

# Buying natural horse medicines

keeping your  
animal safe

When treating equine health conditions, you need a veterinary chemical product that has passed Australia's regulatory tests.

**Simple actions you can take online or in-store to make sure you buy a registered veterinary chemical product**

**Flip the pack and check the back**  
for the APVMA or NRA number

**Search the APVMA database**  
for the product name and confirm its registration

**If you're not sure, speak to your vet**

**Always use veterinary medicines as per the label directions**
