which, in the opinion of EA operating through its National Vaulting Selection Panel, in its absolute discretion, will be most likely to achieve the highest competitive results at the Championships (the '**World Championship Vaulting Team**').

4.3 The World Championship Vaulting Team will be selected from the World Championship Nominated Entries. If there are not a sufficient number of Combinations available to constitute a Team, an Individual Combination may be nominated by the NVSP.

- b) Will be nominated to the FEI completely at the discretion of the NVSP (and guided by the High Performance Director, Team Veterinarian and Chef d'Equipe).

6 Selection Criteria

The selection criteria combine pre-requisite FEI Minimum Eligibility Requirement (MER) followed by EA Competition Criteria and Discretionary Considerations.

6.1 Minimum Eligibility Requirement

To be able to participate in the Championship, all Athletes must achieve, the MER set out under Seniors section of the FEI Vaulting Championships [2026 Qualification](#) Criteria document.

6.2 Competition Criteria

In addition to Clause 6.1, to be eligible for consideration for selection, an Athlete is to have achieved the following competition criteria:

- a) Athletes should nominate a Horse and Lunges Combination who have previously demonstrated a horse score of at least 6.7 in the class in which it will be competing at in the World Championship for Seniors.
- b) Scores must be obtained between 1 January 2025 until Nominated Entries Date, however, the NVSP will also observe performance results at all International, National and Official competitions within the selection period twelve (12) months prior to the Nominated Entries Date. The most recent results are favored, but do not automatically position one Athlete above another in terms of Selection.
- c) Combinations must be, and remain, until the conclusion of the Championship, positive ambassadors for the Sport, the National Federation and the Championship.

6.3 Discretionary Considerations

For the purposes of assessing Combinations that have achieved the criteria in Clause 6.2 the NVSP may consider the following factors in its sole and absolute discretion:

- a) evidence shown that the Athlete is able to consistently score above the minimum FEI qualification scores for the World Championship in the form of results from competitions where there are at least two (2) Judges with a minimum qualification comparable to EA Level 3 Vaulting Judge;
- b) the consistency of the Athletes' performances;
- c) an improving trend in the Athletes performances during 2026;
- d) more recent results, placing weight on scores in 2026;
- e) the ability of the Combination to compete successfully at high level international competition;
- f) demonstrated experience/success at international events;
- g) the ability or potential of the Combination to perform under the stress and pressure of an event such as the Championships;
- h) the ability of the Athlete to contribute to an effective and harmonious national team;
- i) the advice of EA High Performance Director, Chef d'Equipe and Team Veterinarians, particularly concerning the fitness to perform at the required level.

- 6.4** The NVSP has the discretion to place greater or lesser emphasis on any one or more of the factors outlined in Clause 6.3.
- 6.5** In determining whether a Combination has satisfied the criteria set out in Clause 3 and Clause 6, 6.2 to 6.3 above, EA may have regard to Extenuating Circumstances.

7 Integrity

As a condition of Selection and part of EA's commitment to upholding the highest standards of Integrity, EA will request Athlete consent for disclosure of any open integrity complaints or substantiated findings made against the Athlete in the past three (3) years. This information will be used solely for the purpose of evaluating eligibility and adherence to Integrity standards. Refer to Appendix 1 which outlines the framework and includes the formal consent form.

8 Appeals

A non-selected Athlete may only appeal against their non-Selection in accordance with the EA Selection Appeals Policy. For more information, [click here](#).

The High Performance Committee (HPC) will appoint a Selection Ombudsman to assist Athletes and the HPC to understand the process of selection and to explore resolution of potential disputes concerning selection and non-selection.

- i. it is trivial, frivolous, vexatious or not made in good faith; or
 - ii. it lacks substance or credibility; or
 - iii. the subject matter of the complaint or inquiry has already been investigated or otherwise dealt with by the Selection Ombudsman.
- d) Investigations by the Selection Ombudsman must be completed promptly and within the timeframes governing rights of appeal by non-selected Athletes.
- e) The Selection Ombudsman prepares timely written reports to the High Performance Director that address any acts or omissions of the relevant NDSP in relation to the exercise of their powers under the Discipline Selection policy and may make recommendations which must be given due consideration by the HPC and the relevant NDSP. The report may at the discretion of the High Performance Director be provided in full or in part to the Athlete but is otherwise confidential.
