or retire, the whole team is eliminated.
- 7.2 If one athlete of a team, participating with three athletes in the first or second round, is eliminated or retires, the whole team is eliminated.
- 7.3 If a team is qualified to take part in the second round, a athlete eliminated in the first round may start in the second round.
- 7.4 A team, which is qualified to take part in the second round, may only withdraw from the second round with permission of the Ground Jury. In this case the team will not receive prize money. It will not be replaced by another team.

8. Placing and classification

Classification of the teams not taking part in the second round is based on the total penalties of the three best athletes of each team in the first round. Teams with equality of penalties are placed equal.

- 8.1 Placing of teams after the second round is decided as follows:
- 8.1.1 In case of equality of penalties for the first place, there will be a jump-off in which all team athletes may take part. The jump-off takes place against the clock over a minimum of six obstacles.
- 8.1.2 The score in this jump-off is obtained by adding the penalties incurred by the three best athletes in each team, but in the event of further equality of

penalties, the times of these three athletes in the jump-off added together will decide the winning team.

8.1.3 Teams with equality of total penalties for other places are placed equal.

Article 265 (Intentionally left blank.)

Article 266 – Fault-and-out Competition

1. This competition takes place against the clock over medium sized obstacles each with its own number. Combination obstacles are not allowed. The round finishes at the first fault committed of whatever nature (obstacle knocked down, any disobedience, fall etc).
2. When an obstacle is knocked down or when the fixed time is reached, the bell is rung. The athlete must then jump the next obstacle and the clock is stopped at the moment when the horse's forefeet touch the ground, but no points are given for the obstacle jumped after the bell has rung.
3. In this competition bonus points are awarded: 2 points for an obstacle jumped correctly and 1 point for an obstacle knocked down. When the fault, which ends the round, is other than a knock down, such as disobedience, a fall or when the athlete does not jump the obstacle over which the clock must be stopped, the bell is rung. The athlete is then placed last of those who have obtained the same number of points.
4. The winner of the competition is the athlete who obtains the greatest number of points. In the event of equality, the athletes' times are taken into consideration and the athlete with the fastest time will be declared the winner.
5. A Fault-and-Out competition may be organised in two ways:
 - 5.2 Over a set number of obstacles: When the competition takes place over a maximum number of obstacles and the athlete has jumped the last obstacle, the clock is stopped at the moment when the athlete crosses the finishing line. In the event of equality of points and time for first place only, there must be a Fault-and-Out jump-off over a limited number of obstacles.
 - 5.3 With a fixed time of 60 to 90 seconds (45 in indoor arenas): The athlete takes the greatest number of obstacles in the fixed time and restarts the course if the fixed time has not yet been reached. If the fixed time is reached at the moment when the horse is already taking off this obstacle counts whether it is knocked down or not. Time is taken at the following obstacle, at the moment when the horse's forefeet touch the ground on landing. If there is an equality of penalties and time, athletes are placed equal.

Article 267 - Hit-and-hurry Competition

1. In this competition, instead of being eliminated at the first fault, the athlete gets two points for an obstacle correctly jumped and one point for an obstacle knocked down. Combination obstacles are not allowed.
2. This competition takes place with a fixed time of 60 to 90 seconds (45 seconds indoors). Disobediences are penalised by the time lost by the athlete, but two disobediences and the first fall stop the athlete. In this case, the athlete will be placed last of the athletes who have obtained the same number of points.
3. The winner of the competition will be the athlete who at the end of the fixed time has acquired the greatest number of points in the fastest time.

4. When the fixed time is reached, the bell is rung. The athlete must then jump the next obstacle and the clock is stopped at the moment when the horse's forefeet reach the ground, but he is given no points for the obstacle jumped after the bell has rung.
5. If the fixed time is reached at the moment when the horse is already taking off, this obstacle, whether it is knocked down or not, counts. The athlete's time is taken at the next obstacle as in paragraph 4. If a athlete has a disobedience and displaces or knocks down an obstacle, the fixed time must be decreased by six seconds and the bell must be rung accordingly.
6. When the athlete does not jump at the first attempt the obstacle at which the clock should be stopped, the round is ended. The athlete is then placed last of those who have obtained the same number of points.

Article 268 – Relay Competitions

1. General

- 1.1. These competitions are for teams of two or three athletes. The team members enter the arena together
- 1.2. The course shown on the plan must be completed consecutively according to the number of team members.
- 1.3. The athlete going through the starting line must jump the first obstacle and the athlete jumping the last obstacle must also cross the finishing line in order to stop the clock. If a athlete crosses the finishing line after another athlete has jumped the penultimate obstacle, the team is eliminated.
- 1.4. The time of the round is taken from the moment when the first athlete crosses the starting line until the last member of the team passes the finishing line.
- 1.5. The time allowed is based on the speed for the competition and the length of the course multiplied by the number of team members.
- 1.6. If, during the round, disobediences with knock down are committed, the time corrections must be added to the time taken to complete the round (Art 232).
- 1.7. The elimination of a team member incurs the elimination of the whole team.
- 1.8. The second disobedience by any team member or a fall by a athlete/horse eliminates the whole team.
- 1.9. The team is eliminated if, in changing over, the athlete takes off to jump an obstacle before the forefeet of the horse of his team member have reached the ground. Relay competitions are run as follows:

2. Relay Competitions are run as follows:

2.1. Normal Relays

- 2.1.1. In these Competitions the first Athlete jumps his round and having taken the last obstacle the next Athlete starts his round and so on.
- 2.1.2. As soon as the Horses' forefeet of his team member jumping the last obstacle have reached the ground, the next Athlete may jump his first obstacle.
- 2.1.3. These Competitions are run under Table C.

2.2. Fault-and-Out Relays

Fault-and-Out Relays take place according to the provisions set forth for the Fault-and-Out Competition under Article 266 of the Jumping Rules JRs Art. 266 either over a maximum number of obstacles to be jumped by the whole team or with a fixed total time during which the whole team must jump the greatest number of obstacles.

2.2.1. Over a maximum number of obstacles

2.2.1.1. The change over, indicated by a sound of the bell, is compulsory when each Athlete has completed his round or when an Athlete commits a Fault, except at the last obstacle. His team member must then take over respectively at the first obstacle or at the next obstacle where a knockdown has occurred or at the obstacle where Disobedience has been committed.

2.2.1.2. If the last team member has completed his round with no Penalty or if he knocks down the last obstacle of the course, his round ends at the finishing line and the clock must be stopped at this moment.

2.2.1.3. When the last Athlete knocks down an obstacle of the course, other than the last one (1), the bell is rung and the Athlete must then jump the next obstacle to allow his time to be recorded. When this Athlete, for any other reason, does not jump the obstacle at which the clock must be stopped, the whole team is placed last of those who have obtained the same number of points and have their time recorded.

2.2.1.4. In this Competition bonus points are awarded: two (2) points for an obstacle jumped correctly and one (1) point for an obstacle knocked down. One (1) point is deducted for the first Disobedience, two (2) points for the following Disobedience committed by each of the second or the third team member depending on the number of Athletes in the team. One (1) point is deducted for each commenced second exceeding the time allowed.

2.2.1.5. The classification is reached according to the highest number of points obtained by the team and the fastest time.

2.2.2. With a fixed total time

2.2.2.1. In this case, the above provisions under paragraphs 2.2.1.1, 2.2.1.3, 2.2.1.4. and 2.2.1.5. must be applied.

2.2.2.2. Each team has forty five (45) (minimum) to ninety (90) (maximum) seconds multiplied by the number of team members.

2.2.2.3. The team takes the greatest number of obstacles in the fixed time and the first team member restarts the course if the fixed time has not yet been reached.

2.2.2.4. If the last Athlete knocks down the last obstacle of his round, he must jump the first obstacle of the course to allow the time to be recorded.

2.2.2.5. If, during the round a Disobedience with a knock down is committed, the six (6) seconds time correction is deducted from the fixed time.

2.3. Fault-and-Out Successive Relays

These Competitions take place according to the same rules as for the Fault-and-Out Relays over a maximum number of obstacles. However, the Athletes take over from each other after each Fault until the course has been completed by as many times as the number of members in each team.

2.4. Fault-and-Out Optional Relays

2.4.1. In these Competitions the Athletes may take over as they like in the Competition but a change-over is compulsory, indicated by a sound of the bell, when each Athlete has completed his course or at the point where a Fault is committed.

2.4.2. Optional relays are run under Table C.

Article 269 – Accumulator Competition

1. This competition takes place over 6, 8 or 10 obstacles with an increasing difficulty. Combination obstacles are not allowed. The increasing difficulty is not solely due to the height and spread of the obstacles, but also to the difficulty of the track.
2. Bonus points are awarded as follows: 1 point for obstacle No 1 not knocked down, 2 points for No 2, 3 points for No 3, etc. with a total of 21, 36 or 55 points. No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalised as for Table A.
3. This competition may take place either with the first round against the clock without a jump-off or against the clock or not against the clock with a jump-off in the case of equality of points for first place following the round. In case of a jump-off there will be a minimum of six obstacles, which may be increased in height and/or spread. The obstacles in the jump-off must be jumped in the same order as in the first round and retain their respective points allotted in the first round.
4. If the competition takes place not against the clock with a jump-off, athletes not qualified for the jump-off are placed according to their points obtained in the first round, disregarding the time. If the competition takes place with the first round against the clock and a jump-off, athletes not qualified for the jump-off are placed according to penalties and time obtained in the first round.
5. For the last obstacle of the course, an alternative obstacle may be provided, of which one element may be designated the Joker. The Joker must be more difficult than the alternative obstacle and carry double points. If the Joker is knocked down, these points must be deducted from the total points obtained so far by the athlete.
 - 5.1. As an option, the Joker may be placed after the finish line, in which case it is not part of the main course and the following formula must be used:
After the Athlete has crossed the finish line his time is recorded and then he has 20 seconds in which to attempt the Joker once.
If the Joker is correctly jumped, the athlete earns double points of the last obstacle of the main course.

If the Joker is knocked down (Art 217.1), these double points must be deducted from the total points obtained so far by the athlete.

Article 270 – Top Score Competition

1. In this competition, a certain number of obstacles are set up in the arena. Each obstacle carries from 10 to 120 points according to its difficulty. Combination obstacles are not allowed.
2. The obstacles must be built so that they can be jumped in both directions.
3. The points allocated to the obstacles may be repeated at the discretion of the Course Designer. If it is not possible to place 12 obstacles in the arena, it is up to him to delete the obstacles he wishes.
4. The athlete is credited with the number of points carried by each obstacle that he/she has jumps correctly. No points are awarded for an obstacle that is knocked down.
5. A fixed time of 45 seconds (minimum) to 90 seconds (maximum) is allocated in this Competition. During this time, the athlete may jump at any of the obstacles he/she wishes in any order and in any direction. He/she may cross the starting line in either direction. (The starting line must be provided with four flags; a red and a white flag at each end of the line). During the athlete's round, the Athlete is permitted to cross the starting and finishing lines in either direction, as often as he wishes.

6. The bell is rung to declare the end of the fixed time during which points may be obtained. The athlete must then cross the finishing line in one direction or the other in order for his time to be recorded; if he does not cross the finish line he is eliminated. The finishing line must be provided with four flags; there must be a red and a white flag at each end of the line.
7. If the fixed time is reached at the moment when the horse is already taking off at an obstacle, this obstacle is included in the Athlete's Score if it is jumped correctly.
8. Any obstacle knocked down during a round will not be rebuilt; if it is jumped again, no points will be credited to the athlete. The same applies for knocking down an obstacle as a result of a disobedience or for displacing a lower part of an obstacle, which is positioned in the same vertical plane as the highest part. In the case of disobedience without a knock-down, the athlete may jump that obstacle or continue to another obstacle.
9. Each obstacle may be jumped twice. The act, voluntarily or not, of jumping an obstacle for the third time or of passing between the flags of an obstacle already knocked down does not incur elimination. However, the athlete does not score the points allotted to this obstacle.
10. All disobediences are penalised by the time lost by the athlete; A fall of Horse or Athlete is penalised by Elimination (see JRs ART 241.3.25).
11. The athlete who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time taken between the start of the fixed time and the crossing of the finishing line after the bell has rung will decide. In the event of equality of points and time for first place, there will be a jump-off according to the same formula with a fixed time of 40 seconds provided that this is mentioned in the Schedule (see JRs Art 245.6). If not mentioned, the Athletes with equal points and time will share the prize.
- 12. There are two options for using a Joker:**
 - 12.1. An obstacle may be provided as part of the course, duly marked by flags and titled "Joker". The Joker may be jumped twice; 200 points are awarded each time this obstacle is jumped correctly, but if it is knocked down, 200 points must be deducted from the total points obtained so far by the athlete.
 - 12.2. The Joker is not part of the main course. After the fixed time has expired, the bell is rung to end the athlete's round. The athlete must cross the finishing line to have his time recorded he then has 20 seconds in which to attempt the Joker Only one attempt at the joker is allowed. Two-hundred points are awarded if this obstacle is jumped correctly, but if it is knocked down 200 points must be deducted from the total points obtained by the athlete.

Article 271 – Take-your-own-line Competition

1. In this competition the obstacles may be jumped only once in the order chosen by the athlete. Any athlete who does not jump all the obstacles is eliminated. Combination obstacles are not allowed.
2. Athletes may cross the starting line and finishing line in either direction. The lines must be provided with four flags; a red and a white flag at each end of these lines. Obstacles may be jumped in either direction, unless otherwise directed on the course plan.
3. This competition takes place without a laid down speed, under Table C.

4. If the athlete has not completed his course within 120 seconds after the time of his round has started, he will be eliminated.
5. All disobediences are penalised by the time lost by the athlete. For the penalties relating to falls, see Art 241.3.25
6. If there is a refusal or run-out with a knock-down or displacement of the obstacle, the athlete may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start. He may then jump the obstacle of his choice. In this case 6 seconds for time correction (Art 232) will be added to the time of the round.

Article 272 – Knock-out Competition

1. This competition takes place by pairs of athletes against each other. The athletes must have qualified as a result of a separate competition in the programme or of a preliminary qualifying round, either judged under Table A against the clock, or under Table C.
2. The two athletes will compete against each other simultaneously over two identical courses. Combination obstacles are not allowed. If one athlete enters the other athlete's course and as a result interferes with that athlete, the athlete responsible for the interference will be eliminated.
3. The winners of each eliminating round are qualified to compete in groups of two in the next eliminating round and so on until the two finalists meet each other to decide the winner of the competition.
4. In this competition, each athlete may only ride one horse in the eliminating rounds, chosen from his horses, which have qualified in the preliminary qualifying round or the qualifying competition. If a athlete finds that his opponent has withdrawn from any round, the athlete remaining in the competition gets the benefit of a walkover and will start in the next round.
5. If there are athletes placed equal for the last place in the qualifying competition or in the preliminary qualifying round, there must be a jump-off against the clock.
6. The eliminating rounds, in which two athletes take part, are run without time if judged under Table A. Each fault made of whatever nature (knock down, refusal, run out) is penalized by one point. Notwithstanding the above, in the case of a refusal with or without a knock-down the athlete will continue his round without jumping that obstacle or waiting until it has been rebuilt. If the round is judged under table A the athlete is penalized by one point. A athlete passing an obstacle without attempting to jump it will be eliminated. If the competition is run under table C, 3 seconds will be added to his time in this case. Any infringement of the provisions of Article 241 incurs elimination from the competition.
7. If the competition is run under Table C, each fault is penalised by three seconds.
8. The athlete who gets the least number of points and who in the event of equality of points has passed the finishing line first will be qualified for the next round and so on until the two finalists meet to decide the winner. Athletes defeated in the corresponding rounds are placed equal.
9. A member of the Ground Jury must be stationed at the starting line to give the starting signal and another at the finishing line to decide which athlete crosses this line first.
10. If, at the end of the eliminating round, there is a dead heat between two athletes, the round must be started again.

11. If the competition is run under table C, there must be an independent time-keeping installation for each athlete.
12. The starting order in the eliminating rounds will be decided according to the table printed in FEI Annex III (16 or 8 according to the conditions of the schedule)

Article 273 – Competition over Two Rounds

1. This competition comprises, with the same speed, two courses, identical or different, either in track or in number of obstacles or in the dimensions of the obstacles. Each athlete must participate with the same horse. Athletes, who have been eliminated or who have retired during the first round, may not take part in the second round and may not be placed.
2. All the athletes have to take part in the first round. The following go forward to the second round according to the conditions of the schedule:
 - 2.1 either all athletes or;
 - 2.2 a limited number of athletes (at least 25% and in any case, even it is not mentioned in the schedule, all clear rounds) in accordance with their placing in the first round (penalties and time or penalties only, according to the conditions of the schedule)
3. The manner of judging this competition must be specified in the schedule in accordance with one of the following formulas:

First round	Second round		Jump-off
<u>Table A</u>	<u>Table A</u>	<u>Starting order</u>	<u>Starting Order</u>
3.1 Against the clock	Not against the clock	Reverse order of penalties and time in the 1 st round; Athletes retain their drawn order in case of equality of penalties and time	Same as 2 nd Round
3.2 Not against the clock	Not against the clock	Reverse order of penalties in the 1st round; athletes retain their drawn order in case of equality of penalties	Same as 2 nd round
3.3.1 Against the clock	Against the clock	Reverse order of penalties and time in the 1st round: Athletes retain their drawn order in case of equality of penalties and time.	No jump-off
3.3.2 Not against the clock	Against the clock	Reverse order of penalties in the 1 st Round: Athletes retain their drawn order in case of equality of penalties and time.	No jump-off
3.4.1 Against the clock	Against the clock	Reverse order of penalties and time in the 1st round: Athletes retain their drawn order in case of equality of penalties and time.	Same as 2 nd round
3. 4.2 Not against the clock	Against the clock	Reverse order of penalties in the 1st round: Athletes retain their drawn order in case of equality of penalties and time.	Same as 2 nd round

4. Placing

- 4.1 Athletes will be placed according to the penalties and time in the jump-off. The remaining athletes will be placed according to aggregate penalties over both rounds and the time incurred in the first round.

- a. Athletes will be placed according to the penalties and time in the jump-off. The remaining athletes will be placed according to aggregate penalties over both rounds.
- b. Athletes will be placed according to aggregate penalties over both rounds and the time incurred in the second round.
- c. Athletes will be placed according to the Penalties and time in the jump-off. The Athletes of the second round not taking part in the jump-off will be placed according to aggregate Penalties over both rounds and the time incurred in the second round; Athletes not taking part in the second round are classified according to their penalties and time in the first round.
- d. Athletes will be placed according to the penalties and time in the jump-off. The remaining Athletes will be placed according to aggregate penalties over both rounds and the time incurred in the second round.

Article 274 Competition in two Phases

1. This competition comprises two phases run without interruption, each at an identical or different speed, the finishing line for the first phase being identical with the starting line for the second phase.
2. The first phase is a course of 7 to 9 obstacles with or without combinations. The second phase takes place over 4 to 6 obstacles, which may include one combination.
3. Athletes penalised in the first phase are halted by ringing the bell after they have jumped the last obstacle or when the time allowed for the first phase has been exceeded, after crossing the finishing line of the first phase. They must stop after crossing the first finishing line. Exception Art. 274.5.6: Unless eliminated, Athletes penalised in the first phase may continue in the second phase.
4. Athletes not penalised in the first phase continue the course, which finishes, after crossing the second finishing line.
5. The manner of judging this competition must be specified in the schedule in accordance with one of the following formulas:

First phase	Second phase	Placing
5.1. Table A Not against the clock	Table A Not against the clock	According to the penalties in the second phase and, if necessary, to the penalties in the first phase.
5.2. Table A Not against the clock	Table A Against the clock	According to the penalties and time in the second phase and, if necessary, to the penalties in the first phase.
5.3. Table A Against the clock	Table A Against the clock	According to the penalties and time in the second phase and, if necessary, to the penalties and time in the first phase.
5.4. Table A Not against the clock	Table C	According to the total time (Table C) of the second phase and, if necessary, to the penalties in the first phase.
5.5. Table A Against the clock	Table C	According to the total time (Table C) of the second phase and, if necessary, to the penalties and time in the first phase.
5.6. Table A not against the clock Minimum 5 obstacles Maximum 7 obstacles in first phase	Table A Against the clock Remaining obstacles (Total of minimum 11)	According to the aggregate penalties in both phases (faults on obstacles and penalties for exceeding the time allowed in both phases) and, if necessary, according to the time of the 2nd phase.

	and maximum 13 obstacles in both phases)	
--	--	--

6. Athletes stopped after the first phase may only be placed after athletes who have taken part in both phases.
7. In the event of equality for first place, the tied athletes will be placed equal first.

Article 275 – Futurity classes

No class can be called a Futurity unless it meets the following criteria.

1. the height is a recommendation depending on the ground, could be 1.25/1.30m 1st round. Jump off at 1.40m. Width: round 1 maximum of 1.50m, triple bar 1.70m; jump off 10cms more.
2. recommendation – a Liverpool is included
3. For horses with 50 points or less and that are 6yrs or older at the close of entries.
4. No horse that has been downgraded from more than 50 points, is eligible to enter.
5. Placings: one place for every 6 starters overall, with a minimum of 5 placings. After 5th place, prize money can be the refund of the entry fee.
6. Entry fee: minimum should be \$50 and that a minimum 50% of the entry fee pool should go towards prize money.
7. Organiser's minimum contribution to prize money is \$750.
8. Break up of total prize money should be 1st - 25 %, 2nd - 20%, 3rd - 15%, 4th -10% then 5-10th place 5% each.
9. Number of rounds: can be two or three ie 238 2.2, 273 3.1 or 3.2 or 3.3.

Article 276 - (intentionally left blank)

Article 277 - Derby

1. A Derby competition takes place over a distance of at least 1000 m and not more than 1300 m over a course comprising at least 50% of the efforts over natural obstacles and must be run in one round only and with one jump-off if so stipulated in the schedule.
2. It may be judged under Table A or Table C. If judged under table C there is no time allowed just a time limit. The time limit may be increased at the discretion of the Ground Jury if the length of the course exceeds the positions for establishing the time limit as laid down in Article 239.3.
3. Even if this competition carries the best prize money of the show, each athlete is allowed to ride a maximum of three horses according to the conditions of the schedule

.Article 278 – Competition over Combinations

1. The course must consist of six obstacles; a single obstacle as first obstacle and five combinations. At least one obstacle must be a treble combination
2. The competition may be judged under Table A or Table C.

3. If there is a jump-off, according to the conditions of the schedule, the jump-off course must comprise six obstacles. It must include a double, a treble and four single obstacles, or three doubles and three singles. To achieve this, some elements of the combination obstacles for the first round must be removed.
4. The provisions of Article 204.5 do not apply to this competition. However, the length of the course may not exceed 600 metres.

Article 279 - Events and Competitions with Borrowed Horses

Competitions may be organised with horses borrowed by the organizing committee. In such cases, the following conditions apply.

1. The Organising Committee will make available the necessary number of horses (maximum 3 per athlete).
2. At least 24 hours before the start of the first competition a fair draw of the borrowed horses for each team or individual athletes has to take place. The horses for the host nation will be drawn first.
3. The draw must take place in front of the Chefs d'Equipe or a representative of each team, the athletes, the President or a Member of the Ground Jury and the President of the Veterinary Commission or the Veterinary Delegate. The horses must be present and properly identified and must wear the bridle normally used. This same bridle must be used throughout the whole event unless the permission to change is given by the owner.
4. The Organising Committee should provide a reasonable number of reserve horses to be used in case any horse is found incapacitated by the Veterinary Delegate or in case of apparent complete incompatibility between one of the athletes and his horse, as stated by the Ground Jury.
5. The schedule must establish clearly the conditions under which the horses are borrowed and drawn and the competitions are run.

CHAPTER 13 – VETERINARY EXAMINATIONS, HORSE INSPECTIONS, MEDICATION CONTROL, PASSPORTS OF HORSES AND POINTS SYSTEM

Article 280 – Veterinary Examinations, Horse Inspections

The Veterinary Inspections and Examinations must be conducted in accordance with the Veterinary Regulations. See Vet Regulations and EA Medication Control for further details.

Article 281 – Medication Control of Horses

The Medication Control of horses must be conducted in accordance with the General Regulations of the EA and the policy of the organizing committee, and the Veterinary Regulations.

Article 282 ATHLETES AND HORSES

Athletes, owners and horses must meet the requirements set out in the EA General Regulations as per the type and level of competition they are participating in. Full horse registration will automatically give the horse an official points total, a competition name and a competition number.

It is the competitor's responsibility to have the horse's identity papers and Competition licenses at all events where they are competing. The Judge or their representative can request a competitor to produce these at any event where the horse is competing. Where a horse is placed in a competition the horse's competition license must be presented to the Judge at the prize giving ceremony.

Article 283 – Points System for Jumping Horses

1. Points

The National Jumping points system is based on an allocation of points to the top three places in competitions, which count for points.

- First place 4 points
- Second place 2 points
- Third place 1 point

Where an equality of places occurs, the points allocated to these places will be added together and divided by the number of athletes sharing those places. Fractions of 0.5 and more will be rounded up, fractions of less than 0.5 will be rounded down. A horse will commence with 0 points. A horse who at an event becomes ineligible for a restricted height class has to either move to the next height or compete in the open division of the height class, if there is one, unless otherwise stated in the schedule.

2. Imported Horses

Owners of foreign horses imported into Australia must provide documentation on the previous jumping performances of the horse to the branch. There will be an appeal system if the automatic allocation is not appropriate for the imported horse. Imported horses ages will be determined as at 1st January for horses born in the northern hemisphere, and as at 1st August for horses born in the southern hemisphere. Imported horses must be assessed by the Points panel within 3 months of their importation.

- 5 year old and below - 0 points
- year old – 16 points
- year old - 40 points
- year old and above - 80 points

3. **Competitions which count for points**

All EA competitions, 1.05 meters and above with 10 or more horses and which carry a total of \$100 or more in prize money and or goods, excluding trophies advertised in the schedule, will count for points with exceptions of Art.283.4

This includes

- All Table A competitions under Art. 238 both against and not against the clock:
- Competitions judged under Table C Art. 239
- Competitions judged under Art. 245.3
- Grand Prix Competitions Art. 261
- Accumulator Competition Art. 269
- All competitions judged under Art. 273
- All competitions judged under Art. 274
- Competition with Winning Round Art. 276
- Derby Art. 277
- Power and Skill Art. 262
- Fault and Out Art. 266
- Hit and Hurry Article 267
- Top Score Art. 270
- Take-Your-Own-Line Art. 271
- Knock-Out Competition Art. 272

An exception to the above: Competitions with less than 10 athletes. Rider(s) may elect at the time of the presentation to receive the allocated points. The decision to take this option must be made at the competition and be communicated to the judge, who will mark the results sheet that is sent to the EA office so that the office can allocate the correct points to the horse

Riders or owners may elect to take one (1) point if a horse jumps two clear rounds The decision to take this option must be made at the competition and be communicated to the judge, who will mark the performance card with a circled numeral "1" (①) and must initial the entry. The judge should then record this decision on the results sheet that is sent to the EA office so that the office can allocate the correct points to the horse.

This rule applies to official classes that are conducted under Table A rules.

- Articles 238.1.2 ; 238.1.3; 238.2.2 ; 238.2.3; 245.3; all competitions
- under Article 273
- Competition in Two Phases – all sections of Article 274 excepting sub-clauses 5.4 and 5.5.

4. **Competitions which do not count for points**

Competitions specifically for Junior or Young Rider Athletes.
Competitions for Amateurs
Competitions for Young Horses
Competitions less than 1.05 metre in height;
Competitions with less than \$100 in prize money and or goods.
Competitions that involve teams (two or more athletes combining to win a competition) eg, relays, jigsaws, representative teams etc.

5. **Split Concurrent Height Competitions**

When more than one competition is run within the same height competition, only the competition(s) with the relative restrictions and that meet the point system criteria will count for points. Horses will only be eligible to compete in one competition. To reduce the time required to run these competitions, separate draws are recommended.

6. Competition License

- 6.1. The President of the Ground Jury or his/her delegate are to enter all details and sign the current EA performance card for 1st, 2nd and 3rd places, prior to prize money being awarded.
- 6.2. Where an athlete is unable to produce a current competition license he/she has 10 days to produce the competition license complete with all endorsements required in 6.1 to the Organising Committee to receive his/her prize money. "Current" means financial at the time of the event.
- 6.3. After 10 days the prize money may be forfeited to the Organising Committee.
- 6.4. Where a prize is not awarded due to 6.1 and the athlete is found to be ineligible for the competition, the EA will correct the allocation prize money. This athlete will be reported to the EA.

CHAPTER 14 - AUSTRALIAN JUMPING CHAMPIONSHIPS

14.1 General

- 1.1 The following are guidelines formulated by the National Jumping Committee (NJC) to assist Organising Committees in the conduct of the Australian Championships. The NJC reserves the right to amend these rules at any time.
- 1.2 The Australian Jumping Championships is an **Event** conducted for and on behalf of the Equestrian Australia, National Jumping Committee (NJC).
- 1.3 The **Organising Committee** is required to conduct the event within the guidelines published by the NJC.
- 1.4 The National Jumping Committee will appoint a Technical Delegate to assist the Organising Committee in its preparation for and conduct of the Australian Championships.
- 1.5 The Organising Committee must comply with the directions of the Technical Delegate appointed by the NJC.
- 1.6 The Australian Jumping Championships should be an Event in its own right, not absorbed into an existing Event.
- 1.7 The Australian Championships should be conducted over a minimum of four consecutive days

14.2 Prize money

- 2.1. The Event must have a minimum total prize pool of \$12,000; a minimum of \$5,000, total, must be allocated to the three competitions constituting the Senior Australian Jumping Championships.
- 2.2. Prize money for all competitions constituting the Australian Championships will be distributed according to the following table.

° of s t a r t e r s	up to 20										21-24		25-28		29-32		33-36		37-40		41-44		45-48		over 48

14.3 Championship Divisions and Competition Format

- 3.1. The Organising Committee is required to conduct Championships for the following divisions.
- * Australian Senior Jumping Championship.
 - * Australian Young Rider Jumping Championship
 - * Australian Junior Jumping Championship.
 - * National Teams Trophy.
 - * Young Rider Teams
 - * Junior Teams
- 3.2. The Championship comprises three Competitions, each taking place on a different day. It is recommended that there be a break of one day between the Second and Third Final competitions.
- 3.3. The total Penalties incurred in the first Competition*(see formula below), the first round of the second competition and the two rounds of the final competition count towards the individual placing. The athlete with the least number of penalties will be declared the winner and other athletes are placed according to their penalties
- 3.4. The design and construction of all obstacles with regard to safety and technical suitability must be approved by the Technical Delegate and Course Designer. The minimum diameter of poles used in all Championship Competitions must be at least 9 cm. Should a dispute arise relating to these obstacles, the Technical Delegate has the final decision.
- 3.5. The water jump must be used two times in the Championship. It is compulsory in the first round of the team Competition. The Course Designer will, at his discretion, decide in which other Competitions the water jump will be used

First Final competition

Conduct, Table, Speed

This first Competition is conducted over a big Table A course and judged under Table C (JRs Art. 239 and 263) without a jump-off in the event of equality for first place.

Obstacles, Length of the course

Twelve to 14 obstacles, including one double and one treble or two or three doubles.

Height 1.50 m maximum, a spread in proportion not exceeding two meters (2.20 m for the triple bar). A maximum of two spread obstacles with a width of one metre or less may be used.

Water Jump, with rails above the water, if used. 3.6 metres maximum, including the take-off element.

Length: 500 m minimum, 600 m maximum.

Starting order

The starting order for the first Competition is a random draw

Formula for Calculation of Penalties at the completion of the First Qualifying Competition

The winner of the first competition of the Championships is allocated 0 penalties

1. Other athletes are allocated penalties according to the formula where the winning time is subtracted from the athlete's time and the difference in seconds is divided by 2.
2. Fractions of seconds 0.5 or less than 0.5 are rounded down to the nearest whole, fractions of seconds greater than 0.5 are rounded down to 0.5.
(examples below)

<i>Rider</i>	<i>Time</i>	<i>Formula</i>	<i>Time converted to Penalties</i>
1 st	75.60		0
2 nd	76.77	$76.77 - 75.60 = 1.17 / 2 = 0.58$	0.5
3 rd	77.22	$77.22 - 75.60 = 1.62 / 2 = 0.81$	0.5
4 th	82.69	$82.69 - 75.60 = 7.09 / 2 = 3.545$	3.5

Second Final competition

Conduct, Table, Speed

This second Competition is conducted over one round run under Table A against the clock at a speed of 375 m per minute with one jump-off. (JRs Article 238 2.2)

At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 350 m per minute.

Obstacles, Length of the courses

Twelve to 14 obstacles, including one double and one treble or two or three doubles. Height 1.50 m maximum with a spread in proportion not exceeding two meters (2.20 m for the triple bar). A maximum of two spread obstacles with a width of one metre or less may be used. At least two vertical obstacles must be 1.50 m in height. Sloping walls do not count as compulsory vertical obstacles. At least six other obstacles of at least 1.45 m in height.

Water jump (compulsory in the first round): 3.3 metres (not including the take-off element giving total of 3.8 m maximum).

Length: 500 m minimum, 700 m maximum.)

Participation Round 1

Only the Athletes and Horses, which have taken part in the first Competition, may take part in Round 1 of the second Competition.

Participation – Round 2

Athletes and horses which are tied for first place will jump off against the clock.

Third Final competition (Individual Final)

Conduct, Table, Speed

This third Competition is conducted over two rounds (A) and (B) each judged under Table A not against the clock with a time allowed at a speed of 375 m per minute (JRs Art. 238.1.1). At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 350 m per minute.

Obstacles, Length of the Courses

Round A

Ten to 12 obstacles, including one double and one treble or three doubles. Height: 1.60 m maximum with a spread in proportion, not exceeding two metres (2.20 m for the triple bar). A maximum of two spread obstacles with a width of one metre or less may be used. At least two vertical obstacles, which must be 1.60 m in height. Sloping walls do not count as compulsory vertical obstacles. Water Jump if used (see Art. 324.3): maximum off our metres (including the take-off element, giving a total of 4.00 m maximum).

Length: 500 m minimum, 600 m maximum.

Round B

A different course from Round A comprising eight to ten obstacles including only one combination (one double or one treble). Height 1.60 m maximum with a spread in proportion not exceeding two meters (2.20 m for the triple bar). A maximum of two spread obstacles with a width of one metre or less may be used. At least two vertical obstacles, which must be 1.60 m in height Sloping walls do not count as compulsory vertical obstacles.

A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course.

Length: 400 m minimum, 500 m maximum.

Participation

This third Competition is compulsory for the 15 best-placed Athletes and Horses (including those with equality of Penalties for 15th place) according to the cumulative Penalties over the first Competition and first round of the second Competition

If for any reason one or more of these 15 best placed Athletes are unable to start, they will be replaced by participants from the reserve list of five Athletes.

Inspection of Course B

Athletes will be invited to inspect the course for Round B at the conclusion of Round A.

Starting order

The starting order for Round A will follow the reverse order of Penalties incurred in the first and second Competitions.

In the event of equality of Penalties, the score of the first Competition will decide the starting order. The 15th qualifier will, therefore, start as number one.

The starting order for Round B will follow the reverse order of total Penalties incurred in Round A of the Final Competition, as well as in the first and second Competitions.

The Athlete with the most penalties will start first, the Athlete with the least penalties will start last. In the event of Athletes with equality of penalties, the score of the first Competition will decide their starting order.

Individual Placing

The individual placing is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the first round of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two Rounds A and B of the third Competition.

The Athlete with the least Penalties will be placed first and declared the Australian Champion.

In the event of equality for one of the first three places after Round B of the third Competition, there will be a jump-off against the clock at a speed of 375 m per minute over eight obstacles from the courses of Rounds A and B. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 350 m per minute. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place. If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

14.4 Australian Speed Championships

- 4.1. In addition to the Australian Championships organising committees may also conduct competitions for the Australian Speed Championships for Seniors, Young riders and Juniors.
- 4.2. The Australian Speed Championships will be conducted on one competition under Table C (239), Speed and Handiness (263)

14.5 Eligibility

- 5.1 Junior athlete: An athlete is considered a Junior Rider from the commencement of the year of their 12th birthday until the end of the year of their 18th birthday.
