https://inside.fei.org/system/files/QualCrit_%20Seniors_2022.pdf

Qualification Period:

Start: 1 January 2021

End: 4 July 2022

In addition to the Tokyo 2020 Paralympic Games

Minimum Qualification Criteria (art 8451 Para-Equestrian Dressage Rules)

Qualification Score: All Athlete/Horse combinations must have attained (as a combination) a minimum 62 % score attributed by the Ground Jury in a Team Test or Individual Championship Test one time.

6.2 General Criteria

In evaluating the performances of combinations that have met the Competition Criteria, the PESP will take into account the following General Criteria:

- (a) Competition considerations

- (i) Have achieved an overall percentage of 70% or above in the Team or Individual Test in at least two (2) nominated World Championship Observation Events in 2022.
- (ii) Target Scores for each grade to be taken into consideration when selecting the World Championships 2022 Team and/or Individuals are as follows:

Grade 1	79.01%
Grade 2	74.59%
Grade 3	77.24%
Grade 4	74.72%
Grade 5	75.31%

Target scores are based on the average of the gold, silver and bronze medal winning scores from the Team and Individual Tests in each Grade at the Tokyo 2020 Paralympics.

- (ii) Athletes must provide at least two (2) Team and two (2) Individual test scores from selected CPEDN Events or CPEDI3* Events from 2022. These scores will be averaged to produce a final score then used to calculate a ranking list. The ranking list will be considered by the PESP as an indicator of performance standard.
- (b) Observation Events - A list of three (3) Australian shows and any CPEDI3* Western European/UK shows which has been discussed with the Para-Equestrian Manager may be nominated as Observation shows.

The three (3) Australian Observation Events are as follows;

- CPH Para Dressage National Championships CPEDI3*: 6th – 9th April 2022
- Sydney CDI National Event: 26th – 28th April 2022
- Boneo CPEDI3*: 9th – 12th June 2022

- (c) Discretionary Considerations

The PESP has the discretion to place a greater emphasis on one or more of the general criteria in considering combinations for selection. In assessing the performances of Combinations, the PESP will consider the following competition based factors. These factors include, but are not restricted to:

- (i) The performance of each Combination in relation to the quality and number of competitors;
- (ii) The technical features of the competition, in particular (but not limited to):
 - (a) The judging (including the breakdown of scores across multiple judges);

- (b) the quality of the riding by an Athlete
 - (c) the atmosphere of the competition; and
 - (d) the general conditions under which the performance is achieved, such as weather, surface and footing.
- (iii) Where the aspect of ‘current form’ is to be considered, performances at most recent events may be taken into account as to how this relates to improving form
 - (iv) Placing’s at all CPEDIs (or nominated CPEDNs) within the selection period will be considered but do not necessarily position one rider above another in terms of selection.
 - (v) A rider and horse combination maintaining a consistent standard during the selection period may be selected ahead of a combination that may have achieved higher scores, but whose performances are less consistent. Performances demonstrating an improving trend will be considered favourably.
 - (vi) Results achieved at CPEDI events in Europe may carry a greater weighting in selection than those results achieved by combinations at competitions in Australia, dependent upon factors such as the quality of the field, level and experience of the judges, and any other factors that may affect the competition (at the sole discretion of the Selectors)
 - (vii) The PESP at their discretion will take into consideration each athlete’s ability to add to a positive team environment under the unique stressors of International Team Competition.

7. DISCRETIONARY CONSIDERATIONS

7.1 Extraordinary Factors

In considering the performances of athletes and horses at events, training camps or other activities required under this policy, the Selection Panel may in their discretion give weight to extraordinary factors applying to that athlete and/or horse.

- 7.1.1 Athletes unable to compete at events, trials, training camps or other attendances required under this policy must advise the High Performance Director and Para-Equestrian Manager of this fact, and the reasons, in writing, before the commencement of the activity or as soon as practicable.
- 7.1.2 In the case of injury or illness, the athlete may be required to undergo a medical examination by a doctor or doctors nominated by EA.

7.1.3 In the case of illness or soundness problems of the horse, the horse will be required to undergo a veterinary examination by the National Team Vet or by a vet nominated by the Team Vet.

7.1.4 In the case of bereavement, equipment failure, travel delays, quarantine factors or other extraordinary factors, the Selection Panel will make a decision on an individual basis.

7.2 Removal from a List

Athletes who:

7.2.1 by reason of illness, injury or soundness problems to either their horse or themselves are unable to perform to the required standard as determined by the Selection Panel (after having received advice from a medical practitioner or the Team Vet); or

7.2.2 contravene the FEI or EA Codes of Conduct, FEI Veterinary Regulations or EA Rules and policies; or

7.2.3 fail to comply with the terms of their Athletes agreement; or

7.2.3 do not meet any other stated requirement communicated to them in writing by EA,

may be removed from the World Championship Squad. Removal from the World Championship Squad by the EA Selection Panel may only be with the prior written approval of the HPD of EA.

8. POST SELECTION SUBSTITUTIONS

If, after team selection, the horse sustains an injury and/or exacerbates an earlier injury and/or shows symptoms of an illness at any time up to the point of competition, the horse will be subject to an assessment of the current form of the horse to compete at the expected level. This assessment will be conducted by the Team Veterinarian or a Nominated Representative. Results of this assessment would be forwarded to the PESP to carry out a decision on the suitability of the horse to retain their position in the team.

Any replacement must be made in accordance with this Selection Policy.

9. CLASSIFICATION

If, should an athlete's classification grade should be changed throughout the duration of the selection and qualification period, that athlete may still be eligible for selection at the new grade of classification if they fulfil the requirements for selection within their new grade.
