

2nd February 2015

Dear Competitor,

The new WYHC selection policy released last week states the following requirements for selection to represent Australia:

"For Young Horses to be considered for endorsement to the World Young Horse Championships they must have a minimum of 2 performances of at least 7.5 with at least 7 for each paces.

- *For Australian based horses, at least one of these scores must be achieved in the second round of the Australian Young Horse Championships.*
- *For Young Horses not domiciled in Australia, at least one performance must be from an official Young Horse qualifier second round or recognised final. "*

We now recognise that some National Federations do not allow horses which are registered with a different Federations to compete in **the second round final, of their National Young Horse Championships.**

If you have a young horse that you wish to be considered to represent Australia at the WYHC and you are in this situation, we will now allow scores from the first round of the national final in the country of residence to be considered.

However you will be required to submit an unedited video of the combination riding the second round test. This is to assure selectors that the horses are capable of performing at the required standard.

If you have any questions please do not hesitate to contact me.

Kind Regards,

Chris Webb.
